Todd should look into moving out of his parents' basement and getting a
place of his own.
Unfortunately, being a back-room stock boy at Wal-Mart doesn't pay much and
his parents are stuck with the result of their drunken POI. (Product Of

If you were "happy" you would have no need to constantly defend your odd
lifestyle to all within earshot.
Nor would you have been banned from several Web sites.

If you were "moral"....well, that won't fly and I won't go there. You don't
have an inkling of an idea of what "moral" is.

The jury is still out on what "viruous" is.

Is that a virus? As in AIDS?

You seemingly DO sleep the peaceful sleep of the ignorant, the blissful
sleep of a grazing goat that knows no better.

From http://www.blogger.com/content.g:

"... Pedophilia, Incest and Bestiality: Users may not publish written,
image or video content that promotes pedophilia, incest and bestiality."

From http://www.blogger.com/terms.g:

"10. Termination; Suspension. Google may, in its sole discretion, at any
time and for any reason, terminate the Service, terminate this
Agreement, or suspend or terminate your account. In the event of
termination, your account will be disabled and you may not be granted
access to your account or any files or other content contained in your
account although residual copies of information may remain in our system
for some time for back-up purposes."

So, Beastie Boy, your drawings of beastality and pedophilia got you in
trouble after all, the law of the land notwithstanding (this is OUR web
server after all, and we can kick anyone off that we choose). According
to item 10 above, we can terminate your site if we don't like the way
your hair is parted (and nobody likes your hair except Mark Morgan).

As to the FBI, why don't you take your complaint up with them the next
time they drop by your house?

Todd: Forget about obscure HF freqs and low power FM. Nobody will hear you. Now if you REALLY want to be heard by the masses of boobs that make up this hobby called 'ham radio' you need to set up shop on 14.275 with daily "Information Bulletins" just like Glen Baxter did on the IARN. Remember him Todd? Seriously dude, if you start to run bulletins on 14.275 like Baxter used to do in VERY short order you will be the most listened to and 'popular' ham on 20 Meters since KV4FZ and 'The Mike and Judy Show'. It's sitting right there on your desk Todd, it's called an HF rig. Plus by taking over 14.275 from the present group of retarded idiots who currently 'nest' here you will be doing us all a big favor. even with an outdoor antenna. Now if you REALLY want to be heard by

A man goes to a public golf course.

He approaches the man behind the counter in the pro shop and says, "I would like 18 holes of golf and a caddie."

The man behind the counter says, "The 18 holes of golf is no problem, but all of the caddies are out on the course. What I will do for you is this: We just received 8 brand new robot golf caddies. If you're willing to take one with you out on the course and come back and tell me how well it works, your round of golf is on me today."

The golfer obviously accepted the man's offer.

He approached the first tee, looked at the fairway and said to himself, "I think my driver will do the job."

The robot caddie turned to the man and said, "No sir. Use your 3 wood. A driver is far too much club for this hole."

Hesitantly, the golfer pulled out his 3 wood, made good contact with the ball, and the ball landed about 10 feet to the right front of the hole on the green.

The golfer, delighted, turned to the robot and thanked him for his assistance.

As the golfer pulled out his putter he said, "I think this green is gonna break left to right."

The robot then again spoke up and said, "No sir. I do believe this green will break right to left"

Thinking about the last time the robot corrected his prediction, he decided again to listen to the machine.

He made his putt and birdied the hole thanks to the robot and his advice.

But his luck didn't end there. His entire game was the best game he ever played, thanks to the assistance of the new robot golf caddie.

Upon returning to the clubhouse, the man behind the counter asked, "How was your game ?" The golfer stated, "It was, by far, the BEST game I ever played. Thank you very much for letting me take one of your robots.

See you next week.

A week passed, and excited, the golfer returned to the pro shop.

Upon entering, he turned to the man behind the counter and said, "I would like 18 holes of golf and one of those robot golf cad dies, please."

The gentleman from behind the counter turned to the man and said, "Well the 18 holes is no problem. However, we had to get rid of the robots. We had too many complaints."

Confused, the golfer cried, "COMPLAINTS? Who in the heck could've complained about those robots? They were incredible"

The man sighed and said, "Well, it wasn't their performance.

It was that they were made of shiny silver metal, and the sun reflecting off them was blinding to other golfers on the fair way. "

The golfer said, "So then why didn't you just paint them black?"

The man nodded sadly and replied, "We did. Then four of 'em didn't show up for work, two filed for welfare, one of them robbed the pro shop, and the other is running for President."

As for the topic/subject of the posting here is a thread which seems
appropriate. I found it on the NIMBusters site which is infamous for

serve to satiate the morons in RRAP - they know who they are. Cheers!
Again this is NOT my stuff! I found it and thought it would amuse the

Subject: Secular Jews play a disproportionate role throughout
the sex
industry

In his 1992 book "Oh Canada! Oh Quebec! Requiem for a Divided Country," Mordacai
Richler writes about Jew hatred in Quebec: The late Abbe Lionel Groulx, patron
saint of the sovereignty advocates, is revealed as an admirer of Mussolini who
wrote in 1954 that Jews have "a natural passion for money" and could "be found
behind all businesses, all shady enterprises, all the pornography operations. .
. ."

Leading modern Jewish pornographers include Ron Braverman, John Bone, Wesley
Emerson, Paul Fishbein, Herbert Feinberg AKA Mickey Fine, Hank Weinstein, Lenny
Friedlander, Bobby Hollander, Rubin Gottesman, Fred Hirsch and his children
Steve and Marci, Paul "Norman" Apstein, Steve Orenstein, Jack Richmond (Legend
CEO), Theodore Rothstein, Reuben and David Sturman, Ron Sullivan, Jerome Tanner,
Armand Weston, Sam and Mitch Weston (Spinelli).

Jews accounted for most of the leading male performers of the 1970s and '80s.
Hebrew studs include Buck Adams, Bobby Astyr, (Bobby Charles) R. Bolla (Robert
Kerman), Jerry Butler (Paul Siderman), Seymore Butts (Adam Glasser), Roger Caine
(Al Levitsky), David Christopher (Bernie Cohen), Steve Drake, Jesse Eastern,
Jamie Gillis (Jamie Gurman), Ron Jeremy (Hyatt), Michael Knight, William
Margold, Ashley Moore (Steve Tucker), David Morris, George Payne, Ed Powers
(Mark Arnold aka Mark Krinski), Harry Reems (Herbert Streicher), Dave Ruby,
Herschel Savage (Harvey Cowen), Carter Stevens (Mal Warub), Marc Stevens, Paul
Thomas (Phil Tobias), Marc Wallice (Marc Goldberg), Randy West (Andy Abrams) and
Jack Wrangler.

A Jewish male performer writes Luke: "Why are most of the men that do porno
Jewish? JEWISH MOTHERS!

"Jewish men are taught to respect women and help them (very codependent)... They
also are nonthreathening to most women. Let's face it, Ron Jeremy is not exactly

Mike Tyson... You'll usually find that the real mean bastards (physically violent) in the industry are NOT Jewish (that includes, producers, directors, boyfriends, agents, etc). Jewish guys are more manipulative...."

Jewish female performers include Avalon, Jenny Baxter (Jenny Wexler), Busty Belle (Tracy Praeger), Chelsea Blake, Tiffany Blake, Bunny Bleu (Kim Warner), J.R. Carrington, Lee Carroll (Leslie Barris), Blair Castle/Brooke Fields (Allison Shandibal), Courtney/Natasha/Eden (Natasha Zimmerman), Daphne (Daphne Franks), Barbara Dare (Stacy Mitnick), April Diamond, Jeanna Fine, Alexis Gold, Terri Hall, Heather Hart, Nina Hartley (Hartman), C.J. If the Torah [Pentateuch] commands Jews "to be a kingdom of priests and a holy nation," and Judaism strongly opposes porn, why do Jews dominate porn?

The main answer is simple. Jews in porn, like most Jews in academia, media and entertainment, are Jewish in name only. They do little in Jewish life, rarely belong to a synagogue and ignore the Torah. Neither rooted in their own tradition or in that of the majority Christian tradition, they live in a community of rebels.

Why does porn attract so many non-Jewish Jews?

· Used to hatred from society, Jews will do its dirty work - such as money lending in the Middle Ages or porn today - to make money. Persecuted for millennia in the various societies they've lived in, many Jews developed an

allegiance to their own survival as their highest value and care little about the survival of the persecuting society. Even when Jews live in a society that welcomes them instead of harassing them, many Jews hate the majority culture.

· Because Jews frequently despise the majority culture, and despite being traditional in most of their values and rituals, Jews seem open to new ways of doing business. Not rooted in the status quo that frequently hates them, Jews often lead the way in the application of new technology - such as printing presses, radio, TV, cable television, VCRs and computers. And the most popular application of new technology for millennia has been porn.

· Because of Judaism's emphasis on education and verbal dexterity, Jews dominate academia, entertainment and media generally.

· Belonging to the "Chosen Ones" brings self-confidence, and it takes a strong sense of self to thrive in an industry like porn that is disdained by the public. Male performers particularly need confidence to achieve on camera erections.

Pornographer Seymore Butts attributes the large number of Jews in porn to the desire for profits. "Jews gravitate towards money.

"We're smart people who've been persecuted throughout time. The weak of our people were weeded out. The strong-willed Jews survived...from Egypt to Germany.

"Blacks, for instance, are athletically superior (more muscle fiber per square inch of flesh) because they were bred that way. We killed the weak ones off. The ones that survived were the big ones, the fast ones, the strongest ones, the fighters, the ones that could work the most, with the biggest cocks... Jews same thing. We network, the one thing that blacks don't do. They're still killing each other. We support each other. The worst that we will do is sue each other.

"If four people compete for a job, and three of them are goyim [non-Jews], the
Jew, all things being equal, will get the job. That's the way I work. If I've
got three actors going for a part, and one of them is Jewish, and they're all in
the same ballpark... Sue me."

In his 2000 book "Bookleggers and Smuthounds: The Trade In Erotica 1920-1940,"
English professor Jay Gertzman writes about the disproportionate influence of
Jews in the sex book trade: "This irrepressible insistence, seen as
characteristic of Jewish merchants in particular, and of ethnic middlemen
minorities in general, helped confer pariah status on the erotic book dealers.
Here, the one-hundred-percent moralist warned, was a tightly knit group of
workers single-mindedly driven to material success, an apparently autonomous
minority that had chosen to pursue its own "godless, unAmerican" goals with a
strange and foreign intensity. When added to the disreputable nature of the
business, as attested to by the denunciations of various authority figures, and
by police action against the "promoters," as postal inspectors termed them, the
identity of the erotica distributor as clannish - employing "their own kind" -
and aloof - with their own, ethnic, allegiances - became fixed. Here was a kind
of "parasite" with whom one would, on occasion, itch to deal, but would remain
chary of trusting, especially because the dealer was so good at what he did."
(pg. 41)

Jews participating in the sex trade are not behaving Jewishly. They're acting in
a manner contrary to everything Jewish - the Torah, Israel, God, synagogue and
everything the Jewish tradition considers holy.

But to be a Jew, you simply have to be born of a Jewish mother, just as you
automatically become an American if you are born to American parents. A Jew can
hate Judaism and Israel, Moses and the Torah, and still be a Jew. His values
aren't Jewish but he's still a member of the people Israel. To be a

Christian,
by contrast, one must affirm Christ.

This explains how Jews can live un-Jewish lives.

While few Jews are radical, many radicals (and pornographers) are
Jews. Writes
non-Jew Ernest van den Haag in his book The Jewish Mystique, "Out of
one hundred
Jews, five may be radicals, but out of ten radicals, five are likely
to be
Jewish."

Virtually all movements to change the world come from the Jews -
Christianity,
secular humanism, Marxism, Socialism and Communism, feminism, and the
labor
movement. That's part of the reason that Jews are hated. The world
doesn't want
to be changed.

Rooted in nothing, radical Jews frequently seek to make others equally
rootless
by tearing down their religious, national, communal and traditional
allegiances.
Such Jews carry on the traditional Jewish hatred of false gods but
without
offering anything to replace the scorned allegiances.

Jewish domination of porn, banking, entertainment, media and academia
does not
lead to discrimination against gentiles - most radical Jews marry
Gentiles. Nor
does it lead to flattering portraits of Jews, as Jews abound in self-
criticism.
Rather, the most important result of the domination of non-Jewish Jews
in these
fields is their war on traditional values. Porn is just one expression
of this
rebellion against standards, against the disciplined life of obedience
to Torah
that marks a Jew living Judaism.

"I have not yet met a Jewish guy who wasn't a horny rabbit," says Nina
Hartley.
"Culturally it's ok for Jews to act and for WASPs it's difficult. Many
WASP men
feel that acting is making a fool of yourself. To go up there and have
sex is
seen as opening yourself up to too much potential for failure. It's ok
for Jews
to be actors and many of them are hams. They don't worry about the

potential to
look silly. There is also a lack of guilt about sex that Jewish men
have
generally. Plus, they get to have sex with all these beautiful blonde
women...
Where else are you going to get a succession of shiksas [non- Jewish
women] to
bed you down?" (Shmate)

The number of Jewish studs is "one of God's little jokes," says R.
Bolla who
once allowed Jamie Gillis to stay at his New York apartment for a few
weeks if
he promised "to never bring bacon home."

"Sex is the not the greatest sin in the Jewish religion," notes Bolla.
"I hope
that porn is the most unrighteous thing I do. If we go out of our way
to be
scumbags, that's the sin. When I do porn, I offend Shakespeare more
than God."

Ten Jewish porn stars interviewed by the late Screw reviewer Dan
Shocket in the
early '80s, insisted that they maintained some Jewish values. They
sought to
treat others in a dignified manner and demanded the same treatment
for
themselves.

"If I'm in the cesspool," says Bobby Astyr, "I may as well be nice in
the
cesspool. When I first got into the business, I felt the least I could
do was to
get the dopers off dope and to help where I could. I thought that I'm
doing
something wrong, so while I'm doing it, I'll also do something nice.
Selective
morality."

Herschel Savage remembers bringing a girl with him to an interview
with a porn
director. "This guy looked at the girl and said, 'Take your top off.'
She did.
He then puts up his hands and says, 'Your tits are too small. I can't
use you.'

"I got so angry. I said, 'That's not the way you talk to a person. If
you don't
like the way she looks, just say you can't use her right now.'

"We're in his basement and he's standing behind the bar. All of a sudden he puts
his hand behind the bar as if he's going to get a gun. I keep talking, telling
him how to behave with people. I know I lost the job, but I couldn't let him get
away with that. The girl was crushed.

"If the producer had said my cock was too small, I could've joked about that. I
know my worth. The guy couldn't hurt me. But that girl couldn't defend herself."

Like many pornographers, Richard Pacheco refuses to use the word pornography.

"Working in adult films is the most righteous thing I do. I take enormous pains
to treat people fairly, a revolutionary concept in this business, which is
hardcore in terms of exploitation. That we've entrusted the sexual film to
amateurs, criminals and drug addicts is absurd. My commitment to the industry is
to stop doing crap and start doing stuff that elevates the human spirit."

Each of the ten Jews - except Marc Stevens - insisted they were actors first,
who happened to perform in X-rated movies.

"I'm feeling more guilty about doing this interview than I am about being a porn
star," Bolla told Dan Shocket. "I'm afraid this will besmirch Jews.

"The men in this business are not as down and out as the women... For women,
this is sometimes a last resort. I feel it. For the men, it's revenge at their
parents."

"Through history, every established order has at one time or another excluded
and/or exterminated the Jews," writes Dan Shocket. "This has given Jews a jaded
view of the established order. All X-rated actors interviewed bragged about
their joy in being anarchic, sexual gadflies to the puritanical beast."

"I like the idea of testing the waters," says Bolla. "In the pond of
complacency, I'll throw something in. I like dichotomies. I go to synagogue, I
go to Israel when I can; I make porn films; I make straight films;

I'll stand
for specific causes, and I'll give my life to a cause worth dying for. Those
contradictions throw people off."

Bobby Astyr remembers having "to run or fight for it in grammar school because I
was a Jew. It could very well be that part of my porn career is an 'up yours' to
these people. It's also an 'up yours' to the uncles with the pinky rings who got
down on me as a kid for wanting to be musician."

"Five years before I got my first part in an adult film," says Richard Pacheco,
"I went down to an audition for an X-rated film with my hair down to my ass, a
copy of Wilhelm Reich's Sexual Revolution under my arm and yelling about work,
love and sex, which were Reich's three principles. These things have got to be
in balance or your life is going to fucked." Pacheco didn't get the job.

"Five years later I auditioned for another X-rated film. That very day, I also
interviewed at Hebrew Union Seminary to do rabbinical study. I made the choice
that the kind of rabbi I would be, if I became one, was one that could have been
performing in sex films as part of his experience."

True-believing communist and porn star Nina Hartley wants everyone to have a
piece - a piece of sex and a piece of the means of production. She descends
ideologically from the Marxist Jewish philosopher Herbert Marcuse who prophesied
that a socialist utopia would free individuals to achieve sexual satisfaction.
Nina descends literally from a line of radical Jews. Her grandfather (a physics
professor) and her father (a radio announcer) belonged to the Communist party.
Her home celebrated Hanukkah, Christmas, Passover and Easter as holidays rather
than holy days.

Like most of porn's Jews, Hartley received no formal religious instruction. One
of her brothers and her one sister - a doctor - came to Orthodox Judaism as

adults and barely relate to Nina, the family's black sheep. In the mid '80s,
Nina's parents became Zen Buddhist priests.

"When my parents saw me speaking on the Phil Donahue show," says Hartley, "they
were shocked and upset. They are now more accepting. They know I'm happy and
healthy and still the person they know.

"One brother thinks my work is a hoot. Doesn't bother him at all. My oldest
brother can barely bring himself to say hello to me. He's very upset with what I
do. He's a practicing "born again" Orthodox Jew, so we don't speak. Even before
he found out what I did, we didn't have a whole lot in common, because of his
religious behavior. He's the hardest case to crack."

Socialist Sheldon Ranz interviewed Nina for the Spring 1989 edition of the
radical New York journal Shmate. "I don't understand how a family where the
parents have a Communist background can raise a kid who grows up to be an
Orthodox Jew," said Ranz, a child of Holocaust survivors. "How did that happen?"

Nina: "They're still asking themselves that very question. My brother turned to
it the way anyone turns to religion as an adult. Insecurity, fear, a desire for
community, a desire for roots, and identity. He started out being interested in
the history of Jewishness and Jewish culture. He slowly got into the more
religious aspects of it, buying the t'fillin and the whole bit.

"My family doesn't understand exhibitionism or pornography. I'm Jewish
culturally but not religiously. I'm generally less subservient than a typical
WASP female.

"I grew up in Berkley, which is heavily influenced by [secular] Jewish culture.
It's an intellectual town. A lot of the people who set the political agenda are
Jewish.

"I'm proud of my heritage's intellectual history and its empathy with the
persecuted. But I'm no Zionist. Politically, I'm left wing. I want everyone to
have a job, everyone to have food, clothing, shelter, medical care and
education. Utopia might be communist but in the meantime we have to have
socialism. I want everyone to have a piece.

"I believe strongly in the heritage of Jews as educators. I feel very proud of
the fact that if it weren't for the Jews, half the world would still be
illiterate. I would like to know about Jewish religion as history, but as an
atheist, I see no reason to practice any religion... because it is organized
superstition...the opiate of the masses.

"Israel doesn't figure in my identity, but I do think about it. As it is now - a
theocracy masquerading as a democracy - I don't think it has a right to exist.

"That Israel denies basic civil rights to the Palestinians in the occupied
territories makes me angry at Israel. If Israel does not clean up its act, it
will become another graveyard for the Jews." (Shmate)

Nina Hartley's husband Dave, who works as a gardener, and Nina's 'wife' Bobbie,
grew up as liberal Methodists. "They like my energy, my ability to be
intellectual, which doesn't come easy to many WASP women because they're not
taught that it is valuable. My individual will, my refusal to bow down and be
subjugated by others is a Jewish trait.

"When I grew up, we had six people around the dinner table. We'd have two or
three conversations going on at one time. There'd be diagonal conversations,
straight-across conversations, next-to-yourself conversations... When Dave and
Bobbi grew up, one person spoke at a time at the table and was finished, and
then the next person spoke.... It flabbergasted me when I found this out...

"When Dave goes into a Jewish situation...he goes crazy because everyone talks

all at once to everybody else. The interruptions infuriate him."

Hartley met Juliet Anderson at the O'Farrell in 1982 and broke her porn cherry
in the first movie that Juliet wrote, directed and produced - Educating Nina.
Nina, who looks like Goldie Hawn, moved on to such videos as Amanda By Night 2,
Ball Busters, and Rites of Passion as well as the mainstream flick based on the
life of John Holmes - Boogie Nights. She usually appears in low-budget hardcore
rather than elegant couples fare, notes Steve Brent. "Watching a Nina Hartley
tape every once in a while is more an act of supportive politics than a sensual
experience."

Bill Margold ranks Hartley as the most popular person in porn. She treats her
fans with courtesy. "I validate their desires. Unlike many other women in the
business, I don't look on fans as icky perverts. I treat them as full human
beings.

"We celebrate sex. I tell them, "Isn't this great?" I've seen my fans through
many stages of life, from bacherlorhood to marriage and children."

Hartley became porn's leading star after the retirement of Ginger Lynn in 1986.
One of Nina's best known flicks is Debbie Duz Dishes, produced and directed by
WASP Damon Christian (Richard Aldrich). She plays a sexually insatiable Jewish
housewife who enjoys sex with anyone who rings the doorbell.

Unlike Hollywood producers, pornographers show Jewish women who enjoy sex, a
sharp contradiction to the JAP stereotype.

Sheldon Ranz writes: "Prof. Steven Martin Cohen (one-time editor of Response
magazine) who surveys trends like intermarriage also surveys poitical
affiliations and views of Jewish voters. Years ago, he popped the porn question
to Jewish respondents as well to control groups of African-Americans and other
Gentiles. He found that US Jews were the only group with a majority opposed to
anti-pornography laws.

"At the time, some people with whom I had discussions thought this was due to
the strong liberal Jewish commitment to civil liberties. At first, I agreed, but
then I noticed something bizarre...the same Jews did NOT support the right of
neo-Nazis to march in public. The ACLU crowd does support that right, so how to
make sense of the results?

"The explanation that fits all the facts is that most US Jews do not think of
pornography as a problem, or at least a big one. And here is where that tiny,
hard band of brave Orthodox dissenters may fit in."

After graduating with a degree in photography from the Rochester Institute of
Technology, Mal Whorb began work in 1965 at the largest independent film
processing laboratory in the country - MovieLab in New York which made the
American prints for I Am Curious (Yellow) as well as exploitation fare for such
producers as David Friedman. It refused hardcore.

Mal wanted to direct but first he needed to gain experience. So under the name
Carter Stevens he made the 1972 porno The Collegiates starring Harry Reems. Two
years later Carter directed Lickety Split, which was Screw's number six film of
1974. It ranked among Variety's top 50 grossing films for 1974. One week in New
York it was the city's highest grossing movie.

"Before I got into adult, I talked it over with my mother. She wanted to know if
it would hurt my career. 'What career?' I said.

"My parents had liberal attitudes. My mother used to say about sex, 'When it's
great it's great and when it's lousy, it ain't too bad'.

"Gerry Damiano came from a Catholic background and his films are obsessed with
guilt. I'm Jewish. We don't have that problem. You won't see obsessions with
guilt in my work or that of other Jews. Damiano and I had fascinating
discussions on this theme."

Mal's younger brother practices Orthodox Judaism. Owning a Masters Degree in

philosophy, Avraham published two arcane books on Jewish theology.

After moving from New York to Los Angeles in 1980, Bobby Hollander developed the shot-on-video vignette format in the early '80s with such series as Touch, Centerfold Celebrity and Bubble Butts. Bobby discovered Shauna Grant and spoke on a PBS documentary about her suicide, earning criticism for his sleazy appearance and comments. Hollander threw dozens of wild cocaine parties during the 1980s. After years "living the life" he lost his health in the '90s. Though down to one lung, he keeps smoking.

"There are lots of [Jewish] heavies in the industry," says Wally Wharton about tough guys like Bobby, "who know that Jewish guys have a wimpy reputation. And they know that people [in porn] don't necessarily respond to "I'll sue your pants off," because these people [porn business owners] can always file bankruptcy. You can't get blood out of a turnip, right? So instead, they do the strong-arm thing. "I'll have your fucking legs broken, buddy." A lot of them [Jews in porn] pretend to be Italian [Mafia types]. They affect the tan, gold chains, big collars, steel grey hair and open shirts."

Porn-again Jews who wish to be Italian include Hollander, Lenny Friedlander, and Paul Norman.

"The Mafia is a comfortable persona to hide behind," explains Wally, "because then you're able to victimize women... It's your job. Genuine Italians like John Stagliano don't draw on the Mafia phenomenon like the posers do."

What values unite Eden, Alexandra Silk, Mila, Annie Sprinkle, C.J. Laing and J.R. Carrington? Nice Jewish girls, they "love" to be fucked in the ass.

Jewish anal queen archetype C.J. Laing blazed the trail later followed by Sprinkle and company. Many of Laing's movies contain fisting and bondage and hence didn't made it to video. CJ gets raped in Sex Wish, 1974, and

Taking of
Christina, 1975.

Newport Beach resident and Jewish mother JR Carrington provides for
her family
by taking big thick ones up her every orifice.

Ambivalent about her work and wild life, she frequently leaves the
biz, only to
return needing money.

One of the better results of plastic surgery, the big-breasted blonde
doesn't
mind sucking down an unwashed penis immediately after it pounded her
in the ass.
"Any porn queen worth her salt in the sex drenched '90s is an anal
queen,"
writes Jeremy Stone. "Sure, there's your actresses in the adult movie
industry,
but they are so few and far between that they don't turn up in enough
videos to
satisfy the insatiable thirst the porn consumer has for ass fucking,
dick
sucking dollies who don't say no and look straight into the camera as
they catch
a copious pop shot in the kisser... No one personifies that image
more
completely than JR Carrington... She's a non-stop ass fuckee sure
enough about
her anal orgasmic potential that she makes vaginal sex seem like a
tedious form
of foreplay. We love unloading to her in many of her ass-bang
best..." (AFW
96D.)

Carrington grew up in Newport Beach with rich, culturally conservative
Jewish
parents. After her divorce in early 1994, JR lived in South Lake Tahoe
and
regularly commuted to Reno to strip. Someone sent a photo of her to
Mark
Carriere at Leisure Time and he invited her back to Southern
California. They
dated regularly and eventually Carrington spread her legs for the
camera.

Beginning nude photography in the late 1950s, Ron Vogel's credits
include over
800 porno boxcovers and 1000 layouts in sex magazines, including the
first
pictorials of Traci Lords and Ginger Lynn. Because the soft-spoken
photographer-gaffer rarely uses profanity or says or does anything

crude, Ron
works with much of the new talent to ease their journey into porn.

Born 10/7/31 to Jewish parents who later converted to Christianity, Vogel grew
up in San Francisco. Ron met his future wife Audry Pomerantz at age 14. They
dated for four years before eloping.

With the 1956 submission of color photos of his wife in a bikini to a fledgling
mens magazine published by Alan Stern, Ron entered the sex business. In Audry's
second shoot, published in Escapade, her nipples pop into view.

Ron shot his first Playboy Playmate - Lari Laine - for the May 1958 issue and
then shot another nine centerfolds for the magazine over the next decade. Many
of them appear in the 1979 Playboy issue that features Ron's nude photos of his
daughter Alexis.

"Father Knows Best," reads the headline. "Photographer Ron Vogel has been
snapping pictures of his daughter ever since she was a baby. At 21, she's still
his favorite model."

Playboy displays a nude shot of three year old Lexi.

"Shortly after he began shooting for Playboy, Ron and his wife Audry had a girl
who soon began imitating the poses of the naked ladies in her father's studio.

"Once," Audry recalls, "when Ron was shooting a Playmate, Lexi came into the
living room and said, 'You can shoot me now, Daddy.' She was three at the time
and she had nothing on, just long red curls down her back. She just decided she
was going to be shot in the nude, too. She had the cutest little tush."

Over the years, Ron took "hundreds of pictures of Lexi in various states of
undress. She has youth and vitality greater than most of the models I've worked
with and her coloring is extraordinary; she has earthy tones and dark
penetrating eyes."

Lexi: "I was a ham. I'd try to get my dad's attention away from the models."

As she grew into a woman, Lexi developed few inhibitions about posing nude.
"It's always been casual around here. We've always been a nudist family, so I
never had any problems posing that way for my father."

"Posing nude for me throughout the years has made Lexi very free about herself,"
says Ron. "As a child, she was a good actress."

At the time of her Playboy pictorial, Ron and Lexi appeared on many talk shows
explaining their behavior. Many persons expressed concern that nude photography
violates a child's dignity and displays incestous overtones.

Now married, Alexis runs Playboy's makeup department.

In 1959, Vogel worked his first "adult" movie set for the Ted Paramore softcore
flick Not Tonight, Henry. As the sex industry became increasingly explicit, Ron
moved with it, zooming in for the demanded gynecological close-ups.

Ron and Audrey separated in 1976 and divorced in 1986.

After the effective legalization of porn production in California in 1989, Vogel
built LA porn's first major studio now known as Trac Tech.

Greg Savitt writes to Luke:

Damn, dude - you got a comprehensive site. I especially like the Jewish tangent,
where you talk about sluts and studs of the tribe. It always seemed to me that
the orientation of every lasting society has been superintended (some would say
infested) by its Hebrew portion - be it in communications, finance, etc. - so I
find it within the norm that Jesus' relatives should be in the cockpit of
anal-bead debauchery. Now 'fess up - you're a convert, so you probably have
comparisons - Jewish girls dent the bed, don't they. Hell, a tight-twat,
bad-girl Jewess like J.R. Carrington beats some pasty, gingham-apron Baptist any
day. There's got to be some greedy son of Abraham out there who's

willing to
help me propel my secret, fervent dream into 3-day rental reality: get this,
Luke, an all-Jew-cast XXX series. Yeah, Ron Jeremy, J.R., eveyone who's willing
to reveal their heritages and their asses (not in that order). Tell me this
wouldn't be the most popular video franchise in GrindLand . Do you think it's
viable? If I run out of Hannukah 'hos, I'll bring the old ones out of
retirement, run ads in the Valley, South Florida and Brooklyn. And you know
what? Gentiles are gonna lick these things up like ham juice. I mean, who do you
think buys
all those black videos and asian flicks... blacks and Asians? No way. It's Joe
Johnson who wants to see how people outside of Idaho and Iowa fuck.

Also, triple-eXthnics serve his teenage geisha/concentration camp
commandant/border patrol/plantation owner fantasies. JewiX actors are the best,
anyway. All the others are damaged individuals and psychos who were molested
when they fourteen or have a crack hobby. Most Jews are fucking talented, or are
from well-to-do backgrounds - they're in it because they wanna be nasty as hell,
take it in the ass, and walk off with something time-honored in their culture -
money. Ugly, stinkin' cash. And, as you've pointed out, the check-writers are
among their own - even better. The cycle is intact.

Johnathan, a Jew who graduated from Yale, writes Luke: Just wanted to add that I
appreciate what you're doing by mentioning Jewish involvement in porn. The usual
reaction is to stifle "negative" comments because outsiders will view "us" in a
bad light. If black Americans, for example, could talk openly about their
community failings, they might actually improve.

I think it's terrible that so many Jews are in porn. It says bad things about
so-called secular Jews that their lack of involvement with God - whatever the
level of their involvment with tradition - could lead them so far into what is
obviously destructive to the psychological and emotional health of

the
performers, producers, etc. I say this as a reform Jew with a deep, abiding
acceptance of God and a reasoned understanding of tradition. One need not be
Orthodox or, God forbid, Haredim, but the absence of the central tenets of
Judaism from these peoples' lives is both sad and devastating.

David Segal writes Luke: "I read your section on Jews in porn, which I found
riveting, not to mention remarkably encyclopedic. I'm afraid I can't add any
original insights to the discussion there. My sense is that Jews are
disproportionately represented in just about every money-making,
entertainment-oriented enterprise and porn is simply no exception. Don't forget
that the Jews built Hollywood, ran all the major studios and were the brains and
financial muscle behind just about every great film made before 1960. (Take at
look at "An Empire of Their Own: How the Jews Invented Hollywood" by the superb
Neal Gabler.) I'm not saying that Steve Hirsch is simply a latter-day, lower
rent version of David O. Selznick, but both of these gents are businessmen
making a buck by filming and then peddling fantasies to the masses. In addition,
Judaism never stigmatized sex the way it is in some forms of Christianity."

Louie writes: "Hey Luke- LOVED your article about Jews in porn, you're pursuing
a sociological issue from a thoughtful and intelligent perspective. The
marginalization of Jews through both subtle and overt anti-semitism is a clear
connection to the subsequent discovery of Jewish influence (disproportionate to
pop.) in marginalized and revolutionary fields. How ironic that the more society
pisses on Jews, the more Jews give back to society innovations of epic stature
(not Porn, heheheh), from Nobel Prize discoveries (I believe 1 in 5 Nobel
winners in the sciences is Jewish) to psychology (Freud), philosophy (Spinoza)
literature (Kafka) Film directing (Kubrick, Speilberg), etc. etc. etc, the list
goes on and on. Would that Jews were accepted/embraced by non-Jews, my

guess is
a far less interesting race of people (and I call Judaism a race
intentionally).

"What I like about your writing is how you're NOT twisting this
approach as a
slant to boost anti-semitism, as many do (ie: Jews have too much
power, lets
look at "why" under the guise of sociological critique, but really
because we
hate them), but to genuinely understand better how our culture works.
Porn being
an extreme, yet potent example. Anyway, excellent piece, I again
salute you.
You're asking the questions that need to be asked, and are all too
aware of how
dangerous words can be. Many will twist any view of Jews being
disproportionately successful towards hatred and accusions of
collusion, lying,
dishonest business practice, manipulation, etc.. However the former
can not be
denied, and the latter must not be tolerated. For example: Jews "run"
Hollywood?
Well, there are a lot of Jewish people in Hollywood, but the two
biggest
powerholders are Rupert Murdoch and Ted Turner. So I think not. It's
convenient
for the bullshit sociology investigator to find what they "want" to
see, ie:
Jews in hollywood in power, and overlook what they don't want to see.
It's the
rocharch test of racism. Hold up any area of society disproportionally
filled
with a minorty, see if people react to only those examples matching
their
generalization."

Jewish Pimps Traffic In Christian Flesh

Amalek writes 9/99: I hear that Luke, one of the more painful things
that anyone
can do is look at his own failings, whether as an individual, or as a
member of
the larger group(s) to which he belongs. And who better to point out
one's
shortcomings than one's enemies?

One of the most fanatically antisemitic organizations in the United
States today
- and clearly the most dangerous, for reasons that I will get into in
a moment -

is The National Alliance. It was founded, not by some cracker inbreed from the deep south, but by a PhD physicist named William Pierce, who also wrote "The Turner Diaries". This now infamous book, written over 20 years ago, served as a template for the terrorist cell known as "The Order," which was responsible for a number of high-profile killings in the early 80's, as well as a number of bank robberies; the book also inspired the Oklahoma City Federal Building attack of a few years back. If you want to know what Pierce would like to do to Jews and others not to his liking, read "The Turner Diaries", and you will begin to see the thinking that animated the architects of the Nazi death camps 60 years ago.
Clearly this man is NOT good For the Jews.

All of which makes the following commentary, taken from his web site, that much more painful. I am a fairly well read fellow - no arrogance or false modesty here - and can affirm that at least some of the assertions he makes in the essay are correct. The media in this country is, in fact, disproportionately Jewish (for example, the recently announced merger of Viacom and CBS is merely the transfer of media assets from one Jewish boss, Sumner Redstone, to another, Mel Karmizan); and the media often do chose not to report the depredations of non-whites on whites, even as they gleefully seize upon any instance of white-on-black crime as proof of white racism in need of further amelioration through affirmative action and the like. The "Russian" mafia is, in fact, wildly disproportionately jewish (my source for this is the disproportionately Jewish Village Voice, and the excellent Jewish newspaper, The Forward, which every serious student of the Jewish world should read for its unvarnished reporting).

Russian-Jewish pimps are indeed trafficking in Christian flesh, importing thousands of blond-haired, gentile girls into what is little better than sexual

slavery in Israel and Western Europe. (You are in a better position
than I to
comment on the prevalence of Jews in pornography, be it as
intellectuals
defending the practice, or as practitioners.) They are bleeding Russia
dry
(although on this point, I think Pierce is wrong to ignore the
Communist-era
nomentaclura of non-Jewish descent who are doing the same) and god
knows what
they will do when they get established here.

The Village Voice is a weekly publication that should be available at
your local
or regional library; its articles on the "Russian" mafia appeared (I
think) in
the last year. You may want to check out their web site. The Forward
has run
stories on "White Slavery" and the Russian/Jewish mafia also over the
last year.
Surely some jewish library in the LA area has back issues of this
weekly. You
might want to call them directly in New York to get particular dates.

Finally, the New York Times has run lengthy articles on the "Russian"
mafia and
prostitution in Israel and Western Europe, however, I am pretty sure
that they
did not identify the "Russians" as Jewish. On the other hand, for the
informed
reader, the inference is there to be had, for how, other than by the
Law of
Return, which applies only to jews, could these characters have such
unfettered
access to Israel.

Finally, it bares noting that the vast, vast majority of russian jews
who
settled here over the last few decades are smart, hard-working, LAW
ABIDING
people. Whether the good that a majority of people do outweighs the
harm that a
minority within that group may be responsible for is, as always, an
open
question.

So, what are we to make of the assertions contained in the following
essay? Does
the knowledge that its author REALLY wants literally to kill every Jew
on the
face of the earth (pay heed to the last line of the essay, Luke - he

means it)
suffice to disprove each and every assertion that it contains?

American Dissident Voices Broadcast of September 11, 1999

Shuffling Toward the Slaughterhouse by Dr. William Pierce

Last week we talked about some specific examples of the way in which the bosses
of the controlled media deliberately give most Americans a severely distorted
perception of what is happening in the world around them, of what is fashionable, and so on. In particular, I talked about the crooked way in which
the media bosses report interracial crime. They heavily overemphasize any
attacks on non-Whites by Whites and minimize or ignore attacks on Whites by
non-Whites. They do this in order to create the false impression in the public's
mind that most interracial crime is White on non-White, whereas in fact exactly
the opposite is true. The reason the media bosses deliberately create this false
impression in the public mind is to generate a sense of racial guilt in Whites,
to keep them on the defensive in all matters relating to race, to keep them off
balance and confused as the non-White assault on America continues through
immigration and other means. The aim is to persuade White Americans to give up
their freedom -- their freedom of speech, their freedom of association, their
freedom to keep and bear arms for self-defense -- in order to relieve their
sense of White guilt and gain a false sense of security by stamping out dissent
on racial matters. In summary, the aim of the media bosses in distorting their
coverage of the news is to silence and disarm White Americans and keep them on
the defensive.

And that is their aim because they are Jews, and they are reaching for even more
control than they already have. This is the historic modus operandi of the Jews.
They are outsiders everywhere except in Israel, and when they first appear in
any Gentile society and begin reaching for power they are resisted.

The society
treats the Jews as outsiders, as aliens, and attempts to keep them
from gaining
control. The Jewish method of countering this opposition is to work
quietly to
accumulate as much wealth as possible. At the same time they work to
corrupt the
society's leaders with money and to sow dissension among the masses,
to set one
social class against another, to break up the society's solidarity and
its
cohesiveness, so that there will be less resistance to their
penetration of the
society.

During the latter half of the 19th century and the first part of the
20th
century fomenting class warfare has been their most successful
technique in
Europe. In Russia, for example, they would have had difficulty in
corrupting the
enormously wealthy aristocracy with bribes, but their technique of
fomenting
class warfare succeeded in destroying Russian society and letting the
Jews seize
control through their Marxist movement. In the United States, on the
other hand,
where the political leaders are essentially hucksters and lawyers and
the
working class is relatively well off compared to Russia, the Jews have
had much
more success with corruption than with their attempts to foment
classwarfare.
Many people who have studied the history of communism and have become
aware of
the enormously disproportionate presence of Jews in that movement have
come to
the erroneous conclusion that Jews are inherently communists.

The truth of the matter is that Jews are no more inherently communist
than they
are inherently capitalist. Jews are inherently acquisitive,
ethnocentric, and
cohesive, and they have a parasitic mode of existence. They become
communists
when that serves their purpose of breaking into a Gentile society and
gaining
control, and they become capitalists when capitalism serves their
purpose better
than communism.

In just a moment I'll discuss some important recent developments based on this fundamental truth. First, however, I want to add a bit to our discussion of last week. The Jews' aim, remember, is to destroy Gentile solidarity, to sow confusion, to generate feelings of guilt, to morally disarm White society so that it will be easy pickings, and in the last half of the 20th century their principal weapon for this purpose, more important than corruption or class warfare, has been their control of the mass media of news and entertainment. For week after week I've cited very specific evidence of the way in which they use their control of the media to confuse and demoralize the White public. Before I get to the new developments I mentioned, I just want to bring you up to date with another example.

On August 13 a 50-year-old White man, Gregory Griffith, was beaten, kicked, and stomped into a coma by a group of young Blacks in Jacksonville, Florida. The Blacks had been standing around on the sidewalk jiving among themselves, and they decided to kill the next White person who came along. Gregory Griffith was it. Griffith died from the stomping on August 26 in Jacksonville's University Medical Center. Have you heard anything about this murder? I'll bet you haven't, unless you live in the immediate vicinity of Jacksonville. Do you think you would have heard anything if Griffith had been Black and a group of White skinheads had decided to kill the next Black who came down the sidewalk? I'll bet you wouldn't have heard anything but that since August 13. It would have been on network television every single night. Bill Clinton and Janet Reno and the head of every major Jewish so-called "human rights" organization would have been on television too, looking grim and waving a stern forefinger at us and lecturing us about "White racism" and "hate crime."

You remember that last week I told you about the three Indians who tied a rope

around a White man's neck and dragged him behind their pickup truck in South
Dakota until they thought he was dead. There's been very little media coverage
of that dragging since then, and what coverage there has been has consisted
mainly of arguments as to why it wasn't really a so-called "hate crime." In the
Jacksonville case there can be no doubt whatsoever. The arrested Blacks
confessed to police that they killed Griffith solely because he was White, that
they had agreed among themselves to kill the next White person who came down the
sidewalk. So don't expect to see anything about it on television. They certainly
wouldn't want to spoil all of the propaganda they're planning for the upcoming
trial in Bryan, Texas, of the second defendant in last year's Jasper dragging
case.

So you tell me, why do the Jewish media bosses do this sort of thing if it's not
for the purpose of keeping the White couch potatoes feeling guilty and defensive
about being White? Really, confusion and moral disarmament and social breakdown
are their purpose. Television makes it much easier for them, but they were at it
long before television came along.

Let me read you something which has been a part of their tradition for more than
2,700 years. This was written by one of the Jews' most revered religious
leaders, Isaiah. In the 19th chapter of the Book of Isaiah he spelled out the
formula the Jews always have used to break up a Gentile society and gain
control. Isaiah wrote: "And I will set the Egyptians against the Egyptians, and
they shall fight everyone against his brother and everyone against his neighbor,
city against city and kingdom against kingdom. And the spirit of Egypt shall
fail in the midst thereof, and I will destroy the counsel thereof, and they
shall seek to the idols and to the charmers and to them that have familiar
spirits and to the wizards." That was the formula 2,700years ago.

Now, for some new developments. I've told you on several earlier broadcasts about the growing problem of Jewish organized crime in America. So let me tell you again: it's still growing -- fast. This problem is interesting to us far beyond the interest we might have in, say, a resurgence of the Mafia. A resurgence of the Mafia would simply be a crime story: interesting, but not absolutely critical for our survival. The growth of Soviet-Jewish organized crime -- the "Organizatsiya," they call it -- is interesting to us first, for the same reason the non-reporting by the Jewish media of the racial murder of Gregory Griffith in Jacksonville is interesting. The media bosses simply do not like to talk about the Organizatsiya, despite the fact that its operations in the United States already dwarf those of all the other criminal organizations operating here.

When they do talk about Jewish organized crime they never refer to it as "Jewish"; they always call it "Russian" organized crime. And you know, this refusal to talk honestly about Jewish organized crime is more than an attempt to protect their fellow Jews who happen to be gangsters, just like the refusal to talk honestly about interracial crime is more than an attempt to shield Black criminals. The real aim in both cases is to maintain a false image, a false belief, which they have created in the minds of most White Americans. In the case of interracial crime the false belief is that in most interracial crimes heterosexual White males are the offenders and non-Whites are the victims. In the case of Jewish organized crime the false image is that of the Jew as gentle and inoffensive, as more cultured and more moral than his Gentile neighbors, and especially as a victim rather than as an aggressor orpredator. We all read news stories occasionally about rabbis caught smuggling drugs or laundering money, but the way they're reported makes the offenders seem like exceptions

to the
rule of Jewish rectitude and inoffensiveness.

However, when one looks closely at what Jewish organized crime has done and is
doing to Russia -- and what it is beginning to do to the United States -- an
entirely different image of the Jews and their relationship to their hosts
emerges. Let's look first at Russia. The Organizatsiya literally runs the
country. It is bleeding Russia of its remaining wealth, pulling hundreds of
billions of dollars out of the country and stashing it in other countries. The
rule in the Russian government today is total corruption. The police know who
the gangsters are. The Russian Army and the Russian police could have every
organized criminal in Russia, from billionaire media mogul Boris Abramovich
Berezovsky on down, hanging from meat hooks within 48 hours, if they were
permitted to act. But Russian President Boris Yeltsin and the other politicians
around him will not permit it. Yeltsin protects the Organizatsiya, and the
Organizatsiya supports and enriches him.

Do you remember back in 1996 how the Clinton government was pushing as hard as
it could for Yeltsin's re-election? There were promises of financial assistance
for Russia if Yeltsin remained as president, and hints that there would be none
if he were defeated. And of course, the big television networks in Russia were
solidly behind Yeltsin. Today much is made of the rivalry between media moguls
Boris Berezovsky, who controls the largest network, ORT, and Vladimir Gussinsky,
who controls NTV, the second largest. But in 1996 both ORT and NTV were 100 per
cent for Yeltsin -- and of course, both Berezovsky and Gussinsky are Jews.
Gussinsky, in fact, is the titular head of Russia's entire Jewishcommunity. In
1996 the big fear of the media bosses and the Clintonistas here was that a
genuine Russian patriot, a Russian nationalist, might win. The Russian people,

unfortunately, don't seem to be much more perceptive or farsighted than the
American people, and the solid support of Russia's Jew-dominated television plus
the promise of more financial aid from America kept Yeltsin in power -- or to be
more accurate, Yeltsin remained in office, and the Jewish gangsters around him
remained in power.

Whenever any Russian official begins to make a move against the gangsters,
Yeltsin fires him and brings someone else in. And the gangsters continue
bleeding Russia dry at the rate of hundreds of billions of dollars a year. The
Central Intelligence Agency repeatedly warned the Clinton administration that
any financial aid money sent to Russia with Yeltsin in office would end up in
the hands of the Jewish thieves who are effectively running the country. To the
Clintonistas so long as the thieves are Jewish, that's A-OK.

In September 1997 the Global Organized Crime Project at Washington's Center for
Strategic and International Studies released a report titled "Russian Organized
Crime." The Global Organized Crime Project was headed by Judge William Webster,
who formerly had headed both the FBI and the CIA. Both Bill Clinton and Al Gore
dismissed Webster's report on organized crime in Russia, and other members of
the Clinton administration were ordered to ignore the report and the CIA's
warnings. Billions of dollars from the International Monetary Fund kept pouring
into Russia and into the hands of the Jewish thieves around Boris Yeltsin. And
the Russian people became poorer and hungrier. The Jewish media in this country
would have liked to have kept the situation in Russia covered up, but the lid is
beginning to come off a bit now. Such huge sums of money are being taken out of
Russia by the Jews -- including most of the emergency aid provided by the IMF --
and being laundered in Israel and America that people are noticing.

The scandal involving the laundering by the Bank of New York and BankBoston
Corporation of tens of billions of dollars stolen from the Russian people by
Jewish crime bosses with the connivance of Boris Yeltsin has made headlines
recently, following an FBI sting operation that the Clinton administration
inadvertently failed to halt. The stories about the massive money-laundering
operation which appeared in the New York Times and USA Today late last month
referred to all of the criminals as "Russians" rather than as "Jews," of course.
You have to read the Israeli papers like Ha'aretz and Yediot Ahronot to see them
identified as Jews. One would think that someone in the Congress would insist on
a full-scale Congressional investigation. I mean, here is the Clinton
administration solidly tied to massive international corruption, tied to the
impoverishment and destabilization of a foreign nuclear power, tied to the
bringing of racketeers and racketeering money into the United States on a huge
scale, and the Clintonistas cannot claim that they didn't know, that they
weren't warned. What a wonderful campaign issue for the Republicans to use! So
why are all of the Republican politicians sitting on their hands and pretending
not to notice what's going on, just like the Democrats? Are they trying to avoid
embarrassing a bunch of crooked -- quote -- "Russians" -- unquote -- ? Hardly.
Are they already on the take from the Jewish crime bosses, like the Democrats
are? Probably not -- yet. But they all understand -- all of them -- that this is
not a "Russian" issue; it's a Jewish issue. They all understand that, and so
they're afraid to touch it.

What does this mean for our future? For one thing it means that the
Organizatsiya will continue building its presence in America. It's already by
far the largest and most dangerous criminal organization in America, and it is
now clear that America's government will not move against it, and America's news
media will not rouse the people against it. The Jews have softened up

America,
have broken down American society, have corrupted American
institutions, to the
point where there will be almost no resistance to their further
penetration and
takeover. No Republican politician, from George Bush, Jr., on down
will stand
against them. Instead, the Republicans will have their hands out for
their share
of the loot, just the way the Democrats do, and just the way Boris
Yeltsin does.

One difference between the behavior of the Jewish crime bosses
relative to
America and their behavior relative to Russia that we will see is that
the Jews
are pulling money out of Russia and bringing it to the United States.
They have
bled Russia almost dry, but there's still much blood to be sucked from
America.
America will be the next center for Jewish organized crime.

And in America we'll be seeing much more of the viciousness and
violence with
which these Jews operate, as they gain self-confidence here: the same
sort of
murderous thuggery which characterizes their presence in Russia, in
Germany, and
in other places where they dominate criminal activity and where they
butcher
whole families with the same callousness displayed by a slaughterhouse
worker
butchering a herd of cattle. When they have trouble with some of their
White
slaves -- with some of the girls they have forced into prostitution --
they
think nothing of slitting the throats of a dozen of them in order to
terrify the
others back into submission. I mean, these girls are only goyim, only
shiksas,
so why not treat them like the cattle they are?

For a while the FBI will carry on its investigations of the
Organizatsiya, and
the CIA will issue its warnings, and there will be stories in the New
York Times
about -- quote -- "Russian" -- unquote -- gangsters, but by and large
no real
move will be made to stop them or to warn the American people. The
American
political system already has been corrupted beyond the point of no

return, and
the mass media which are used to control the thinking and the behavior of the
American masses already are almost completely in Jewish hands.

Just to be on the safe side, however, the Jews are continuing to wrap up a few
loose ends in the area of media control. An example was the takeover this week
of CBS by Viacom and its boss Sumner Redstone. Not that CBS wasn't already
thoroughly Jewish, but there was always the danger that some very rich Gentile
maverick might try to buy it and change its flavor. Now it's safely in the hands
of the Jewish media boss who gave us MTV, Sumner Redstone.

To reiterate: the classic Jewish technique for infiltrating and softening up a
Gentile society so that it can be taken over is reaching its final stages in
America. No mainstream American institution will put up any substantial
resistance to the completion of this process -- not the government, not the
Christian churches, not the military leadership, and certainly not the mass
media. All have been corrupted or taken over. And the American people will
continue shuffling meekly toward the slaughterhouse so that the beast can drain
the last drop of blood from them. Just as they were afraid to speak out against
the massive non-White immigration which has changed the racial complexion of
America for fear of being called "racists," so will they also remain silent and
non-resisting as Jewish organized crime spreads its tentacles over America for
fear of being called "anti-Semitic." If the beast is to be killed, we'll have to
do it ourselves.

Porno's Untapped Pedagogical Value

Amalek writes: Luke, a snippet of dialogue on your web site today suggests
certain business possiblities: "Luke: "Do you think Hitler was wrong?" Kendra
Jade: "No... I probably would've dated him. My horrible taste in

men.""

This suggests an entire line of educational porn videos, in which porn stars
have fictional meetings with various figures from history and make sweet
romantic love to them (to appeal to the women), while the men lecture them on
their role in history. This could be an entire new genre of porn, not involving
spitting, slapping, or the like, something edgey Gen-Xers and Y-ers, ever on the
lookout for the hip and the ironic, as well as the hanky crowd could appreciate
as porn for Smart Hip Intelligent Trendoids (SHIT, for short). S.H.I.T. would
really go for this stuff.

If only I had not been raised as I had been, and had more balls, I would move
out to the coast and immediately begin production of this line of videos. I am
certain that I could sell the entire line to all the public schools that give
away condoms to their students. Hey, maybe this is the scam I need to hook up
with that heretofore mythical disease-free porn queen! Can you find me one of
them with intellectual pretensions equal to or greater than my own who would act
in such a video? (Maybe by trolling the co-eds at UCLA?) My identity suitably
hidden with masks and makeup, I might consider being the male star of some of
them.

Among the possible titles:
"My Dinner with Adolf"
"Das Kapital und die Hookeiren"
"Capitalism and Freedom and Three Nymphos" (Of course, you will recognize that
the subjects of two of these initial three videos are jews, but lets keep that
under our yarmulkes.)

Luke, the following is not for publication...

Luke: Can I quote you anonymously?

Amalek: OK - but please use the some-what edited down version. I frankly feel
somewhat uneasy having this much communication with the people who

read your web
site (unless it enables me to hook up with the mythical CDC/NIH-approved adult
virgin porn chick), few of whom can possibly have any interest in anything that
I have written to you.

Luke, I note that from time-to-time you fairly taunt the Jews of Porn (JOPs, who
overlap not at all with JAPs) about their yiddishkeit or lack thereof, and the
possible consequences to other jews of their deeds. I seldom see any response
from the JOPs. Is this because they are conveyed to you in private, or because
there are no responses to pass on?

And what about the so-called intellectual JOPs, like some of those older JOPs
whose names escape me, (wasn't one of them in Boogie Nights, and then there is
that other one - Nina Hartley? who is a self-described communist, according to
an interview she gave a few years back to Shmatte Magazine.) - do they ever
address this issue? Or do they assume that the dumb goyim (DG's) will never find
out, so that it need never be addressed?

Please keep up the good work of rubbing everyone's collective nose in it. (You
should legally change your name to Luke Schpielberg and then give unauthorized
talks on this topic in Liberal Establishment Temples throughout the LA area.)

Luke: Most of the Jews in porno are highly uncomfortable with it being pointed
out that they are jews and that these jewish goyim dominate porno...They are
like the jews in hollywood... Nina Hartley does discuss it articulately and some
others do too at times.

Chaim Amalek writes: Luke: Will the constant ravaging of Christian girls by
swarthy, often diseased, middle aged Jewish atheists turn public opinion against
die Juden? Ask yourself - did the disproportionate role played by Jews (Boesky,
Milliken, Levine, etc.) in the great Wall Street scams of the 80's turn the

hearts of the goyim against the Jews? NO! And why not? Easy - because Jews have
control over the very media that might otherwise have drawn attention to the
disproportionate presence of Jews among the guilty. (CBS, Viacom, Disney, ABC,
New York Times, Wall Street Journal, Washington Post, Time Warner - all headed
by Jews, all disproportionately staffed by Jews). Also, Jews are smart enough,
with enough group cohesion, to know that it would be a bad thing for the goyim
to learn the ethnic identity of those involved. For this reason discussions of
porners (and I often wish I was one - blow jobs on the job? Where do I sign up!)
seldom mention that these malefactors are disproportionately Jewish, just as
Jewish criminal gangs from the old USSR are usually referred to as "Russian"
instead of Jewish.

Of course, maybe it is for the best that the goyim don't know. Suppose they knew
- what good would come of it? Would other Jews, 99.9% of whom are not remotely
involved such activity, move to exert pressure on their benighted brethren to
change their ways and return to god? Maybe, but so what? Even if they did act,
it would have little effect. Most Jewish criminals and sleazoids are secular and
just do not give a shit. So nothing good would come of it, and quite possibly a
lot that is very bad.

Luke, you know that individual Jews used their influence to get the Romans to
kill Jesus Christ (believed by hundreds of millions of people to be their
personal lord and savior), invented communism, Freudian philosophy, created
havoc in the middle east through their meddling, and are responsible, through
the actions of a few Jews, for much of the social decay in the west (as Hitler
himself noted and you presently observe) as well as most bad television. Why
then do you continue seek acceptance as a Jew? Why not go Mormon (Mormon chicks
are REALLY hot, if somewhat clueless), or catholic or Wiccan or

Scientologist?

PS - If you were a producer of porn, and chose to suffer the social marginalization that that entailed, wouldn't you seek compensation by getting laid with the paid help? (Actually, I may have described your present position in life.) The moral problem of making porn is making porn, and not in then treating women who copulate for money as though they were prostitutes. After all, aren't they?

Joey, no more campaigning. There may not currently be an active
website, but the FAQ still applies. Here are the relevant sections from
the Wayback Machine.

8. If I'm nominated for an award, may I vote for myself?

No, and you may not vote for a rival candidate either. Moreover, drawing
attention to your candidacy may lead to disqualification. This applies
to the "good" awards, e.g., Pierre Salinger Memorial Hook Line & Sinker
and Hammer of Thor, as well as to the "bad" awards.

However, you may vote in all sections of the ballot in which your own
name doesn't appear - provided you're not disqualified for being a kook,
of course.

...

10. Can a candidate who has appeared on the ballot be disqualified?

Yes, at the Vote Wrangler's discretion. Vote fraud and campaigning for
oneself are the commonest reasons.

Just be yourself, and let Lady Veteran and Mop Jockey be themselves, and
you should do just fine.

Mark Morgan is too boring and repetitious to be of further interest to AUK.
However, his fanbois' kooky attempts to get him noticed are becoming

Odd, isn't it, that the only reference to be found on the web to this

cite a single reference to a contemporaneous plan. Otherwise, you're

Vanilla Ice was on Howard Stern this week and he spilled the beans about dating Britney Spears for the past month. Some juicy stuff on there. I'm not sure if he's just doing it for publicity (he's trying to get his movie out in high definition).

I've found only one place with the streaming video: http://www.ipetitions.com/petition/coolasicebluray. To get past the ad just enter your name (apparently it takes ANYTHING so don't use your real name) and enter something in the comment. DON'T choose anonymous or it'll give you some page about donating blah blah blah.

I don't know who I pity more...

Howard made a HUGE MISTAKE when he went to Satellite Radio some years
ago. Conservative estimates place his loss of listenership as high as
55% when he left conventional FM broadcast radio for PAY satellite
radio. Most of his listeners can't even afford or don't even ewant a
Sat radio. Howard is therefore a NOBODY. He shot himself in the foot.
If he's smart he'll abandon Sat Radio and go back to conventional FM
Broadcasting outlets ASAP.

Say what ? Listener ratings/numbers ?

If I gave you a choice between millions of listeners and 1 million contract
per year. Or you could have multi-million dollar contract from an
upstart sat. radio service that wants a big name -- what would you do ?
His contract made him a multi-millionaire.. he made far more in his contract
than he could have ever made toiling away on FM airwaves for many years.

I think he did the right move for himself. If mega-media companies are
the kings - then Howard is still a pawn -- so why not cash out and make
tons of money when you have the chance ? Sat. Radio has already figured
out that their ratings have not appreciably increased from what was expected
bringing in names like Howard Stern. But Howard essentially has a no cut clause
and will be making millions more, no doubt laughing all the way to the bank.

So explain how he 'shot himself in the foot'. Unless you consider making
an unbelievable multi-million dollar payday is bad ammo to shoot yourself with.
He could easily decide to not re-sign when his current contract is up
and still go anywhere he'd like to making more money than probably you or
I would see in several lifetimes. And doing what he likes to do.

Wow - I hope one day to be able to 'shoot myself in the foot' like this.

If a bear craps in the woods and no one hears it or smells it but the bear gets
paid a lot of money to take the dump - does the bear really care ?

45% of Howard's Listenership is a huge boost for satellite radio

The FCC was forcing Howard off the air with rules and fines

Howard got PAID. In the end, he won.

Thanks General Specific that's another good point you make
the content of what Stern does now
is practically 'anything goes'. He couldn't possibly do that on
the FCC controlled airwaves. I'm sure he is glad to be above and
beyond all that nonsense. Yep. 100% agree with you there.

Anyways - Howard did fine for himself. I would hope to be so
fortunate one day in the career that I choose.

I think maybe EggnogChugaluger has to stop chugging so much
and come up for air ;)

I wish my lack of talent would work for me as well as his does for
him. Love or hate him, most folks would acknowledge that he's done
very well for someone on the radio. A career in radio is not generally
the road to riches. So, why do you suppose he makes all that money for
not having talent? Pathetic, yes. Immature, undoubtedly. Racist,
Sexist and probably a closet queen besides, check!

But he's doing something right, and no sensible person would deny his influence. When he left K-Rock they fell off the ratings charts completely. Literally down to 0 in some markets that still tried to syndicate his replacements. You want to hear some no-talents, check out "Opie and Anthony", they've got that territory covered pretty well.

I wasn't going to get Satellite Radio, but my new Edge has it built in
(Serius) so I went for it. One of the main reasons I did was to listen to
Stern again.

I did for maybe a day. Then I put it on the Blue Collar Comedy Channel and
it's been there every since. 8 months now :)

Stern was actually more amusing when he had to hide/sneak-in the cuss words
creatively :)

Howard made a HUGE MISTAKE when he went to Satellite Radio some years
ago. Conservative estimates place his loss of listenership as high as
55% when he left conventional FM broadcast radio for PAY satellite
radio. Most of his listeners can't even afford or don't even ewant a
Sat radio. Howard is therefore a NOBODY. He shot himself in the foot.
If he's smart he'll abandon Sat Radio and go back to conventional FM
Broadcasting outlets ASAP.

Metaphorically speaking, this pretty much nails it.

45% of Howard's Listenership is a huge boost for satellite radio

The FCC was forcing Howard off the air with rules and fines

Howard got PAID. In the end, he won.

I wish my lack of talent would work for me as well as his does for
him. Love or hate him, most folks would acknowledge that he's done
very well for someone on the radio. A career in radio is not generally
the road to riches. So, why do you suppose he makes all that money for
not having talent? Pathetic, yes. Immature, undoubtedly. Racist,
Sexist and probably a closet queen besides, check!

But he's doing something right, and no sensible person would deny his influence. When he left K-Rock they fell off the ratings charts completely. Literally down to 0 in some markets that still tried to syndicate his replacements. You want to hear some no-talents, check out "Opie and Anthony", they've got that territory covered pretty well.

So why bring that garbage to this NG?

Back in 70's, when I was a soldier at Ft. Meade, Md, we used to listen
to Howard and Robin on the local rock station, KY 92 or something, it
was 10% Howard and 90% rock. The wifey won Rolling Stones tickets at
the old Capitol Center (torn down a while back) from him. He was
funny as hell then and FCC correct.

I used to think the same of Eddie Murphy until I saw his "Raw" video.
Just too damned gratuitous with the F Bombs for my taste. Some guys
don't need it to be funny (Seinfeld or Leno come to mind), and, others
know how to use it to it's F-in' funniest (Carlin).

For many of the recent years on the AM&FM Radio
Howard Stern was not entertaining radio listening.

Why pay the XM-Sirius Satellite Radio monthly fee ?
When there is still so much interesting and entertaining
content on Free Over-the-Air AM&FM Radio.

and that is the way i hear it on the radio ~ RHF

Raunchy Ain't Comedy it's simply 'shock' reflex laughter.
Eddie Murphy was/is better today in his Movies and
his Voice Acting for Animated Movies which are geared
to "All Audiences".

- The guy is such an immature Jack Ass

Concept : Immature -&- Jack Ass

One or both most likely describe a major portion of
Howard Sterns Radio Listening Audience -imho-

- if he makes any money at all he wins.

With the Money Stern is Making : Howard Wins Big Time !

- What a not talent POS

Oh Stern has 'talent' but most of the time now-a-days
he abuses it, or simply does not use it.

- (he thinks he's a rock star or something - haha) .
- ed s.

On the Radio Howard is a 'star' and makes more
actual Money then most so-called "Rock-Stars".

One thing for-sure Howard Stern has a 'talent'
for Making Money on the Radio. - 4sure ~ RHF

- The guy is such an immature Jack Ass

Concept : Immature -&- Jack Ass

One or both most likely describe a major portion of
Howard Sterns Radio Listening Audience -imho-

- if he makes any money at all he wins.

With the Money Stern is Making : Howard Wins Big Time !

- What a not talent POS

Oh Stern has 'talent' but most of the time now-a-days
he abuses it, or simply does not use it.

- (he thinks he's a rock star or something - haha) .
- ed s.

On the Radio Howard is a 'star' and makes more
actual Money then most so-called "Rock-Stars".

One thing for-sure Howard Stern has a 'talent'
for Making Money on the Radio. - 4sure ~ RHF

Back in 70's, when I was a soldier at Ft. Meade, Md, we used to listen
to Howard and Robin on the local rock station, KY 92 or something, it
was 10% Howard and 90% rock. The wifey won Rolling Stones tickets at
the old Capitol Center (torn down a while back) from him. He was
funny as hell then and FCC correct.

I used to think the same of Eddie Murphy until I saw his "Raw" video.
Just too damned gratuitous with the F Bombs for my taste. Some guys
don't need it to be funny (Seinfeld or Leno come to mind), and, others
know how to use it to it's F-in' funniest (Carlin).

Raunchy Ain't Comedy it's simply 'shock' reflex laughter.
Eddie Murphy was/is better today in his Movies and
his Voice Acting for Animated Movies which are geared

For many of the recent years on the AM&FM Radio
Howard Stern was not entertaining radio listening.

Why pay the XM-Sirius Satellite Radio monthly fee ?

You listened one day, and gave up on it? That's not exactly a fair
shot.. Some days, it's not great, other days, it's better than ever.

I used to take my gun to school on the school bus (left it by the
driver), then upon arriving at school I would leave it in the closet
in the Principal's office. After school I would retrieve my gun and
walk home through the fields and pastures and shoot jack rabbits.
Today it would be a total freak out.

From the ARRL:

Morse Code Returning to MARS Toolbox
After more than a dozen years, Morse code will soon be returning to Military Affiliate Radio System (MARS) nets. In the mid-1990s, the Department of Defense (DoD) did away with CW operation across the board -- including MARS nets -- as automatic systems such as the Internet, SATCOM, cell phones and e-mail became available and the payroll cost of manual operators escalated.

MARS members who had embraced CW operation knew that Morse code, the most "digital" mode of all, was an important tool for Emergency Communications. After Hurricane Katrina demonstrated the need for more robust -- not to mention quickly deployable EmComm resources -- some MARS members led a campaign to resume CW operations on their nets. This resulted in the Chiefs of Army MARS and Navy-Marine Corps MARS calling for a census of interested MARS members as the first step to reactivating regular training nets.

Army MARS Chief Stu Carter told his members last October, "We are pushing for the Department of Defense to use CW again." He designated CW veteran Grant Hays, WB6OTS -- Operations Chief for Army MARS at its Fort Huachuca, Arizona headquarters -- to coordinate the effort. Like many hams who are skilled at Morse code, Hays, an ARRL Life Member and active ARES/RACES participant in Arizona, has taken a leading role in introducing new technology such as WinLink.

Army MARS launched a limited test of CW nets in four Midwestern states in late 2007. During a DoD interoperability test this past March, a Transportation Security Administration (TSA) station used it to communicate with Ft Huachuca.

In announcing the return of CW to MARS nets, Navy-Marine Corps MARS Chief Bo Lindfors cited an emergency where CW was sorely missed: "I remember the [1998] Northeast Ice Storm shortly after I became [Navy-Marine Corps MARS] Chief and the unnecessarily lengthy effort by all of southern New England to receive one voice EEI [Essential Elements of Information Report] from a northern New England member whose antenna was covered in ice and lying on the ground. It took more than an hour when CW could have handled it in a few minutes. As more and more of our members enter MARS with no Morse code experience, I am afraid that we will soon lose that skill set if we don't do something."

Army MARS Chief Carter said the imminent return of CW will not replace modes such as WinLink, Pactor 3 and MT63. "Our CW nets will focus on

maintenance of skills and will necessarily be limited by the shortage of available frequencies and trained members," he said. "But if members want to add CW to their skills, the nets will be available for training."

MARS's primary mission is providing auxiliary communications to the US Military and emergency communications to such national agencies as FEMA and the Department of Homeland Security. MARS is also available to assist state and local emergency response agencies, and public and select private agencies such as the Red Cross. On a day-to-day basis, MARS members are available to handle messages to and from servicemen and women on active duty, in the reserve or guard, or retired, as well as certain employees of the federal government who are stationed outside the US. The three MARS programs -- Army MARS, Air Force MARS and Navy-Marine Corps MARS -- consist of a volunteer force of more than 5000 skilled Amateur Radio operators

FDA Warns Consumers in New Mexico and Texas Not to Eat Certain Types of Raw Red Tomatoes
The Food and Drug Administration is alerting consumers in New Mexico and Texas that a salmonellosis outbreak appears to be linked to consumption of certain types of raw red tomatoes and products containing raw red tomatoes. The bacteria causing the illnesses are Salmonella serotype Saintpaul, an uncommon type of Salmonella.

The specific type and source of tomatoes are under investigation. However, preliminary data suggest that raw red plum, red Roma, or round red tomatoes are the cause. At this time, consumers in New Mexico and Texas should limit their tomato consumption to tomatoes that have not been implicated in the outbreak. These include cherry tomatoes, grape tomatoes, tomatoes sold with the vine still attached, and tomatoes grown at home.

Salmonella can cause serious and sometimes fatal infections particularly in young children, frail or elderly people, and those with weakened immune systems. Healthy persons often experience fever, diarrhea (which may be bloody), nausea, vomiting, and abdominal pain. In rare circumstances, the organism can get into the bloodstream and produce more severe illnesses. Consumers in New Mexico and Texas who have recently eaten raw tomatoes or foods containing raw tomatoes and are experiencing any of these symptoms should contact their health care provider. All Salmonella infections should be reported to state or local health authorities.

From April 23 though June 1, 2008, there have been 57 reported cases of salmonellosis caused by Salmonella Saintpaul in New Mexico and Texas, including 17 hospitalizations. Approximately 30 reports of illness in Arizona, Colorado, Idaho, Illinois, Indiana, Kansas, and Utah are currently being investigated to determine whether they are also linked to tomatoes. There are no reported deaths.

FDA recognizes that the source of the contaminated tomatoes may be limited to a single grower or packer or tomatoes from a specific geographic area. FDA also recognizes that there are many tomato crops across the country and in foreign countries that are just becoming ready for harvest or will become ready in the coming months. In order to ensure that consumers can continue to enjoy tomatoes that are safe to eat, FDA is working diligently with the

states, the Centers for Disease Control and Prevention, the Indian Health Service, and various food industry trade associations to quickly determine the source and type of the contaminated tomatoes. As more information becomes available, FDA will update this warning.

Last year FDA began a multi-year Tomato Safety Initiative to reduce the incidence of tomato-related foodborne illness. The Initiative is a collaborative effort between FDA and the state health and agriculture departments in Virginia and Florida, in cooperation with several universities and members of the produce industry.

A key element of the Food Protection Plan -- a scientific and a risk-based approach to strengthen and protect the nation's food supply-is prevention. FDA encourages producers to critically reexamine their operations and apply the scientific principles and regulations established decades ago to provide a safe product for the consumer.

Information on safe handling of produce can be found at www.cfsan.fda.gov/~dms/prodsafe.html.

have enough garbage referencing some kooks here already - don't need

No, he's saying that the post is a forgery, by someone who is not, in fact, Scott. Of course, as it's a throwaway Gmail account, it doesn't really matter.

Or, in Non-Typo, "reasonably". In fact, what the frogger (someone who
uses an obvious forgery of a real poster, which is something that no
amount of complaining to abuse desks can stop, as the email address is
clearly not deliverable to the poster being frogged) is doing is
attempting to bring attention from AUK down on another poster, which is
kooky behaviour and guaranteed to backfire on all those suspected of
participating.

I repeat: Guaranteed.

If you don't like Mark Morgan, killfile him or, if you post through
Google, cope with him. Otherwise, you shall become one of the many AUK
floor shows. Either way, we(tinw) don't mind, but you will; and either
way, Mark Morgan will still be deemed to be too boring for further
attention from AUK. Sorry, but we're not here to pander to homophobes.
But feel free to ignore me and keep trying to get Mark nominated -- you
guys are nominated now, too, and I'd hate for you to miss your chance at
usenet fame. That'd be so unfair.

Um, sorry, but a) You can't second your own nomination; b) Even if you
were Mark, you couldn't second, as he has won a kook award; c) Anonymous
posters and froggers can't second nominations. However, your acceptance
of the nominations is appreciated, and one may hope you will continue to
campaign all month long for the GoK and the MoCJ. After all, you've been
campaigning for years, so why stop now?

A husband in his back yard is trying to fly a kite.

He throws the kite up in the air, the wind Catches it for a few seconds, then it comes crashing back down to earth. He tries this a few more times with no success.

All the while, his wife is watching from the kitchen window, Muttering to herself how men need to be told how to do everything. She opens the window and yells to her husband, "You need a piece of tail."

The man turns with a confused look on his face and says, "Make up your mind. Last night, you told me to go fly a kite ."

Hey, are you bucking for a Clueless Newbie/Coward of the Month nomination? Because the sort of thing you did has aspects of both cluelessness and cowardliness -- I'm inclined to think you're just another fucking homophobic coward of the rec.radio.* groups (they're _legendary_ for their homophobia, cowardliness, and cluelessness), such as the sort who've been trying to earn Mark further recognition in AUK for years, but hey, I'm willing to be generous. Maybe you're just clueless.

And you are all forgetting to remove the cross-posting. This subject has NOTHING to do with rec.crafts.textiles.needlework. Take us OFF the list when you reply.

You're welcome to join us if you want to discuss needlework, but this has nothing to do with needlework and I'm not sure how or why the original fuckwit put us on the distribution list.

Just FTR, I'd like to make it clear that above poster, Mark Morgan, is in no way, shape, or form discredited in the eyes of AUK merely for being an out bisexual. Whether he is or not in the eyes of rec.radio.* is quite irrelevant, because no amount of bi- and homophobia will get him nominated for more awards on the basis of his sexuality -- indeed, he would have to become far more interesting, as a kook, than he has been in the past two or three years, just to get a valid nom, and even then, his sexuality wouldn't be a factor.

I made no mention of anything having to do with homosexuality. Calling me homophobic is rather puzzling. It makes no sense why you would do that. How does posting information I got in two minutes searching on google using information I got from these posts make me a coward? Posting public information is not an act of cowardice; it's a public service.

As for being a clueless newbie, I confess that I am new to this group, although I have read posts in years past a few times. Thank you for the warm welcome. Just what cluelessness are you referring to? Is there some rule agains posting public information?

you learn how to use a newsreader so you can just killfile Mark? Or are
you trying to intimidate him into leaving rec.radio.*, instead of merely
ignoring him? Because that right there is DAMN k00ky. Your homophobia is

"Public" info, it is not. It has _been publicised_, yes, by arrant
cowards who wouldn't dare reveal their own private info, for fear that
someone might do to them what they want someone else to do to Mark
(because he's bi, and when they tried to blackmail him with that info,
he came out of the closet). Mark, AFAICT, simply has no comment on his
PI being repeatedly posted, or only one comment, anyway, which isn't
much of a comment. However, in AUK, such "Outer Filth" are the very scum
of usenet.

Your petition at
http://www.ipetitions.com/petition/coolasicebluray/index.html
is one of the funniest things I've ever read. I signed it just to see
Vanilla Ice in the news again. Thanks for the laughs.

What thrill do you get when posting to all the NG's and listing the same
NG's in the followup-to: ??

What is your reasoning of bringing the subject line to this NG? This NG has nothing to do with COMMERCIAL radio! When you bring it here - all you do is piss off a bunch of people! Well I guess I answered my own question - you get some kind of enjoyment in pissing off people!

Don't look at me. I removed the RCTN cross-post and one of these morons put it back out of spite.

SUGGESTION: If you don't know how to remove cross-posts, you need to get off Usenet until you learn how. This is a place for INTELLIGENT discourse among INTELLIGENT people.

Since I know how to use my computer, I'm killfiling the whole lot of you interlopers from other groups, so there's no point responding to RCTN because I'm not going to read it. Buh-bye, dimbulbs.

Kraft Foods Issues Allergy Alert On Undeclared Tree Nuts In Post LiveActive Mixed Berry Crunch Cereal
Only Post LiveActive Mixed Berry Crunch Cereal with "Best When Used By" Date 17DEC2008 affected
Contact:
Kraft Media Line
847-646-4538

FOR IMMEDIATE RELEASE -- Northfield, IL -- June 5, 2008 -- Kraft Foods is recalling 12,553 cases of Post LiveActive Mixed Berry Crunch Cereal with the "Best When Used By" date of 17DEC2008 because a small number of boxes may contain tree nuts (almonds, pecans and/or walnuts), and no nut ingredients are declared on the label. The Post LiveActive Mixed Berry Crunch Cereal has a UPC code of 00430000238900 and comes in a 13-oz retail carton. People who have an allergy or severe sensitivity to tree nuts run the risk of serious or life-threatening allergic reaction if they consume these products.

The company has voluntarily issued a nationwide recall to alert any tree nut-allergic consumers who may have the product at home. The Mixed Berry Crunch Cereals were sold in stores nationwide.

The company's review confirmed the presence of nuts in samples sent for testing after it received one consumer report of an allergic reaction. The company is aggressively investigating the situation, and currently believes it received from the supplier a single tote of granola clusters for the Mixed Berry product with a small amount of nut-containing granola clusters inadvertently added.

The company has consulted with the U.S. Food and Drug Administration, and the agency is aware of the company's actions.

Tree nut allergic consumers are advised not to consume the product and are asked to call 1-866-771-1511 for a full refund.

I always say, the cooler the joke, the better.

Now "rubtaul", that's "sexaully" cool.

LOL!

BTW, how can "Karen C" be a proofreader when she mispells her own
name? (Hint: it should be "C.", not "C"). Now that she can't read
our posts we can make fun of her openly and she'll never know it!

http://www.ipetitions.com/petition/coolasicebluray

I'd like to thank everyone who posted on the Vanilla Ice petition but
please, please watch your mouths on there. The petition site is
asking me to remove any posts with cussing in them and that's going to
take a lot of time. So please don't post any more vulgarities.

http://www.ipetitions.com/petition/coolasicebluray

In other news, the petition is in the news! Three media outlets (CNN,
punk.bz and patbaer.tumblr.com) have already written articles about
the popularity of the petition!

Todd's wrath? Like what?
Getting kicked out of the local library and being told to not use their computers?
Like stealing Wi-Fi from his neighbor?

Empty threats, Toddie. Empty. Just like your head.

You are a Paper Tiger, Todd. A gonadless, screaming, whining, wimp.

Your idea of "girls" are cartoons, sick cartoons of two and three year old
girls having their vaginas penetrated by male, adult cartoon figures.
Your silly little noggin has gone so far off-kilter, Todd, that there is no
turning back.
You are a pethetic little wimp.

And, Todd...we are laughing AT you, not with you.

361. Taylorville Dog Attacked...

From: anon <anon@anon>

Story we saw was that a stray, Taylorville dog was found behind Todd's house, bleeding from the rectum.
When questioned by authorities, Todd denied any wrongdoing in the matter.

Todd said, "The dog was there, I was there, and it was a warm and rather romantic night."

Todd admitted that he indeed "humped" the romance seeking dog, but Todd told authorities that, "The dog just begged for it..."

Todd denied that his tiny penis could have in any way injured the cowering dog.

He told authorities to go inside and question his Dad. According to Todd's quote, "My Dad is the sick one, not me."

Charges may be filed, depending upon the outcome of pending DNA tests according to Taylorville authorities.

According to Taylorville authorities, this is not Mr. Daugherty's first brush with the law nor is it his first experience with a neighboring dog. They cite a recent interest by the FBI in Todd's online threats and that the FBI is closely wathing Todd.

A source who asked to remain anonymous said, "Yes, Todd has indeed gotten the interest of Law Enforcement and he is being methodically investigated."

362. What Does Mark DO with the Foreskins?

Just curious, Mark. Just what do you do with the foreskins? Bread them and fry them in a deep fryer?
Do you season them with Cajun seasonings and sell them at flea markets? Sell them to Arabs as keepsakes?
Or does Gav hang them from her jousting spear and put them in the sun to dry??

Story goes, Mark, that Gav dries the foreskins in the sun and sells them to tourists.
She tells the tourists to take the foreskins home, soak them in warm, lightly salted water, rub them a little bit and PRESTO! Now you have an uncircumsized tube steak!

Too bad you can't speak Engish.

Don't bother to respond. Nobody can understand you.

FDA News
FOR IMMEDIATE RELEASE
June 7, 2008
Media Inquiries:
Kimberly Rawlings, 301-827-6253
Consumer Inquiries:
888-INFO-FDA

FDA Warns Consumers Nationwide Not to Eat Certain Types of Raw Red Tomatoes
The Food and Drug Administration is expanding its warning to consumers nationwide that a salmonellosis outbreak has been linked to consumption of certain raw red plum, red Roma, and red round tomatoes, and products containing these raw, red tomatoes.

FDA recommends that consumers not eat raw red Roma, raw red plum, raw red round tomatoes, or products that contain these types of raw red tomatoes unless the tomatoes are from the sources listed below. If unsure of where tomatoes are grown or harvested, consumers are encouraged to contact the store where the tomato purchase was made. Consumers should continue to eat cherry tomatoes, grape tomatoes, and tomatoes sold with the vine still attached, or tomatoes grown at home.

On June 5, using traceback and other distribution pattern information, FDA published a list of states, territories, and countries where tomatoes are grown and harvested which have not been associated with this outbreak. This updated list includes: Arkansas, California, Georgia, North Carolina, South Carolina, Tennessee, Texas, Belgium, Canada, Dominican Republic, Guatemala, Israel, Netherlands, and Puerto Rico. The list is available at www.fda.gov/oc/opacom/hottopics/tomatoes.html#retailers. This list will be updated as more information becomes available.

FDA's recommendation does not apply to the following tomatoes from any source: cherry, grape, and tomatoes sold with the vine still attached.

FDA recommends that retailers, restaurateurs, and food service operators not offer for sale and service raw red Roma, raw red plum, and raw red round tomatoes unless they are from the sources listed above. Cherry tomatoes, grape tomatoes, and tomatoes sold with the vine still attached, may continue to be offered from any source.

Since mid April, there have been 145 reported cases of salmonellosis caused by Salmonella Saintpaul nationwide, including at least 23 hospitalizations. States reporting illnesses linked to the outbreak include: Arizona, California, Colorado, Connecticut, Idaho, Illinois, Indiana, Kansas, New Mexico, Oklahoma, Oregon, Texas, Utah, Virginia, Washington, and Wisconsin. Salmonella Saintpaul is an uncommon type of Salmonella.

Salmonella can cause serious and sometimes fatal infections particularly in young children, frail or elderly people, and those with weakened immune systems. Healthy persons often experience fever, diarrhea (which may be bloody), nausea, vomiting, and abdominal pain. In rare circumstances, the organism can get into the bloodstream and produce more severe illnesses. Consumers who have recently eaten raw tomatoes or foods containing raw tomatoes and are experiencing any of these symptoms should contact their health care provider. All Salmonella infections should be reported to state or local health authorities.

FDA recognizes that the source of the contaminated tomatoes may be limited to a single grower or packer or tomatoes from a specific geographic area. FDA also recognizes that there are many tomato crops across the country and in foreign countries that will be ready for harvest or will become ready in the coming months. In order to ensure that consumers can continue to enjoy tomatoes that are safe to eat, FDA is working diligently with the states, the Centers for Disease Control and Prevention, the Indian Health Service, and various food industry trade associations to quickly determine the source of the tomatoes associated with the outbreak.

FDA is taking these actions while the agency continues to investigate this outbreak with state and federal partners. Such actions are a key component of FDA's Food Protection Plan, a scientific and risk-based approach to strengthen and protect the nation's food supply.

FDA will continue to issue updates as more specific information becomes available.

Well, it's possible they were broadcast thereover
(assuming they were in fact outrageous lies), but that's
about it. ;-) Considering that another newsgroup is AFN,
probably best to set followups there.

100 years of *occupation*. I get the feeling he wants it
to be peaceful a la South Korea, but unlike South Korea
Iraq didn't exactly ask us in, and considering its current
cost I don't see much point in continuing it beyond the
inauguration, let alone until 2103.

Then again, I'm not a general based in Iraq, either; they
surely know quite a bit that I don't. ;-)

So how does it make you feel to know you wasted months on end for
something that bored the fucking hell out you? I guess maybe that's
the reason you wouldn't give it up for so long, it was all the time I
made you waste that caused you to resent me so much, hence all the

finally realized that it just wasn't possible to "win" against someone
who wasn't even trying in the first place. LOL

I don't know, but hopefully you can keep yer blinders on tighter this
time. But hey, you could always try, try again. I mean with lil baby
Greggie by your side, boy you just *might* have a chance to really
"get back" at me. Maybe you could at least offer the boi some advice
on how to properly obsess over dat mean 'ol Mad Hatter for months on

While suturing a cut on the hand of a 75 year old Texas rancher, whose hand was caught in a gate while working cattle, the doctor struck up a conversation with the old man. Eventually the topic got around to Obama and his bid to be our President.

The old rancher said, 'Well, ya know, Obama is a 'post turtle'.'

Not being familiar with the term, the doctor asked him what a 'post turtle' was.

The old rancher said, 'When you're driving down a country road and you come across a fence post with a turtle balanced on top, that's a 'post turtle'.'

The old rancher saw a puzzled look on the doctor's face, so he continued to explain. 'You know he didn't get up there by himself, he doesn't belong up there, he doesn't know what to do while he is up there, and you just wonder what kind of a dumb ass put him up there to begin with.'

Well, if McBush wins and we're in Iraq for A Bazillion years

- Hunting down Saddam Hussein and his WMD's

let's see .. how many barrels of oil at $130 will it take to " Stay
The Course"

Supporting a War in Iraq; == Five Dollar Gas In The U.S. of A;

and price inflation reflecting that increase cascading throught the
economy

THIS IS NOT THE 'DON'T BUY' GAS FOR ONE DAY, BUT IT WILL SHOW YOU HOW WE CAN GET GAS BACK DOWN TO $2.00 PER GALLON.

This was sent by a retired Coca Cola executive. It came from one of his engineer buddies who retired from Halliburton. If you are tired of the gas prices going up AND they will continue to rise this summer, take time to read this PLEASE.

Phillip Goldsworthy offered this good idea. This makes MUCH MORE SENSE than the "don't buy gas on a certain day" campaign that was going around last April or May! It's worth your consideration. Join the resistance!!!!

Well, it has finally happened, $ 4.00 a gallon, and we know that it will go higher!! Want gasoline prices to come down?

We need to take some intelligent, united action. The oil companies just laughed at that because they knew we wouldn't continue to "hurt" ourselves by refusing to buy gas.

With the price of gasoline going up more each day, we consumers need to take action. We need to take aggressive action to teach them that BUYERS control the marketplace...not sellers.

The only way we are going to see the price of gas come down is if we hit someone in the pocketbook by not purchasing their gas! And, we can do that WITHOUT hurting ourselves.

Here's the idea: For the rest of this year, DON'T purchase ANY gasoline from the two biggest companies (which now are one), EXXON and MOBIL.

If they are not selling any gas, they will be inclined to reduce their prices. If they reduce their prices, the other companies will have to follow suit.

But to have an impact, we need to reach literally millions of Exxon and Mobil gas buyers. It's really simple to do!

I am sending this note to 30 people. If each of us send it to at least ten more (30 x 10 = 300) .. and those 300 send it to at least ten more (300 x 10 = 3,000)...and so on, by the time the message reaches the sixth group of people, we will have reached over THREE MILLION consumers. If those three million get excited and pass this on to ten friends each, then 30 million people will have been contacted!

If it goes one level further, you guessed it..... THREE HUNDRED MILLION PEOPLE!!!

Again, all you have to do is send this to 10 people. That's all!

How long would all that take? If each of us sends this e-mail out to ten more people within one day of receipt, all 300 MILLION people could conceivably be contacted within the next 8 days!!!

Acting together we can make a difference.

If this makes sense to you, please pass this message on. I suggest that we not buy from EXXON/MOBIL UNTIL THEY LOWER THEIR PRICES TO THE $2.00 RANGE AND KEEP THEM DOWN. THIS CAN REALLY WORK.

Keep it going

To allow a thief to steal your silverware
one piece at a time is to cede him the entire
lot in a single visit. Is this NOT CTHILLARY's Blind Ambition,
to accede to the unearned, to seize the undeserved....

Were it NOT the fact that LIBs are essentially LAZY,
(give them convenience or give them Death),
we could expect SOME interesting fireworks,
or AT LEAST a spark at the LIB's convention,
but when Mediocrity is championed as the
standard why should we NOT expect
that she STILL have sights
to show us...

This is Clinton's Bridge to the 21st Century.
Still CTHILLARY. Still Evil.

The four MOST compelling reasons for CTHILLARY's 'selection':

Remember CTHILLARY for the five things she does believe:

1. That what was done to RFK 40 years ago justifies a
Tonya Harding strategy today upon 'the better man'.
2. That the Congress is run 'just like a Plantation'.
3. That the Internet 'requires a RETHINK'.
4. That 'things' should be taken from you in the name of the Common Good.

Everytime I flush those cardboard cores from a roll of toilet paper down the toilet, the toilet gets clogged and I spend hours with the plunger trying to unclog it. Lately I save all those cores for a month or two before I flush them. I just flush them on a day when I have a lot of spare time, knowing that I'll be fighting a clog.I also learned to tear them a little. That seems to help them go
down.

Does anyone know an easy or clogless way to flush them?
I'm sure other people can do it without all the troubles I have.

Instead of flushing, why don't you put them on E-bay as radio coil forms?

"Here's where it gets gooey. Many spiritually advanced people (not
coweringly religious, mind you, but deeply spiritual) I know identify
Obama as a Lightworker, that rare kind of calmly enlightened being who
has the ability to lead us not merely to new foreign policies or health

being on the planet, of connecting with this bizarre earthly experiment.
These kinds of people actually help us evolve. They are philosophers and

Freud called this "projection"

http://en.wikipedia.org/wiki/Psychological_projection
In psychology, psychological projection (or projection bias) is a
defense mechanism in which one attributes oneï¿½s own unacceptable or
unwanted thoughts or/and emotions to others. Projection reduces anxiety
by allowing the expression of the unwanted subconscious impulses/desires
without letting the conscious mind recognize them. The theory was
developed by Sigmund Freud and further refined by his daughter Anna
Freud, and for this reason, it is sometimes referred to as "Freudian
Projection"[1] [2]

QUESTION :
Should Barack Hussein Obama Jr. (BHO) 'pick' Hillary
"Rotten" Clinton (HRC) for his Vice-Presidential Nominee ?

Two-out-of-Three (~67%) of so-called 'Independent' Voters
say Barack Hussein Obama Jr. (BHO) should NOT make
Hillary "Rotten" Clinton (HRC) his Vice-President.
-Conclusion- HRC does not 'attract' Independent Voters
to a Barack Hussein Obama Jr. (BHO) Democrat Party
Presidential Ticket. .

Same Question :
The Numbers {Answers} are 3-out-of-4 (~74%) Republicans
say NO to to HRC as the VP
-Conclusion- HRC is not liked by Republican Voters. {D'Oh!}

Same Question :
The Numbers {Answers} are 4-out-of-9 (~44%) Democrats
say NO to to HRC as the VP
-Conclusion- Why Did BHO Win the Democrat Party's
Presidential Nomination : Many Democrats Do Not Like
HRC; and this includes HRC as the VP.

Taking-All-Three-Results-Together :
Over-All in a General Election Hillary "Rotten" Clinton (HRC)
as the Vice-Presidential Nominee does not ADD to a
Barack Hussein Obama Jr. (BHO) Democrat Presidential
Ticket.

%This automatically assumes it is the oil companies raising the prices,
which is wrong. The oil companies do not control world oil markets. In
fact, most of the oil produced are controlled by nation states,
including OPEC, who determine how much oil is produced. Oil consumption
is rising at twice the rate of supply, meaning supply is worth more and
more. The only way to reverse this is to increase supply, or reduce
demand. Since the latter is not going to happen in the foreseeable
future, the only answer is to increase supply. But this is not going to
happen either because most of our oil reserves are off limits to the oil
companies. Who set these limits you might ask? The government,
specifically Democrats, who not only continue to block production of
known reserves, but also block the oil companies from searching for more
reserves.

The best action we could take is to rise up against liberal and
socialist policy makers and force heads to roll. Unfortunately, it seems
that in answer to a problem they caused, they will be rewarded by being
re-elected to office. Obama, McCain, neither will improve the situation,

and their stated policies toward both energy, and those who produce it,
will serve to make the problem much worse.

Actually, all the refined gas and diesel come out of the same tanks.
This would do nothing to affect the price of gas. all it would do is
hurt one of our most productive corporations hurting both investors and
employees. The same gas would be sold by other distributors for the same
price. This is public information, look it up.

The only way this works is if demand worldwide was reduced, and not just
that supplied by Exxon. It would be to be all fuel, in every country,
supplied by every supplier. Accomplish, and you may, I say may, have an
affect. Otherwise, all your doing is barking up the wrong tree.

More effective, would be a march on Washington, to demand immediate relaxation of regulations on oil producers and areas in which they may seek more reserves. Also, a relaxation on the EPA hoops required for a company to build more refining capacity would have to be a major staple of any future energy policy to eliminate the not in my back yard mentality that seems to permeate the country.

And this march should demand the heads, literally, of every politician who ever voted against energy production and research, of both parties, despite people warning them for the past two decades of the results of their actions. This would have an immediate impact, one based in reality.

As they have no other intelligent argument, these people have no other recourse other then childish rudeness. It proves the point even more that Obama should be the next pres.

The main reason to NOT VOTE REPUBLICANT is simply because the KILLER christens want another run at starting WWIII. They think it's in the bible or something. They also think spending our moneys to kill more people while people here in the states starve is a good thing. Hand them an extra class ticket and get them on 75M!

Not too smart these folks but yet they show up here posting off-topic to the newsgroup. Just watch how they will argue what started out as a "joke" posting.

Morty visits the veterinarian in Miami and says, "My dog has a problem.

The doctor replies, "So tell me about the dog's problem?"

"First you should know that he's a Jewish dog. His name is Irving and he can talk," says Morty.

"He can talk?" the doubtful doctor asks.

"Watch this!" Morty points to the dog and commands: " Irving, Fetch!"

Irving, the dog, begins to walk toward the door, then turns around and demands, "So why are you talking to me like that? You order me around like I'm nothing. And you only call me when you want something. And then you make me sleep on the floor, with my arthritis. You give me this fakahkte food with all the salt and fat, and you tell me it's a special diet. It tastes like dreck! YOU should eat it yourself! And do you ever take me for a decent walk? NO, it's out of the house, a short pish, and right back home. Maybe if I could stretch out a little, the sciatica wouldn't kill me so much! I should roll over and play dead for real for all that you care!"

The Doctor is amazed. "This is remarkable! What could be the problem?"

Morty says, "Obviously, he has a hearing problem! I said 'fetch', not 'kvetch'

They are a very sinister flavor of Christians; they thing it's OK to
lie and cheat, for "the cause" of course.

If there really is a just God, they are doomed.

I ws wondering when someone would blame the liberals for high gas prices! Dam they must be the sole evil in all the world today. If you could put your prejudice aside and really examine the issue not from a political bias that you so obviously posses, then you would be more apt to truely understand the price structure.

You are correct in that prices are set by supply and demand. You also have to realize is that oil is also traded asa commodity onworld markets and people are bidding on the price of oil to keep going up. Part of this is fueled by the beleif that we have reached the "Peak Oil" point. That is oil production levels have or are very near the peak level that the planet can sustain. If this theory is true, and as demand increases, prices will continue to escallate even if we try to increase production. If the Peak Oil Theory is correct then we have used up more oil than the Earth has left. In that case increase drilling and production will only speed up the end of oil production.

Part is also allowing oil to be traded as a commodity. The potential of Peak Oil has to influence trading practices. Oil producing nations can set back and watch the commodity traders bid for prices and sell to whom they wish for what price they want. Right now oil commodity trading is liken to a eating frenzy by sharks. Grab what you can at what ever price is on the board.

So go ahead and blame the liberals for all our woes and then stick you head in the sand when and if Peak Oil is a valid theory. If so, then increased production will only temporarily reduce oil prices before they go back up. When they do go back up, hold onto your wallets. If Peak Oil Theory does pan out as correct by about 2016 to 2020 look to be paying over a $1000 a barrel for oil. Currently I think oil will hit $200 a barrel before the end of 2008. By 2012 somewhere in the $500 a barrel range. As long as speculators are allowed to influence the price of oil, the price will rise and rise without bounds until we cure ourselves of the addiction for oil. MAybe $100 dollar a gallon for gasoline maybe the point where we finally realize that we have an addiction problem and then seek to remedy that.

Also remember that about half of oil production is used to power our vehicles. As oil prices increase the cost of clothes, home heating, electricity and medicine as well as the convenience of plastic storage containers will escallate in price. The worst has yet to come if Peak Oil is true and we keep on our addiction.

|%This automatically assumes it is the oil companies raising the prices,
|which is wrong. The oil companies do not control world oil markets. In
|fact, most of the oil produced are controlled by nation states,

|is rising at twice the rate of supply, meaning supply is worth more and

|known reserves, but also block the oil companies from searching for more
|reserves.

|The best action we could take is to rise up against liberal and
|socialist policy makers and force heads to roll. Unfortunately, it seems
|that in answer to a problem they caused, they will be rewarded by being
|re-elected to office. Obama, McCain, neither will improve the situation,
|and their stated policies toward both energy, and those who produce it,
|will serve to make the problem much worse.

|
|Actually, all the refined gas and diesel come out of the same tanks.
|This would do nothing to affect the price of gas. all it would do is
|hurt one of our most productive corporations hurting both investors and
|employees. The same gas would be sold by other distributors for the same
|price. This is public information, look it up.

|
|The only way this works is if demand worldwide was reduced, and not just
|that supplied by Exxon. It would be to be all fuel, in every country,
|supplied by every supplier. Accomplish, and you may, I say may, have an
|affect. Otherwise, all your doing is barking up the wrong tree.
|
|More effective, would be a march on Washington, to demand immediate
|relaxation of regulations on oil producers and areas in which they may

|seek more reserves. Also, a relaxation on the EPA hoops required for a
|company to build more refining capacity would have to be a major staple
|of any future energy policy to eliminate the not in my back yard
|mentality that seems to permeate the country.
|
|And this march should demand the heads, literally, of every politician
|who ever voted against energy production and research, of both parties,
|despite people warning them for the past two decades of the results of
|their actions. This would have an immediate impact, one based in
|reality.

|Now you should keep it going with the dose of reality sprinkled with in!

462. Yet another CLINTON LIE! CTHILLARY doesn't need your money to pay off her campaign debts!

Guess what?
CTHILLARY can pay off
her campaign debt anytime she wants!

After all this, it's still just about BOTH Clintons,
their lust for POWER and unlimited MONEY for themselves.

http://online.wsj.com/article/SB121314560225662925.html?mod=googlenews_wsj
Hillary Clinton has $24 million she collected for a general-election
campaign she now won't run. With debts of about $20 million to outside
vendors and to herself, it seems she could easily balance her books

For people to donate to CTHILLARY either directly
or through the Obama Campaign to pay off non-existant debts
when people are losing their houses due to mortgage, NOT eating
because of the price induced spikes of food due to biofuels, and
not driving because of the cost of gasoline is NOT JUST scandalous
but OBSCENE.

Just where is the Outrage?
Why is the media not reporting this?

http://www.independent.co.uk/news/world/americas/clinton-may-ask-obama-
backers-for-help-in-tackling-20m-campaign-debt-844160.html
Clinton may ask Obama backers for help in tackling $20m campaign debt

This *IS* type of OBSCENITY which BOTH Clintons get off on,
to Punish the Innocent while rewarding the Guilty -- themselves.
BILL does it because he could, CTHILLARY does it because it's FUN...

This is Clinton's Bridge to the 21st Century.
A Betrayal MOST Foul. A Depravity without limit.
The mind of Clinton Evil knows no rest, especially now.

I remember Todd's rantings from listening to him on his illegal shortwave radio station Omega One. To me, he clearly sounded like someone that was slowly but surely going insane. Reading what he has been posting lately, I think the recent Spankings he has received from the FBI, Google, the FCC, various service providers, and 20 WPM Code tested extras have finally pushed pushed him over the edge and that he has now gone completely and totally insane.

Two Jewish gentlemen were working at the
funeral home, when a corpse was sent to
them to be prepared for burial.

One of them, looking at the dead man's
penis, asks: "YOSSL HOST DU AMOHL
GEZEYN AZANER?"
(Yossl, have you ever seen one like this?)

Yossl says: "AVREIMALE, ICH HOB DEM ZELBEN."
(Avi, I've got one just like it.)

Astonished, Avreimale asks: "AZOY GROYSS?"
(As big as this one?)

Yossl answers: "NEIN, AZOY TOIT!"
(No, just as dead!)
==========
When his son refused to get a job, his father
insisted he join the army. At the induction physical,
the medical doctor directed the reluctant recruit to
read the eye chart across the room.

"What chart doc?" the young man asked.

'The one on the wall!' The doctor said.

"What wall?

Sensing he had a deadbeat on his hands, the
doctor asked his beautiful nurse to strip and walk
into the room naked.

"What do you see now, son?"

"Doc, I can't see a thing, I must be blind as a bat."

"Well, you may not see anything," the doctor said,
"but your dick is pointing straight toward Fort
Benning, GA!

"Welcome to the U.S. ARMY my boy!"

Some of you have undoubtedly been wondering what has
become of Mark Morgan. I can shed some light on the
mystery.

Last week, I was speaking on the phone with God, and
He was in complete agreement that Mark has gone too far
in his constant spamming of this newsgroup.

As a result, the Lord sent severe thunderstorms into the
Upper Peninsula to disable his electrical and satellite
communications infrastructure.

No doubt Morgan will eventually recover, but for the moment,
we can literally "Thank God" for the blessed silence.

It is sad that Mark has returned to rrap.
Some of us had been hoping against all hope that Mark had at long last
expired.

Unfortunately, trying to quell Mark is akin to trying to push a floating
turd under water.
You can temporarily push the turd under water for a brief while but, like
turds everywhere, they resurface downstream.

On the streets of Tokyo's Akihabara district, world famous for Ham Radio and consumer electronics, 7 people died and 12 others were wounded after a man rammed a rented two-ton truck into a crowd and then went on a rampage, stabbing people at random with a survival knife. Reports from witnesses at the scene said the attacker grunted and roared as he slashed and jabbed at his victims on a street crowded with weekend gadget shoppers.

The incident occurred at lunchtime around 12:30 PM on Sunday, 08 June 2008, in the crowded Electric Town shopping district in central Tokyo... just down the street from several of Japan's best-known ham radio stores... in the crowded area which lately has become wildly popular among Tokyo's cyber youth.

The suspect was taken into custody down an alley, just around the corner from a ham radio store, after being chased by a police officer with a baton who threatened to shoot him with his gun if he didn't give up. The perpetrator was later identified by police as 25-year-old Tomohiro Kato, had been working at a temporary factory job in the Shizuoka area.

Kato said he was frustrated and tired of life. 'I came to Akihabara to kill. Anyone would have been fine, I dont care who I killed'. He planned the attack in advance and posted his intentions on an internet blog ahead of time. The significance of Akihabara appears to have been connected to Kato's interest in Anime.

>> City Questions Circumcision Ritual After Baby Dies
>> By ANDY NEWMAN
>> Published: August 26, 2005
>> A circumcision ritual practiced by some Orthodox Jews has alarmed city
>> health officials, who say it may have led to three cases of herpes - one
>> of
>> them fatal - in infants. But after months of meetings with Orthodox
>> leaders,
>> city officials have been unable to persuade them to abandon the practice.
>>
>> The city's intervention has angered many Orthodox leaders, and the issue
>> has
>> left the city struggling to balance its mandate to protect public health
>> with the constitutional guarantee of religious freedom.
>>
>> "This is a very delicate area, so to speak," said Health Commissioner
>> Thomas
>> R. Frieden.
>>
>> The practice is known as oral suction, or in Hebrew, metzitzah b'peh:
>> after
>> removing the foreskin of the penis, the practitioner, or mohel, sucks the
>> blood from the wound to clean it.
>>
>> It became a health issue after a boy in Staten Island and twins in
>> Brooklyn,
>> circumcised by the same mohel in 2003 and 2004, contracted Type-1 herpes.
>> Most adults carry the disease, which causes the common cold sore, but it
>> can
>> be life-threatening for infants. One of the twins died.
>>
>> Since February, the mohel, Rabbi Yitzchok Fischer, 57, has been under
>> court
>> order not to perform the ritual in New York City while the health
>> department

>> is investigating whether he spread the infection to the infants.
>>
>> Pressure from Orthodox leaders on the issue led Mayor Michael R.
>> Bloomberg
>> and health officials to meet with them on Aug. 11. The mayor's comments
>> on
>> his radio program the next day seemed meant to soothe all parties and not
>> upset a group that can be a formidable voting bloc: "We're going to do a

>> not
>> the government's business to tell people how to practice their religion."
>>
>> The health department, after the meeting, reiterated that it did not
>> intend
>> to ban or regulate oral suction. But Dr. Frieden has said that the city
>> is
>> taking this approach partly because any broad rule would be virtually
>> unenforceable. Circumcision generally takes place in private homes.
>>
>> Dr. Frieden said the department regarded herpes transmission via oral
>> suction as "somewhat inevitable to occur as long as this practice
>> continues,
>> if at a very low rate."
>>
>> The use of suction to stop bleeding dates back centuries and is mentioned
>> in
>> the Talmud. The safety of direct oral contact has been questioned since
>> the
>> 19th century, and many Orthodox and nearly all non-Orthodox Jews have
>> abandoned it. Dr. Frieden said he hoped the rabbis would voluntarily
>> switch
>> to suctioning the blood through a tube, an alternative endorsed by the
>> Rabbinical Council of America, the largest group of Orthodox rabbis.
>>
>> But the most traditionalist groups, including many Hasidic sects in New
>> York, consider oral suction integral to God's covenant with the Jews
>> requiring circumcision, and they have no intention of stopping.
>>
>> "The Orthodox Jewish community will continue the practice that has been
>> practiced for over 5,000 years," said Rabbi David Niederman of the United
>> Jewish Organization in Williamsburg, Brooklyn, after the meeting with the
>> mayor. "We do not change. And we will not change."
>>
>> David Zwiebel, executive vice president of Agudath Israel, an umbrella
>> organization of Orthodox Jews, said that metzitzah b'peh is probably
>> performed more than 2,000 times a year in New York City.
>>
>> The potential risks of oral suction, however, are not confined to
>> Orthodox
>> communities. Dr. Frieden said in March that the health department had

>> fielded several calls from panicked non-Orthodox parents who had hired
>> Hasidic mohels unaware of what their services entailed.
>>
>> Defenders of oral suction say there is no proof that it spreads herpes at
>> all. They say that mohels use antiseptic mouthwash before performing oral
>> suction, and that the known incidence of herpes among infants who have
>> undergone it is minuscule. (The city's health department recorded cases
>> in
>> 1988 and 1998, though doctors in New York, as in most states, are not

>>
>> Dr. Kenneth I. Glassberg, past president of the New York section of the

>> Morgan
>> Stanley Children's Hospital of New York-Presbyterian, said that while he
>> found oral suction "personally displeasing," he did not recommend that
>> rabbis stop using it.
>>
>> "If I knew something caused a problem from a medical point of view," said
>> Dr. Glassberg, whose private practice includes many Hasidic families, "I
>> would recommend against it."
>>
>> But Rabbi Moshe Tendler, a microbiologist and professor of Talmud and
>> medical ethics at Yeshiva University, said that metzitzah b'peh violates
>> Jewish law.
>>
>> "The rule that's above all rules in the Torah is that you cannot expose

>> Dr.

I am so sick of the spam that people send that is simply untrue. I do enjoy debunking them so keep them coming as I love to hate them!!! The latest batch will of course deal with Barack Obama. And as with every single other of these emails the answer to the claims are out there if you choose to look. Do a search of Google by putting the first line of the spam into Google and then look for a post by Snopes or UrbanLegends or other blogs that do real research as opposed to opinion based blogs. It is easy to do and actually fun when you find out the truth and then send the truth back to people to enlighten them. Most people will see the accusatory email and this is the response to send the people you receive these emails fromï¿½with footnotes as opposed to the accusations.

50 Truths about Barack Obama

1. Selma Got Me Born. Senator Obama meant that the civil rights movement helped foster greater understanding between people of different races, which made it possible for his mother and father to have a relationship. He didnï¿½t mean that the events in Selma literally led to his being conceived. Here is a section from that speech:
http://www.barackobama.com/2007/03/04/selma_voting_rights_march_comm.php

ï¿½What happened in Selma, Alabama and Birmingham also stirred the conscience of the nation. It worried folks in the White House who said, ï¿½You know, weï¿½re battling Communism. How are we going to win hearts and minds all across the world? If right here in our own country, John, weï¿½re not observing the ideals set fort in our Constitution, we might be accused of being hypocrites.ï¿½ So the Kennedys decided weï¿½re going to do an air lift. Weï¿½re going to go to Africa and start bringing young Africans over to this country and give them scholarships to study so they can learn what a wonderful country America is. This young man named Barack Obama got one of those tickets and came over to this country. He met this woman whose great great-great-great-grandfather had owned slaves; but she had a good idea there was some craziness going on because they looked at each other and they decided that we know that the world as it has been it might not be possible for us to get together and have a child. There was something stirring across the country because of what happened in Selma, Alabama, because some folks are willing to march across a bridge. So they got together and Barack Obama Jr. was born. So donï¿½t tell me I donï¿½t have a claim on Selma, Alabama. Donï¿½t tell me Iï¿½m not coming home to Selma, Alabama. Iï¿½m here because somebody marched. Iï¿½m here because you all sacrificed for me. I stand on the shoulders of

giants. I thank the Moses generation; but weï¿½ve got to remember, now, that Joshua still had a job to do. As great as Moses was, despite all that he did, leading a people out of bondage, he didnï¿½t cross over the river to see the Promised Land. God told him your job is done. Youï¿½ll see it. Youï¿½ll be at the mountain top and you can see what Iï¿½ve promised. What Iï¿½ve promised to Abraham and Isaac and Jacob. You will see that Iï¿½ve fulfilled that promise but you wonï¿½t go there.ï¿½

2. Father Was A Goat Herder. Barack Obama Sr. did grow up herding sheep in a village in Kenya, and only got to go to America because he earned a scholarship to study abroad at the age of 23. ï¿½Due to a program offering Western educational opportunities to outstanding Kenyan students that was organized by nationalist leader Tom Mboya, Obama Sr. was awarded a scholarship in economics, and at the age of 23 he enrolled at the University of Hawaii.ï¿½

3. Father Was A Proud Freedom Fighter. Senator Obama never claimed that his father was a ï¿½proud freedom fighter.ï¿½ He has spoken frankly about how his father went back to Kenya and served as a government bureaucrat, until political problems led him to become a disillusioned alcoholic in his later years.

4. My Family Has Strong Ties To African Freedom. Kenyan politician Raila Odinga has claimed that he and Obama are related, though there does not seem to be much evidence. In any case, Obama is actually related to Dick Cheney, and I wouldnï¿½t hold that against him. See the BBC: http://news.bbc.co.uk/2/hi/africa/7176683.stm

5. My Grandmother Has Always Been A Christian. Obamaï¿½s grandmother IS a Christian ï¿½ he was referring to his grandmother in Kansas. As most people understand, a person has TWO grandmothers. The author confuses Obamaï¿½s U.S. and African-born grandmothers.

6. My Name is African Swahili. His first name, ï¿½Barack,ï¿½ is a word in both Swahili and Arabic. See this page from the University of Pennsylvania:
http://itre.cis.upenn.edu/~myl/languagelog/archives/004187.html

7. I Never Practiced Islam. Senator Obamaï¿½s mother did not raise him with any religion. He attended both public and Catholic schools in Indonesia. He never attended a ï¿½madrassah.ï¿½ See Time Magazine: http://time-blog.com/swampland/2007/01/disgusting.html. and See CNN.COM: http://www.cnn.com/2007/POLITICS/01/22/obama.madrassa/

8. My School In Indonesia Was Christian. He attended a Catholic school in Indonesia for two years. The other two years were spent in public schools.

9. I Was Fluent In Indonesian. Sen. Obama never claimed to be able to speak Indonesian fluently. See Time Magazine:
http://www.time.com/time/politics/article/0,8599,1695803,00.html

ï¿½Obamaï¿½s years living in Indonesia, moreover, have made him the most popular U.S. politician in Southeast Asia. When prominent Indonesians visit the U.S., the first person they want to meet is Obama, says Parnohadiningrat Sudjadnan, the Indonesian ambassador to the U.S. ï¿½Back home people think of him as one of us, or at least one who understands us,ï¿½ he says, adding that they are delighted to find that Obama speaks passable Bahasa, the language spoken in Indonesia and Malaysia.ï¿½

10. Because I Lived In Indonesia , I Have More Foreign Experience. The smear emails donï¿½t make much sense: they claim that Sen. Obamaï¿½s time in Indonesia was enough to turn him into a Muslim fanatic, but not enough for him to have experience in foreign countries. Obama said that his view of the world is different because of his childhood. Anyone with a similar experience, as well as psychologists and sociologists, can confirm this statement too (TPM).

See Time Magazine:
http://www.time.com/time/politics/article/0,8599,1695803,00.html
ï¿½Some would argue that his childhood experiences, as well as his mixed heritage (his father was Kenyan, his mother from Kansas), gives him a better inner compass on foreign policy than most Americans. They cite the pioneering work of Ruth Hill Useem, the late sociologist of Michigan State University, who spent her career studying what she called Third Culture Kids ï¿½ the millions of U.S. children (an estimated 20 million since the advent of mass air travel) who have been carted abroad by their missionary, diplomatic, corporate or military parents. These frequent-flier kids donï¿½t spend enough time in their adopted countries to become fully bicultural, but they take pieces and add it to their home values and traditions ï¿½ creating millions of ï¿½Third Cultures.ï¿½ Studies have shows that kids who have spent time abroad are more likely to go to college, to relate to one another despite the influences of vastly differing cultures, and to latch on to one aspect of their culture ï¿½ in Obamaï¿½s case African Americanism.ï¿½

11. I Am Stronger On Foreign Affairs - LIAR, except for Africa (surprise) and the Middle East (bigger surprise), you have never been anywhere else on the planet and thus have NO experience with our closest allies. If Obamaï¿½s travels in Africa, Asia and the Middle East donï¿½t have any relevance to foreign affairs, what would? A visit to Antarctica?

12. I Blame My Early Drug Use On Ethnic Confusion. The smear email suggests that Sen. Obama had no problems growing up as a biracial kid in the 1960s and 1970s. The anonymous people who put out these emails must know him better than he does.

13. An Ebony Article Moved Me To Run For Office. This may be an incorrect memory from childhood. The article may have appeared in another magazine.

14. A Life Magazine Article Changed My Outlook On Life. The book recites a memory from his childhood. Several advertisements depicting the whitening creams that Obama described did appear in magazines at that time (and still do today.) - From TPM.

15. I Wonï¿½t Run On A National Ticket In ï¿½08. The quotation is false: Obama said he had ï¿½no plansï¿½ to run, which is the standard cover used by politicians. In fact, out of all candidates in the primaries, every single one had stated this at one pointï¿½including Sen. Clinton and McCain (from TPM).

16. Present Votes Are Common In Illinois. Present votes ARE common in Illinois, as has been explained by Illinois legislators, newspapers and researchers. Present votes are made strategically to help weaker representatives in your partyï¿½for example Planned Parenthood ASKED Obama to vote ï¿½presentï¿½ instead of ï¿½noï¿½ on some abortion bills so that other Democratic State Senators would have cover.

17. Oops, I Misvoted. No idea what this one is even referring to. Here is a complete list of Obamaï¿½s voting record: http://projects.washingtonpost.com/congress/members/o000167/

18. I Was A Professor Of Law. Sen. Obama taught constitutional law at the University of Chicago; according to UC, he was a professor of law. It does not get any simpler than this, even if the academic titles seem confusing. Obama was also NOT on leave when he was teachingï¿½ he has been on leave since his election to U.S. Senate. Here is the U of Chicago School of Law statement on this very issue: http://www.law.uchicago.edu/media/index.html

19. I Was A Constitutional Lawyer. Sen. Obama worked as a civil rights lawyer in Chicago from 1993 to 2002. See Wikipedia: http://en.wikipedia.org/wiki/Early_life_and_career_of_Barack_Obama. Also here is the website of the law firm he worked for: http://www.lawmbg.com/index.cfm/PageID/2674

20. Without Me, There Would Be No Ethics Bill. Sen. Obama did propose and pass the toughest ethics legislation in Congress yet, banning many different ways that lobbyists got legislators to do favors for them. Find the text of the Legislative Transparency and Accountability Act at http://obama.senate.gov/issues/ethics_and_lobbying_reform/

21. The Ethics Bill Was Hard To Pass. Just because a bill passed in two weeks does not mean it was not difficult to pass. The full process actually took more than 14 days. However, if your opponent accuses you of getting bills passed TOO fast, you obviously do not have many vulnerabilities.

22. I Wrote A Tough Nuclear Bill. Sen. Obamaï¿½s original bill was much tougher but the Republicans required it toned down before it was allowed to pass (this was prior to 2006 takeover) in its final formï¿½which still established new regulations which no-one else did. Obama also worked with Republican Senator Dick Lugar to pass a bill to keep nukes out of the hands of terrorists. See coverage at

http://www.democraticunderground.com/discuss/duboard.php?az=view_all&address=388ï¿½3353

23. I Have Released My State Records. All IL Senate records are available through Illinois State. Read What Media Matters Had to Say: ï¿½The Associated Press reported that Sen. Barack Obama ï¿½says he canï¿½t step up and produce his own records from his days in the Illinois state Senate. He says he hasnï¿½t got any.ï¿½ But Obama did not claim that the documents do not exist. In fact, the article quoted Obama saying: ï¿½I donï¿½t have ï¿½ I donï¿½t maintain ï¿½ a file of eight years of work in the state Senate because I didnï¿½t have the resources available to maintain those kinds of records.ï¿½

24. I Took On The Asbestos Altgeld Gardens Mess. Sen. Obama can legitimately take credit for this but other people were involved also.

From:
http://www.dispatchpolitics.com/live/content/president/stories/obamaearly.html
ï¿½Key players who worked with Obama at Altgeld Gardens said he deserves credit for pulling together a team of hundreds of residents who rallied for improvements at their housing projects. Obama helped secure grants for a jobs program and pushed for asbestos removal. His biggest accomplishment may have been to leave in place a group of activist mothers, some of whom continue to work or live at Altgeld Gardens.ï¿½

25. My Economics Bill Will Help America. It is unclear what Senate bill contained Sen. Obamaï¿½s ï¿½111 economic policies.ï¿½ In any case, Sen. Obamaï¿½s economic program has many positive features, including cutting loopholes exploited by corporations and wealthy Americans, cutting taxes on the middle class, and shoring up Social Security by ensuring that the rich pay as much of the rest of the us into the system.

26. I Have Been A Bold Leader In Illinois. The ï¿½supporterï¿½ who said Obama was not bold was actually a Republican state senator. Whether Obama was a bold leader is a value judgement left for the reader. He did some good work on healthcare and criminal justice in Illinois.

27. I Passed 26 Of My Own Bills In One Year. Untrue accusation, which also contradicts claim #36.

28. No One Contacted Canada About NAFTA. The Canadian embassy contacted Mr. Goolsbee in his civilian role, not the other way around. The statement is imprecise, though.

From:
http://www.factcheck.org/elections-2008/the_facts_about_nafta-gate.html

ï¿½Itï¿½s now clear that a Canadian news report that started this flap wasnï¿½t accurate. No evidence has surfaced to show that any Obama ï¿½stafferï¿½ telephoned the Canadian ambassador in Washington, and all concerned deny that any such conversation took place. But it is equally clear that Obamaï¿½s senior economic adviser did visit Canadaï¿½s

consulate in Chicago on Feb. 8, and that NAFTA was one of the several topics discussed.ï¿½

29. I Am Tough On Terrorism. Sen. Obama did not vote for the resolution designating the Iranian group a terrorist organization because he did not want to give George W. Bush an excuse to start another war.

30. I Am Not Acting As President Yet. Not sure what it means to be ï¿½acting as Presidentï¿½ when youï¿½re a candidate. In any case, the FARC accusation is false. Itï¿½s a false quotation.

31. I Didnï¿½t Run Ads In Florida. Obama advertised on national cable. Some adverts would be seen in Florida due to inability of disabling that from happening. The decision was cleared beforehand through the South Carolina DNC head as required by DNC rules. The Herald Tribune wrote, ï¿½Obamaï¿½s campaign launched national television advertisements on CNN and MSNBC that are shown in Florida ï¿½ and ï¿½Obamaï¿½s campaign spokesman Bill Burton disputes the pledge was broken. He said the campaign asked CNN and MSNBC to pull Florida from the ad buy, but the networks said they could not.ï¿½ From: http://www.heraldtribune.com/article/20080123/NEWS/801230668

32. I Won Michigan. Sen. Obama never claimed to win Michigan; he wasnï¿½t even on the ballot there. He mistakenly said ï¿½Michiganï¿½ in one interview when discussing the states he had won, but it was a gaffe. Clearly tired, he also called the interviewer by the wrong name.

33. I won Nevada. Sen. Obama never claimed to win Nevada, although he did get one more delegate from the state due to the rules for proportionally allocating delegates by voting district. From USA Today, ï¿½Obama said in a statement released by his campaign around 6:15 p.m. ET that he came from 25 points behind and nearly beat Clinton today because he did well across all of Nevada ï¿½ ï¿½including rural areas where Democrats have traditionally struggled.ï¿½ï¿½ From:http://www.usatoday.com/news/politics/election2008/2008-01-19-nevada_N.htm

34. I Want All Votes To Count. Sen. Obama wanted the primary votes to count according to the rules everyone (including Senator Clinton) agreed to in the beginning.

35. I Want Americans To Decide. Itï¿½s not Sen. Obamaï¿½s fault that some states use caucuses to choose their delegates and others use primaries. Caucuses may be less representative, but this is the way states like Iowa and Nebraska do their voting. He has won big victories in primaries (e.g. Virginia, Wisconsin, Louisiana) as well as caucuses.

36. I passed 900 Bills in the State Senate. - LIAR, you passed 26, most of which you didnï¿½t write yourself. Quotation is false. In addition, the number 26 is the number of bills he passed in his last year ALONE.

37. My Campaign Was Extorted By A Friend. No idea what this is about. Accusers give no details, evidence, reference.

38. I Believe In Fairness, Not Tactics - LIAR, you used tactics to eliminate Alice Palmer from running against you. Alice Palmer held Obamaï¿½s seat in the Illinois state senate before him, and she decided she wanted to run for the spot again after his first term. However, she was unable to get enough legitimate signatures to run for the seat.

39. I Donï¿½t Take PAC Money. Obama has not accepted PAC money directly or indirectly in this election. According to Factcheck.org: ï¿½Weï¿½ve seen no evidence that Obama is not adhering to the letter of his pledge.ï¿½ From: http://www.factcheck.org/elections-2008/pac-ing_heat.html

40. I donï¿½t Have Lobbysists - LIAR, you have over 47 lobbyists, and counting. Obama never made that statement. His statement is that he does not employ federally registered lobbyists and his administration will not include any. That statement is correct.

41. My Campaign Had Nothing To Do With The 1984 Ad. The author of the 1984 ad was not a campaign worker of the Obama campaign. The author of the ad was exposed to be Phillip de Vellis of Blue State Digital. See: http://www.bluestatedigital.com/2007/03/on_the_1984_video.html

42. My Campaign Never Took Over MySpace. Author makes a completely nonsensical claim that Obamaï¿½s campaign ï¿½took overï¿½ MySpace which is A) not true and B) technically not possible without criminal activity.

43. I Inspire People With My Words - LIAR, you inspire people with other peopleï¿½s words. Sen. Obama made use of similar words from a speech given by his friend and supporter, Governor Deval Patrick of Massachussetts. He has inspired people with plenty of other words before.

44. I Have Passed Bills In The U.S. Senate. Sen. Obama has passed several important bills and amendments in the U.S. Senate. Information is available on the US Senate website.

45. I Have Always Been Against Iraq. Sen. Obama has consistently opposed the WAR in Iraq. Unlike the author of the list, Obama does not believe that funding of the troops should be cut immediately without being able to ensure a safe and orderly redeployment. As Obama explained: ï¿½Once the bus is in the ditch, there are only so many ways to get it out.ï¿½ (for quote see: http://www.boston.com/news/nation/articles/2008/02/27/clinton_attacks_on_all_fronts/?page=2)

46. I Have Always Supported Universal Health Care. ï¿½Universal healthcareï¿½ is defined as ï¿½healthcare that is available universally.ï¿½ Obamaï¿½s plan makes healthcare universally available. Take a look at his plan and judge for yourself: http://www.barackobama.com/issues/healthcare/

47. I Only Found Out About My Investment Conflicts Via Mail. No evidence for this accusation - it is unclear what it is referring to.

48. I Am As Patriotic As Anyone - LIAR, you wonï¿½t wear a flag pin. The author assumes that everyone has to wear a flag pin to be patriotic. I love this country and I donï¿½t wear one ï¿½ do you? You could at least hear him out: http://www.barackobama.com/factcheck/2007/11/12/obama_is_a_patriot.php

49. My Wife Didnï¿½t Mean What She Said About Pride In Country. Michelle Obama said she was proud of her country. Her statement did imply that she had been less proud before than she is now. I know I was a little less proud of my country when its government started torturing people and invading countries for no reason.

50. Wal-Mart Is A Company I Wouldnï¿½t Support. Sen. Obama does not support Wal-Martï¿½s policies. TreeHouse is not ï¿½affiliated withï¿½ Wal-Mart. The latter is a customer of TreeHouse. Michelle Obama has left TreeHouse. It should be noted that while Obama is not lying as the author suggests, even this type of ï¿½connectionï¿½ with Wal-Mart should be considered bad in the opinion of yours truly.

They are two prime examples of why abortion is legal.

Birth control, preventative measures, would have been even better.

Wearing a twenty-five cent condom would have circumvented the birth of these two oddballs from the start.
But Todd's dad was too stupid to use a condom, and look at the result.
On the other hand, maybe his dad DID use a condom and it simply leaked.
Todd's poor father has had to deal with his "mistake" who now lives, permanently, in his basement with the other castoffs.

And Mark's dad, whoever he is, has no excuse. He sired a mistake and I've little doubt that he has since regretted the scourge which he inflicted upon the world.

Lay blame where it belongs I always say. It is the liberals who want to regulate everything and every aspect of life. It is the liberals who believe the answer to every problem lies in the hands of the government. Yet, there is not one single program that the government gets involved with, whether it is health care or energy production, or even employment programs, that does not eventually cause the perceived ill to become much worse than would have been otherwise without their intervention. Our energy production is just one example. You cannot limit production, which liberals advocate, without rising costs. For them to then blame the "evil oil companies" or "Peak oil" for the result shows how misguided their policies really are.

> Dam they must be the sole evil in all the world today.

Pretty much. Taking away peoples god given liberties, whether in work or play, is evil...period. The government has no business saying where and how an energy production company may function or how much profit it can make in the process.

> If you
> could put your prejudice aside and really examine the issue not from a

I understand price structure just fine, You obviously do not. As you will see in a moment.

>
> You are correct in that prices are set by supply and demand.

Exactly, and it is all you really need to know, as it applies both to the spot oil price and the future oil price. The future price continues to climb because traders, and companies who rely on fuel to run their businesses, buy the future contracts at a price they feel will be a bargain when the contract is exercised at some future date. They use the futures market to try and spread their risk over a broader period of time hoping to actually reduce their overall risk. So there is great demand for the futures contracts and that is what drives the speculation prices upward. The spot oil price is separate from the futures price.

While the futures contract price can go one direction, demand could rise or fall in the actual spot oil market meaning that the spot prices could, and usually do go the opposite direction of the futures market, meaning that spot prices could tailspin at any time leaving speculators holding the bag. This will eventually happen because the higher priced oil will encourage more production increasing supply. The point here is, while it is convenient for liberals to blame the capitalists for what they themselves have caused, it still does not de couple the laws of supply and demand.

> You also
> have to realize is that oil is also traded asa commodity onworld

That is correct. But demand is growing at twice the rate of supply and that makes oil much more valuable in any market.

> increase production.

The difference between peak oil theory and our current reality though is currently, peak oil is being artificially created by government policies which restrict production. The peak oil theory you speak of is just a theory. Now while I agree that at some point this will happen without Seeking out and using other energy sources, there are estimated to be close to a TRILLION barrels of untapped oil reserves, enough to supply all our energy needs for a century or more, which would give us plenty of time to find and develop new energy sources.

> If the Peak Oil Theory is correct then we have
> used up more oil than the Earth has left.

The earth continues to produce oil as it is a natural process caused by heat from the core and organic material. In fact, there is so much oil underground it seeps out of the ocean floor into the ocean and dissipates Now while it may not produce at current levels of usage, there is more than enough supply to keep us going at reasonable prices until nuclear, solar, and hydrogen technologies can become more cost efficient and plentiful, without the help of ggovernment. In fact, come to think of it, I heard of a new technology just a few days ago that takes fast and efficient growing seaweed and converts it to oil. So as time goes on, technology increases along with new sources of energy would more than supplement oil supplies and could one day replace it all together.

> In that case increase
> drilling and production will only speed up the end of oil production.

Yes, this is convenient reason to justify causing hardships all around the world and passing blame.

This points back to my earlier statement that most of the oil is
controlled by nation states. But they can only affect production levels,
not who they sell to on the world market. Again, you do not, obviously,
understand how commodity markets work.

> Right now oil commodity

Because of reduced supply, increased demand, and government restrictions
against exploration and production.

The key word here is "if". Nobody is sticking their head in the sand.
But I would like to point out that is is liberal policies that stopped
our nuclear industry in it's tracks despite the industries excellent
safety record. It is liberal policies that prevent construction of
refineries, power plants, both of new and old technology. It is liberal
policies that prevent exploration and production of petroleum. It is
liberal policies that takes funding away from the industrial complex
that does the research into new technologies so they then give it to
those who are unproductive in our society so they can cement their power
and buy their votes.

Well gosh, what a prophetic statement this is! The price of oil has
doubled just since the democratic congress has come to
power...coincidence? Nope, they push to punish producers all the while
preventing them from doing anything about the supply problem.

The free market would do this all by itself, without the intervention of
government, as it always does.

You're right, the worst is yet to come, but unfortunately it wont be because of peak oil, it will be because of government policies set by men who have no clue how to produce anything.

At the Russian military academy,
a General gave a lecture on 'Potential
Problems and Military Strategy'.
At the end of the lecture he asked if there
was any questions. An officer stood up
and asked: 'Will there be a third
world war and,if so, will Russia take part
in it?' The general answered both
questions in the affirmative.

The officer then asked: 'Who will be the
enemy?'
The General responded, 'All indications
point to China.'

The audience was shocked, and the officer
asks: 'General, we are only 150 million people,
there are 1,500 million Chinese.
Can we possibly win a war with China?'

The General said: 'Just think about this.
In modern warfare, it is not the
quantity that matters but the quality. For
example in the middle east we
have had a few wars recently where
5 million Jews fought against 50 million
Arabs, and Israel was always victorious.'

After a small pause the officer asked, 'Do
we have enough Jews???

She spent the first day packing her belongings into boxes, crates and suitcases. On the second day, she had the movers come and collect her things.

On the third day, she sat down for the last time at their beautiful dining room table by candle-light, put on some soft background music, and feasted on a pound of shrimp, a jar of caviar, and a bottle of spring-water.

When she had finished, she went into each and every room and deposited a few half-eaten shrimp shells dipped in caviar into the hollow of the curtain rods.

She then cleaned up the kitchen and left. When the husband returned with his new girlfriend, all was bliss for the first few days.

Then slowly, the house began to smell. They tried everything; cleaning, mopping and airing the place out. Vents were checked for dead rodents and carpets were steam cleaned. Air fresheners were hung everywhere. Exterminators were brought in to set off gas canisters, during which they had to move out for a few days and in the end they even paid to replace the expensive wool carpeting.

Nothing worked.

People stopped coming over to visit. Repairmen refused to work in the house. The maid quit.

Finally, they could not take the stench any longer and decided to move. A month later, even though they had cut their price in half, they could not find a buyer for their stinky house. Word got out and eventually even the local realtors refused to return their calls.

Finally, they had to borrow a huge sum of money from the bank to purchase a new place.

The ex-wife called the man and asked how things were going. He told her the saga of the rotting house. She listened politely and said that she missed her old home terribly and would be willing to reduce her

divorce settlement in exchange for getting the house
back.

Knowing his ex-wife had no idea how bad the smell
was, he agreed on a price that was about 1/10th of
what the house had been worth, but only if she were
to sign the papers that very day.

She agreed and within the hour his lawyers delivered
the paperwork.

A week later the man and his girlfriend stood smiling
as they watched the moving company pack everything
to take to their new home.....

And, to spite the ex-wife, they even took the curtain rods!!!

I LOVE A HAPPY ENDING, DON'T YOU?

To my friends who enjoy a glass of wine.. And those who don't.

As Ben Franklin said: In wine there is wisdom, in beer there is freedom, in water there is bacteria.

In a number of carefully controlled trials, scientists have demonstrated that if we drink 1 liter of water each day, at the end of the year we would have absorbed more than 1 kilo of Escherichia coli, (E. Coli) - bacteria found in feces. In other words, we are consuming 1 kilo of poop.

However, we do NOT run that risk when drinking wine & beer (or tequila, rum, Whiskey or other liquor) because alcohol has to go through a purification process of boiling,
filtering and/or fermenting.

Remember: Water = Poop, Wine = Health

Therefore, it's better to drink wine and talk stupid, than to drink water and be full of s**t.

There is no need to thank me for this valuable information: I'm doing it as a public service.

Who is cooler...Vanilla Ice or MC Hammer?

MC Hammer:
- is black
- wears huge pants
- does the typewriter dance better then anyone
- says "propa'" instead of "proper"
- blew tens of millions of $ in a few years

Vanilla Ice:
- shaves his eyebrows
- starred in a hit movie with popular petition
(http://www.ipetitions.com/petition/coolasicebluray)
- banged Madonna
- says "yep yep" instead of "yes" or "sure"

You know you're Jewish when...

The Yiddish word for Today is PULKES (PUHL-kees)
Translation: THIGHS. Please note: this word has
been traced back to the language of one of the
original Tribes of Israel, the Cellulites..

The only good advice that your Jewish mother
gave you was: 'Go! You might meet somebody!'

You grew up thinking it was normal for someone
to shout 'Are you okay?' through the bathroom
door when you were in there longer than 3 minutes.

Your family dog responded to commands in Yiddish.

Every Saturday morning your father went to the
neighbor-hood deli (called an 'appetitizing store')
for whitefish salad, whitefish 'chubs'), lox (nova if
you were rich!), herring, corned beef, roast beef,
cole slaw, potato salad, a 1/2-dozen huge barrel
pickles which you reached into the brine for, a dozen
assorted bagels, cream cheese and rye bread
(sliced while he waited). All of which would be
strictly off-limits until Sunday morning.

Every Sunday afternoon was spent visiting your
grand-parents and/or other relatives.
==========
6. I cannot tell you the name of Alleshia dad as he
informs me that to do so would blow his cover and
that would have cataclysmic implications for the
economy. I am torn between doing right by you
and right by the country. Please advise.

7. I do not know who the father of my child was as
they all look the same to me.

8. Tyrone Hairston is the father of child A. If you do
catch up with him, can you ask him what he did with
my AC/DC CDs? Child B who was also borned at
the same time.... well, I don't have clue.

9. From the dates it seems that my daughter was
conceived at Disney World; maybe it really is the
Magic Kingdom.

10. So much about that night is a blur. The only thing that I remember for sure is Delia Smith did a program about eggs earlier in the evening. If I had stayed in and watched more TV rather than going to the party at 8956 Miller Ave, mine might have remained unfertilized.

11. I am unsure as to the identity of the father of my baby, after all, like when you eat a can of beans you can't be sure which one made you fart.

Please by-pass recreation music makers guitar acoustic from your inane cross-posting. Neither of the two you mentioned were cool and it has nothing to do with us.

There have been so many times in my life that beautiful women have
made themselves available for my personal pleasure. I suppose it is
because I&#65533;m such a handsome Jew. Most Jews be we male or female
usually struggle with this blessing because once we marry like I have
in most cases we adhere to our mate for life. We are rarely
unfaithful. Being handsome or beautiful as is the case with women
makes us ideal for modeling jobs, acting careers, political positions
or just about any occupation that requires stunning good looks along
with intelligence. I&#65533;m happy to be a Jew and thank Hashem for all His
blessings that he has bestowed upon me and mine.

A guy is browsing in a pet shop and sees a parrot sitting on a little perch. It doesn't have any feet or legs. The guy says aloud, 'Jeesh, I wonder what happened to this parrot?'

The parrot says, 'I was born this way. I'm a defective parrot.'

'Holy crap,' the guy replies. 'You actually understood and answered me!'

'I got every word,' says the parrot. 'I happen to be a highly intelligent thoroughly educated bird.'

'Oh yeah?' the guy asks, 'Then answer this -- how do you hang onto your perch without any feet?'

'Well,' the parrot says, 'this is very embarrassing but since you asked, I wrap my weenie around this wooden bar like a little hook. You can't see it because of my feathers.'

'Wow,' says the guy. 'You really can understand and speak English can't you?'

'Actually, I speak both Spanish and English, and I can converse with reasonable competence on almost any topic: politics, religion, sports, physics, philosophy. I'm especially good at ornithology. You really ought to buy me. I'd be a great companion.'

The guy looks at the $20000 price tag. 'Sorry, but I just can't afford that.'

'Psssssst,' says the parrot, 'I'm defective, so the truth is, nobody wants me cause I don't have any feet. You can probably get me for $20; just make the guy an offer!'

The guy offers $20 and walks out with the parrot.

Weeks go by. The parrot is sensational. He has a great sense of humor, he's interesting, he's a great pal, he understands everything, he sympathizes, and he's insightful. The guy is delighted.

One day the guy comes home from work and the parrot goes, 'Psssssssssssst,' and motions him over with one wing. 'I don't know if I should tell you this or not, but it's about your wife and the postman.'

'What are you talking about?' asks the guy.

'When the postman delivered the mail today, your wife greeted him at the door in a sheer black nightie.'

'WHAT???' the guy asks incredulously. 'THEN what happened?'

'Well, then the postman came into the house and lifted up her nightie and began petting her all over,' reported the parrot.

'NO!' he exclaims. 'And she let him?'

'Yes. Then he continued taking off the nightie, got down on his knees and began to kiss her all over....'

Then the frantic guy demands, 'THEN WHAT HAPPENED?'

'Damned if I know. I got a hard-on and fell off my perch!'

618. The Medical Distinction

Guts and Balls - The Medical Distinction

We've all heard about people having guts or balls. But do you really know the difference between them? In an effort to keep you informed, the definition for each is listed below:

GUTS - Is arriving home late after a night out with the guys, being met by your wife with a broom, and having the guts to ask: 'Are you still cleaning, or are you flying somewhere?'

BALLS - Is coming home late after a night out with the guys, smelling of perfume and beer, lipstick on your collar, slapping your wife on the butt and having the balls to say: 'You're next.'

Medically speaking, there is no difference. Both result in death

Shut up Fatty, I see my predictions came true. First I predicted that
you were some fat balding middle aged loser a year before your posted
your horrific photo, which proved that I was correct. Then a few
months ago I predicted that you would become sick because of your
health problems (obesity/diabetes). That has become true too. And I
also predicted that you would be dead within the next 10 years from
your unhealthy ways....we will see, but I am batting 100% thus
far....YES!

Its too bad you don't appreciate good humor that has been around for many

At least I don't post trash of "KOSHER-HAM" and "BI" all the time, nor refer

You are just 1 sick puppy - if it can't be your way then it can't be any

A young man goes into the Job Centre in Worcester MA, and sees a card advertising for a Gynecologist's Assistant. Interested he goes to learn more, "Can you give me some more details about this?" he asks the guy behind the desk.

The Job Centre man sorts through his files & replies - "Oh yes here it is: The job entails you getting the lady patients ready for the gynecologist. You have to help them out of their underwear, lie them down and carefully wash their genital regions. You then apply shaving foam and gently shave off all their pubic hair then rub in soothing oils so that they're ready for the gynecologist's examination.

There's an annual salary of $45,000, but you're going to have to go to Providence RI. That's about 100 miles from here."

"Oh why, is that where the job's at?"

"No sir - that's where the end of the line is!"

You know you're Jewish when...

You experienced the phenomenon of 50 people fitting into a 10-foot-wide dining room hitting each other with plastic plates trying to get to a deli tray.

You had at least one female relative who penciled on eyebrows which were always asymmetrical.

You thought pasta was stuff used exclusively for Kugel and kasha with bowties.

You were as tall as your grandmother was by the age of seven.

You were as tall as your grandfather was by age seven and a half.

You never knew anyone whose last name didn't end in one of 5 standard suffixes (berg, baum, man, stein and witz).

You were surprised to discover that wine doesn't always taste like cranberry sauce.

You can look at gefilte fish and not turn green.

My friend passed out on the beach in Miami for four hours, and got horrible sunburn, specifically to the front of his legs above his knees.

He went to the hospital, and was promptly admitted after being diagnosed with second-degree burns. With his skin already starting to blister, and the severe pain he was in, the doctor prescribed continuous intravenous feeding with saline, electrolytes, a sedative, and a Viagra pill every four hours.
The nurse, who was rather astounded, asked, 'What good will Viagra do for him, Doctor?

The doctor replied, 'It won't do anything for his condition, but it'll keep the sheets off his legs.

I read in the paper that the antenna mount and array eventually will
end up on a Navy ship, part of a treaty compliance monitoring
program. Right now the mount should be in Baltimore.

...So you felt the need to repost my entire .sig, to comment on some old
news in it? My .sigs contain _lots_ of old news and quotes. Occasionally I
add new news, when it suits me. But feel free to whine at me some more,
it's funny.

Internal Revenue Service
U.S. Postal Service
Verizon Telephone Service
Comcast T.V. Service

None of these represent what I thought 'service' meant. But today, I got a grip on it.
I heard two farmers talking, and one of them said he had bought a new bull to "service" his cows.

BAM!! It all came into perspective. I now understand what all those 'service' agencies
are doing to us. I hope you are as enlightened as I am.

==========

A woman went to doctor's office, where she was seen by one of the new doctors.
After about 4 minutes in the examination room, she burst out, screaming as she ran down the hall.

An older doctor stopped her and asked what the problem was, and she told him her
story. After listening, he had her sit down and told her to go relax in another room.

The older doctor marched down the hallway to the back where the first doctor was
and demanded, "What's the matter with you? Mrs. Terry is 63 years old, she has four
grown children and seven grandchildren, and you told her she was pregnant?"

The new doctor continued to write on his clipboard and without looking up said, "Does she still have the hiccups?"

you are MOCKING jews it is OT and thdiruptive therefore antisemtic

No I am not mocking anybody - you know that you are really a sick SSOB - you are having a problem of grasping (something other than) reality. Yep the post probably was OT - but then again so are all of your stupid posts with the word "FAKE" in each and everyone are OT - as is all of your posts with the subject line containing a long line of the letter "z".. that's pure childish - it appears from that type of posting that you apparently did not complete any grade past the 2nd - by then a student should know their alphabet and you say that you have been to college and got some degrees - that's a big laugh.

Its interesting that you wouldn't read the site - it shows your stupidity by not reading the site - if anything it shows that you are a FAKE!

"When I told Abbie Hoffman that he was the first one who made me laugh since Lenny Bruce died, Hoffman said, "Really? He was my god." The combination of satirical irreverence and sense of justice that Bruce and Hoffman shared was the real spirit behind the Yippies--a term I coined to describe a phenomenon that already existed: an organic coalition of stoned hippies and political activists who engaged in such actions as throwing money on the floor of the New York Stock Exchange, then explaining to reporters the meaning of that symbolism. Folksinger Phil Ochs summed it up: "A demonstration should turn you on, not turn you off." So when journalists link the Yippies with misleading bedfellows, at best it's careless shorthand; at worst it's deliberate demonization. Osama bin Laden wanted an aircraft to crash into the Pentagon. Abbie Hoffman merely wanted to levitate it." -- Paul Krassner, http://tinyurl.com/ehu3v

Blonde Mortician

A man who just died is delivered to a local mortuary wearing an expensive, expertly tailored black suit.

The female blonde mortician asks the deceased's wife how she would like the body dressed. She points out that the man does look good in the black suit he is already wearing.

The widow, however, says that she always thought her husband looked his best in blue, and that she wants him in a blue suit. She gives the blonde mortician a blank check and says, 'I don't care what it costs, but please have my husband in a blue suit for the viewing.'

The woman returns the next day for the wake. To her delight, she finds her husband dressed in a gorgeous blue suit with a subtle chalk stripe; the suit fits him perfectly.

She says to the mortician, 'Whatever this cost, I'm very satisfied. You did an excellent job and I' m very grateful. How much did you spend?' To her astonishment, the blonde mortician presents her with the blank c heck.

'There's no charge,' she says.

'No, really, I must compensate you for the cost of that exquisite blue suit!' she says.

'Honestly, ma'am,' the blonde says, 'it cost nothing. You see, a deceased gentleman of about your husband's size was brought in shortly after you left yesterday, and he was wearing an attractive blue suit. I asked his wife if she minded him going to his grave wearing a black suit instead, and she said it made no difference as long as he looked nice.'

'So I just switched the heads.'

An Old Friend,

What this 'potential' Outcome Means is :

Both Barack Hussein Obama II (BHO) and John "Smiley"
McCain have to Play the "Electoral College" Game to Win the Election
and not Chase After the Popular Vote.
http://en.wikipedia.org/wiki/United_States_Electoral_College
http://en.wikipedia.org/wiki/List_of_U.S._states_by_population

There are in Fact Four Tiers to the "Electoral College" Game
an a Candidate has to Focus on Each of the Tiers in their
Order-of-Importance and have a Winning Strategy to Win
Each Tier.

TIER # 1 - There are 3 States with more than 30 Electoral
College Votes :
California (55)
Texas (34)
New York (31)
* Total 120 Votes
The Winner should Win 2-out-of-3.

TIER # 2 - There are 4 States with 20~29 Electoral College Votes
Florida (27)
Illinois (21)
Pennsylvania (21)
Ohio (20)
* Total 89 Votes {R/T 209}
The Winner should Win 3-out-of-4.

TIER # 3 - There are 13 States with 11~19 Electoral College Votes
Michigan (17)

New Jersey (15)
North Carolina (15)
Georga (15)
Virginia (13)
Massachusetts (12)
Indiana (11)
Tennessee (11)
Missouri (11)
Washington (11)
Arizona (10)
Minnesota (10)
Maryland (10)
* Total 161 Votes {R/T 370}
The Winner should Win 8-out-of-13.

These Twenty (20) States can "Control" the Electoral College
and Winning the Vast Majority can Tip the Election in favor
of one Candidate or the other.

TIER # 4 - The remaining 30 States only account for 168
of the Electoral College Votes and the Winner would only
need 58 Votes from these States to Win the Election.

What Is Need To Win the "Electoral College" Game
John "smiley" McCain needs Carl Rowe to help him
Win the Electoral College Election in 2008. Plus a
Stratigic Political Mistake by Barack Hussein Obama II
(BHO).

At present the reality is that Barack Hussein Obama II
(BHO) should Win the Electoral College by about 64
Votes : 301 to 237 of the Total of 538 Electors
=PROVIDED= BHO selects a Woman as his Vice
Presidential running mate. -imho- Not Selecting a
Women as his VP Running Mate would be a Stratigic
Political Mistake by BHO.

NOTE - That Is Any Women Except Hillary "Rotten" Clinton.

The Secret to a Democrat Party Winning Ticket in 2008 :
Overcoming the Black -versus- Feminist Dilemma
http://groups.google.com/group/rec.radio.shortwave/msg/ca6c96fca3ce14d1
http://groups.google.com/group/rec.radio.shortwave/msg/56128aeed6bccc0b

-DANGER- Should Barack Hussein Obama II (BHO) select
any Male as as his Vice Presidential running mate.
-AND- John "Smiley" McCain selects a Woman as his
Vice Presidential running mate.
-THEN- There is a distinct 'possibility' that Barack Hussein
Obama II (BHO) could Win the Popular Vote by a small
percentage of 1%~3% -and- Lose the All Important Electoral
College Vote by fewer than 14 Votes to John "Smiley" McCain.

where was that advocated?

Where? Don't you watch the news? Read the papers? Constitutional changes
have been suggested and/or attempted for such things as:

109th Congress (2005-2006)

a.. To ensure reproductive rights of women
b.. To force the Congress and President to agree to a balanced budget,
with overspending allowed only in the case of a three-fifths vote of
Congress
c.. To ensure that all children who are citizens have a right to a "free
and adequate education"
d.. To specifically permit prayer at school meetings and ceremonies
e.. To allow non-natural born citizens to become President if they have
been a citizen for 20 years
f.. To specifically allow Congress to regulate the amount of personal
funds a candidate to public office can expend in a campaign
g.. To ensure that apportionment of Representatives be set by counting
only citizens
h.. To make the filibuster in the Senate a part of the Constitution
i.. To provide for continuity of government in case of a catastrophic
event
j.. The "Every Vote Counts" Amendment - providing for direct election of
the President and Vice President, abolishing the Electoral College
k.. To clarify eminent domain, specifically that no takings can be
transferred to a private person except for transportation projects
l.. Providing a right to work, for equal pay for equal work, the right to
organize, and the right to favorable work conditions
m.. To allow the President to reduce any Congressional appropriation, or
to disapprove of same (akin to a line-item veto)

108th Congress (2003-2004)

a.. To lower the age restriction on Representatives and Senators from 30 and 25 respectively to 21
b.. To ensure that citizens of U.S. territories and commonwealths can vote in presidential elections
c.. To guarantee the right to use the word "God" in the Pledge of Allegiance and the national motto
d.. To restrict marriage in all states to be between a man and a woman
e.. To remove any protection any court may find for child pornography
f.. To allow Congress to pass laws for emergency replenishment of its membership should more than a quarter of either house be killed
g.. To place Presidential nominees immediately into position, providing the Senate with 120 days to reject the nominee before the appointment is automatically permanent
107th Congress (2001-2002)

a.. Calling for the repeal of the 8th Amendment and its replacement with wording prohibiting incarceration for minor traffic offenses
b.. To specify that progressive income taxes must be used
c.. To specify a right to "equal high quality" health care
d.. To limit pardons granted between October 1 and January 21 of any presidential election year
e.. To require a balanced budget without use of Social Security Trust Fund monies
f.. To allow for any person who has been a citizen of the United States for twenty years or more to be eligible for the Presidency
g.. To force the members of Congress and the President to forfeit their salary, on a per diem basis, for every day past the end of the fiscal year that a budget for that year remains unpassed

Well, it appears our African-American friends have found yet something else to be pissed about. A black congresswoman (this would be Sheila Jackson Lee, of Houston, an NAACP member), reportedly complained that the names of hurricanes are all Caucasian sounding names.

She would prefer some names that reflect African-American culture such as Chamiqua, Tanisha, Woeisha, Shaqueal, and Jamal. I am NOT making this up! See Snopes

http://www.snopes.com/racial/language/hurricane.asp

She would also like the weather reports to be broadcast in 'language' that street people can understand because one of the problems that happened in New Orleans was, that black people couldn't understand the seriousness of the situation, due to the racially biased language of the weather report.

I guess if the weather person says that the winds are going to blow at 140+ MPH, that's too hard to understand!!

I can hear it now: A weatherman in New Orleans says...

"Wazzup, mutha-fukkas! Hehr-i-cane Chamiqua be headin' fo' yo ass like Leroy on a crotch rocket!

Bitch be a category fo'! So, turn off dem chitlins, grab yo' chirren, leave yo crib, and head fo' de nearest FEMA office fo yo FREE shit."

Menopause Jewelry

A husband, being unhappy with his spouses mood swings,
bought a mood ring the other day so he would be
able to monitor her moods.

We've discovered that when he/she is in a good mood, it
turns green.

When he/she is in a bad mood, it leaves a big frickin' red mark
on his forehead.

Maybe next time he'll buy me a diamond. Dumb ass.

Mental Feng Shui

This is without a doubt one of the nicest good luck forwards I have received. Hope it works for you -- and me!

Lotus Touts: You have 6 minutes

There's some mighty fine advice in these words, even if you're not superstitious. This Lotus Touts has been sent to you for good luck from the Anthony Robbins organization. It has been sent around the world ten times so far.

Do not keep this message.

The Lotus Touts must leave your hands in 6 MINUTES. Otherwise you will get a very unpleasant surprise. This is true, even if you are not superstitious, agnostic, or otherwise faith impaired.

ONE. Give people more than they expect and do it cheerfully.

TWO. Marry a man/woman you love to talk to. As you get older, their conversational skills will be as important as any other.

THREE. Don't believe all you hear, spend all you have or sleep all you want.

FOUR. When you say, 'I love you,' mean it.

FIVE. When you say, 'I'm sorry,' look the person in the eye.

SIX. Be engaged at least six months before you get married.

SEVEN. Believe in love at first sight.

EIGHT. Never laugh at anyone's dreams. People who don't have dreams don't have much.

NINE. Love deeply and passionately You might get hurt but it's the only way to live life completely.

TEN.. In disagreements, fight fairly.. No name calling.

ELEVEN. Don't judge people by their relatives.

TWELVE. Talk slowly but think quickly.

THIRTEEN! .. When someone asks you a question you don't want to answer, smile and ask, 'Why do you want to know?'

FOURTEEN. Remember that great love and great achievements involve great risk.

FIFTEEN. Say 'bless you' when you hear someone sneeze.

SIXTEEN.. When you lose, don't lose the lesson.

SEVENTEEN. Remember the three R's: Respect for self; Respect for others; and Responsibility for all your actions.

EIGHTEEN. Don't let a little dispute injure a great friendship.

NINETEEN. When you realize you've made a mistake, take immediate steps to correct it.

TWENTY. Smile when picking up the phone. The caller will hear it in your voice.

TWENTY- ONE. Spend some time alone.

Now, here's the FUN part!
Send this to at least 5 people and your life will improve. 1-4 people: Your life will improve slightly.
5-9 people: Your life will improve to your liking.
9-14 people: You will have at least 5 surprises in the next 3 weeks.
15 and above: Your life will improve drastically and everything you ever dreamed of will begin to take shape.

A true friend is someone who reaches for your hand and touches your heart.
Do not keep this message.

Tiny Shetland island declares independence
By Kate Kelland

The owner of a tiny island in off Scotland declared its independence from the United Kingdom on Saturday, saying he wanted the territory, population one, to be a crown dependency like the Channel Islands.

In a declaration on his Web site, Stuart Hill, who owns the 2.5 acre island of Forvik in the Shetland Islands in the North Sea, said he no longer recognized the authority of the government or the European Union, and cited a centuries-old royal marriage dowry deal as the basis for his claim.

"Forvik owes no allegiance to any United Kingdom government, central or local, and is not bound by any of its statutes," Hill wrote.

Hill, 65, has lived in the Shetland Islands on the edge of the Atlantic since 2001, when his boat capsized there during an unsuccessful attempted to circumnavigate Britain.

He is Forvik's only resident, and his home is a tent on the storm-battered island. He says on his website that he plans to create Forvik's own currency -- the "gulde" -- print his own stamps and raise his own flag.

"There will be no income tax, VAT (value added tax), council tax, corporation tax, or any of the other taxes instituted by the British government," Hill wrote.

Hill's claim dates back to a 15th century arrangement between the Norwegian King Christian and King James III of Scotland when the Shetland Islands were effectively pawned to King James in lieu of a marriage dowry.

According to Hill's studies of the history of the island, in 1669 King Charles II re-confirmed Shetland's status at the time of the pawning, meaning the islands remained directly answerable to the crown -- represented today by the Queen.

"The monarchs and governments of Scotland, and Great Britain and the United Kingdom have for many years assumed powers over these islands of Shetland to which they were not entitled," he wrote.

"By declaring Forvik a crown dependency I am simply re-establishing the correct legal relationship between this part of Shetland and the crown.

Hill said he had written to the Queen offering his services as "steward" and recognizing her as head of state.

"I also invite anyone from any country in the world, who supports these aims, namely to become free of liars, thieves and tyrants in government, to

become a citizen of Forvik," he added.

I did it, too. I got a couple of those Wi-Fi antennas from Radio Shack and
taped them to the top of my two cell phones. Then I put two kernels of
popcorn on a paper plate and aimed the beams at the corn.
I dialed the numbers of each cell phone so they'd call each other and
watched to see what would happen. Result? Nothing happened. And when I
answered the phones, nobody was there.
Then I realized that the cell phones were moving around when I'd dial and
```

the radio waves were not focused on the popcorn. I used Duct tape to fasten the phones to my wife's flower vase and aimed them again toward the popcorn. This time I dialed the time and temperature phone number...can't fool me twice, you know.

Again nothing happened. Are you guys sure this is true?

Now I'm in deep doo-doo because the Duct tape left a sticky residue on my wife's vase and she is not a happy camper.

By the way, I have two almost new Wi-Fi antennas for sale. Maybe Mark Morgan would be interested in them so he can tape them together as an array and work moon bounce.

Warning! Don't try this at home. I am a perfeshional and wore a tin fiol hat to saffegard my brain from hram. Misuse of these divises can cause dyslexia and speeling errors.
I have no rottem teeth either.

The truth is this Riley Hollingswoth did not have anything on me, in regards to my part 15 station. Fact: Riley sent the first warning letter one year after Omega One Radio went off the air on it's own. The hard drive went out and I didn't feel like drive 250 miles to get a new one. Fact: The information that Riley asked for was information that he had gotten off the internet. NO where in my transmissions did I mention Todd O'Dochartaigh N9OGL, Nor Langley Park Studios. The ONLY thing Omega One did was played music. There was no commentary at all. Fact after I gave the information the FCC wanted this same group, which runs ve7kfm.com informed Riley Hollingsworth that I was lying based on information they had gotten off the internet. Fact Riley claims that some one t the FCC heard the station yet has shown any proof what so every, that they did hear it. I also know they didn't check the field strength and therefore they have no proof what so ever. It has been five months since the second letter and nothing, proving what I've been saying this who time, the FCC does not have the information, what worse-is that the FCC listen to a group of radio operators, who are vindictive and is giving the FCC misinformation. I say good ridden to Riley Hollingsworth, I think the FCC, Congress and or the courts should review all of his actions since he got that job, because chance are that he probably screwed a lot of people out of a license.

A man was washed up on a beach after a terrible shipwreck. Only a sheep and a sheepdog were washed up with him. After looking around, he realized that they were stranded on a deserted island.

After being there awhile, he got into the habit of taking his two animal companions to the beach every evening to watch the sunset.

One particular evening, the sky was a fiery red with beautiful cirrus clouds, the breeze was warm and gentle - a perfect night for romance.

As they sat there, the sheep started looking better and better to the lonely man. Soon, he leaned over to the sheep and put his arm around it.

But the sheepdog, ever protective of the sheep, growled fiercely until the man took his arm from around the sheep.

After that, the three of them continued to enjoy the sunsets together, but there was no more cuddling.

A few weeks passed by and, lo and behold, there was another shipwreck.

The only survivor was a woman.

That evening, the man brought the newcomer to the evening beach ritual. It was another beautiful evening - red sky, cirrus clouds, a warm and gentle breeze - perfect for a night of romance. Pretty soon, the man started to get 'those feelings' again..

He fought the urges as long as he could but he finally gave in and leaned over to the woman and told her he hadn't had sex for months. She batted her eyelashes and asked if there was anything she could do for him.

He said, 'Would you mind taking the dog for a walk?'

It's legit, according to: www.snopes.com

Folks - I normally do not forward an item such as this to such a diverse population - but I think that this has a lot of merit!

From a nurse:

I'll never forget the look in my patients' eyes when I had to tell them they had to go home with the drains, new exercises and no breast. I remember begging the Doctors to keep these women in the hospital longer, only to hear that they would, but their hands were tied by the insurance companies. So there I sat with my patients, giving them the instructions they needed to take care of themselves, knowing full well they didn't grasp half of what I was saying, because the glazed, hopeless, frightened look spoke louder than the quiet 'Thank You' they muttered. A mastectomy is when a woman's breast is removed in order to remove cancerous breast cells/tissue. If you know anyone who has had a Mastectomy, you may know that there is a lot of discomfort and pain afterwards. Insurance companies are trying to make mastectomies an outpatient procedure. Let's give women the chance to recover properly in the hospital for 2 days after surgery.

It takes 2 seconds to do this and is very important. Please take the time and do it! Please send this to everyone in your address book. If there was ever a time when our voices and choices should be heard, this is one of those times.

If you're receiving this, it's because I think you will take the 30 seconds to vote on this issue and send it on to others you know who will do the same. There's a bill called the Breast Cancer Patient Protection Act which will require insurance companies to cover a minimum 48-hour hospital stay for patients undergoing a mastectomy. It's about eliminating the 'drive-through' Mastectomy where women are forced to go home just a few hours after surgery, against the wishes of their doctor, still groggy from anesthesia and sometimes with drainage tubes still attached.

Lifetime Television has put this bill on their Web page with a petition drive to show support. Last year over half the House signed on. PLEASE!! Sign the petition by clicking on the web site below. You need not give more than your name, state, email, and zip code.

(http://www.lifetimetv.com/breastcancer/petition/signpetition.php)

This takes about 2 seconds. PLEASE PASS THIS ON to your friends and family, and on behalf of all women, THANKS!

A fleeing Taliban, desperate for water, was plodding through the Afghanistan desert when he saw something far off in the distance. Hoping to find water, he hurried toward the object, only to find a little old Jewish man at a small stand selling ties.

The Taliban asked, 'Do you have water?'

The Jewish man replied, 'I have no water. Would you like to buy a tie? They are only $5.'

The Taliban shouted, 'Idiot! I do not need an over-priced tie. I need water! I should kill you, but I must find water first!

'OK,' said the old Jewish man, 'it does not matter that you do not want to buy a tie and that you hate me. I will show you that I am bigger than that. If you continue over that hill to the east for about two miles, you will find a lovely restaurant. It has all the ice cold water you need. Shalom.'

Muttering, the Taliban staggered away over the hill. Several hours later he staggered back, almost dead.

'Your f***ing brother won't let me in without a tie!'

TEH WAY OF THE K00K
Never learn from your mistakes.
Always practice your mistakes; you may get them right.
Always pick on those smarter and tougher than you.
Always believe that only you know the TRVTH.
Never allow logic or reason get in the way of a good k00k.
When being overwhelmed by logic and reason: k00ksuit!
If you are going to be wrong, do it at the top of your lungs.
When caught in a lie: LIE!
When in doubt: Order the Crab Won Ton
Plagiarism is your friend. Use it.
Whenever contradicted; morph, start calling people names, and make false accusations. Include the children of your target in your allegations, even if they don't have any.
(06-Jun-05) When nobody else will listen, post to your own fan group.
(06-Jun-05) Obviously, since you have your own fan group, this must mean that you have fans. Post prolifically to your fan group - you wouldn't want to disappoint them!
(10-May-2005)Everyone reads usenet. Approval here means approval everywhere.
Post numerous blank posts, or posts containing only a message id.
Post numerous copy&paste web articles from crackerpot websites.
Never forget to call kookologists "k00ks."
If there are several, call them "sockpuppets" too
When all else fails, accuse various and sundry kookologists of e-mailing viruses to you. This is a sure-fire method of garnering sympathy and ensuring that the General Public will always see things your way. An especially effective sub-strategy here is to accuse them of infecting you with the 'Sasser' worm via e-mail.
Quote notorious scientists or writers - it makes it look as if they approve the drivel you are writing!
(9-Jul-05) Anytime your computer is infected with a virus, bogged down by spyware, attacked over your internet connection, or otherwise suffers from preventable problems, government agencies are responsible and are trying to silence you and are monitoring your computer files.

Ignore all traffic signs and feel free to trespass, you don't have to obey any rules.
Scare your enemies with lawsuits, police escorts and whines.
Always back up your empty (albeit noisy) threats with phony LARTs, false police reports, and harassing letters to the FBI and other gubbermint agencies.
Be vigilant in your redundancy. The more you repeat yourself, the more likely others will believe you!
If you can't find anyone as crazy as yourself to support you in the flamewars you start with the normal population, create sock puppets and use anonymous remailers that shamelessly hang on every word you write.
(17-Mar-05) When dealing with law enforcement, remember that it is they who have the problem, not you. Be sure to inform them of this at every available opportunity, as they will surely appreciate your constructive criticism. Be sure to make them aware that YOU KNOW YOUR RIGHTS! ("The cops like that, when people know their rights. That way they don't have to read them to you on the way to the station." - George Carlin)
The more your fake personalities adulate you, the more respect you'll get!
When confronted with a reality that you don't like: Announce loudly that you are departing, never to return as long as there's an Internet. Come back in three or four days and claim you were drunk, hacked, abducted by alience, or forged. Alternately you can just not even mention your prior departure, and if anyone asks you about it, either ignore them or respond with something along the lines of "YOUR NOT THE BOSS OF ME! *PLONK*!" People really know you mean business then.
Always remain clueproof.
(20-Mar-05) Anyone who does not believe that you are the reincarnation of [$DEITY_OR_PROPHET] is obviously an infidel lacking in faith whose soul in in peril of everlasting damnation.
When responding to one line challenges, post paragraphs of rants and screed in response.
Incoherency is not a roadblock to poasting.
Neither is illiteracy.
Delusions poasted often enough become fact.
Claim you will destroy <insert newsfroup> for attacking you.
When spnaked, send cmsg for Fanboi newsfroup(s).
Find your Lame, Use your Lame, Be your Lame!
Post Edit when the TRVTH hurts.
Always sneck the offending newsfroups.
Always poast pictures of yourself so you can be admired in all your k00ky glory.
Always accuse others of the very acts you are guilty of.
Post lots of boasts about your high IQ and incredible talents.
(20-Mar-05) If you repeat a lie often enough, it becomes the truth. Anybody who fails to understand this is engaged in a deliberate campaign of misinformation and character assassination.
Always <plonk> somebody just before replying the plonkee!
The k00k considers itself the most intelligent person in any conversation, possibly on the planet. Other people are benighted and

ignorant, and have been waiting their whole lives for the k00k to rescue them from intellectual darkness.
Write a self-published book and claim it a success. Bonus points for comparing it to "Mein Kampf" and/or the Bible.
Declare yourself equal to a deity of your choice.
Claim that you've come from other planets.
Claim thousands of past lives.
Frothing complaints carry far more weight when you send them from "legal@" some domain.
Nothing strikes terror into the hearts of your detractors more than telling them that you're archiving their messages for possible use in the future.
Never forget that everyone else posting to Usenet is a paid disinformation agent looking to discredit you.
Usenet is governed by US law. If a poster in Romania killfiles you, he's obviously violating your 1st Amendment rights and can be sued.
Every news admin in the world hangs out in NANAU, and they're just dying to nuke the account of that meanyhead who just called you "fucknozzle". Drop 'em a line - that's what they're there for, after all.
AUK will be closed down. Just you wait and see.
They've nuked hundreds of accounts in the name of free speech and *yours* will be next.
The k00k will, without any trace of irony, lie, manipulate, impersonate, censor, and declare themselves powerful in ways ranging from the ability to have an account shut down to being God Herself, in order to convince people that they are not liars, manipulators, censors, or insane.
Abuse women while telling how many hundreds you've loved. Nevermind that you're one ugly motherfucker and that there were 30,000 femininas that thought you were a scumbag with bad teeth.
Remember that your ko0ky klaims are 'facts', and that 'facts' do not require proof.
Do not neglect to poast your responses to forums that the originator doesn't read. This will make the people in that forum very impressed with how you tear him to shreds without him being able to respond. They like it even better if you are off-topic for that forum.
Keep in mind that lack of evidence supporting your konspiracy theory actually _is_ evidence, of how effective the konspiracy is in hiding.
(06-Oct-05) When spanked, always retreat to the safety of the Ad Hominem.
(04-Aug-2005) When spanked mercilessly for days on end, proving with each poast just what an illiterate and ignorant fool you are, ALWAYS claim ownership of [person(s),froup(s)]. This works on so many levels. It inspires dread in your opponents that they will no longer be able to poast in their home froup and that they will eventually have to pay rent, to name just two.
Any problems with your poasts are the fault of the konspirators, who are trying to stop you from preventing the extinction of humanity.
Konspiracies that are able to subvert whole governments are always unable to silence konspiracy ko0ks.
The entire United States government is willing to spend millions of

dollars for the sole purpose of harassing you.
Hollywood is making movies based on your personal life.
Do not consult psychiatrists or other mental health professionals. They are part of the konspiracy, and will sedate you and lock you away and keep you drugged if you tell them the truth.
Numerology and Astrology are respectable sciences and are useful for proving your case.
Everyone is Tim Hill, or David Green, or...
There is a fine line between trolling and kookery. Find that line and cross it repeatedly. When you are killfiled and/or LARTed for net.abuse as a result, claim victory. If you lose multiple accounts, this merely proves that you are indeed a world-class troll, with a black-belt in manipulation.
If you respond to every post someone else makes, they're obsessed. If they respond to less than 1% of your posts, they're even more obsessed.
Publishing people's real names, addresses, and phone numbers when there's no other way for you to come out of a flamewar with any dignity is cool, and proves that you are a master of secret internet information stores, and absolutely not to be fucked with.
Everyone is out to get you. You can put a stop to this by telling everyone that they're out to get you at every available opportunity.
You are the only sane one.
Those that give you a hard time about morally bankrupt things you yourself admit to are just persecutioners of the new inquisition.
Yelling in all caps and cursing at your detractors is debate. Your detractors laughing at you with sarcastic remarks is obvious anger and jealousy.
If doing something results in the loss of your account, legal hassles, or blunt trauma injury, do it again. It always works better the second time.
Asterisks, lots and lots of Asterisks.
Poking holes in kookscreed is stalking, and is a felony.
K00ks LOVE to "connect the dots". They are, of course, dots that only the k00k can see.

Contact:
Nestl&#65533; Pure Life

FOR IMMEDIATE RELEASE -- (GREENWICH, Connecticut, June 24, 2008) - This announces a product recall for the one-gallon Nestl&#65533; Pure Life Purified Drinking Water sold ONLY in Shop-Rite stores in the five Northeast states of Connecticut, Delaware, New Jersey, New York and Pennsylvania. This affects ONLY the one-gallon size.

Fewer than 150 one-gallon bottles of Nestl&#65533; Pure Life Purified Water are implicated, produced in a short timeframe on May 5, 2008 between 8:00 AM and 9:00 AM. The product date code is printed on the shoulder of one-gallon bottles. The code is:

First line....050508126WF024
Second line..... Starts with the numbers "08"
For example: 0801BB05/2010

The product in question may contain a diluted form of a common food grade cleaning compound that results in a bitter or sour taste. This could pose a potential health concern if ingested in large quantities over an extended period of time and should not be consumed or used in preparing infant formulas or other foods or beverages. No illnesses have been reported.

To further assure consumers, Shop-Rite, as of Monday, June 23rd, has removed any remaining affected product from their stores and warehouses.

Consumers who possess this product or have questions should contact the company at a toll free number 866-599-8980 available 24 hours a day. This same toll-free number is also printed on the front of all product labels for the one-gallon size.

"Plenty of people post under their real names and do not attempt to hide their contact info. You are scared of being 'outed' because you are a pathological abuser of usenet, and people rightly despise you for it. You're afraid of being reported to the authorities or, better, visited by a couple of guys with baseball bats. Other people don't have this obsessive fear. Ward Hardman himself has posted plenty of personal information - nothing that anyone else added was hidden in any way. You're so fucking scared you've built up this whole sick mythology about different categories of bad dudes who 'out' scum like you.

"Meanwhile you are the ugliest pigfucker in the universe. You are the coward without ethics. You call me a 'newbie' - ha! what an asshole you are. Those who want to remain anonymous do so. There is absolutely no way you could identify me, not unless you had the sort of subpoena power that only gets turned on for big-time terrorists. That's because I chose to be anonymous. Some people don't. Only really stupid dicks like you choose the sort of semi-anonymity which leaves you in constant fear.

"What a dickless wonder you are 'Snarky' you fat asshole."

"When I told Abbie Hoffman that he was the first one who made me laugh since Lenny Bruce died, Hoffman said, "Really? He was my god." The combination of satirical irreverence and sense of justice that Bruce and Hoffman shared was the real spirit behind the Yippies--a term I coined to describe a phenomenon that already existed: an organic coalition of stoned hippies and political activists who engaged in such actions as throwing money on the floor of the New York Stock Exchange, then explaining to reporters the meaning of that symbolism. Folksinger Phil Ochs summed it up: "A demonstration should turn you on, not turn you off." So when journalists link the Yippies with misleading bedfellows, at best it's careless shorthand; at worst it's deliberate demonization. Osama bin Laden wanted an aircraft to crash into the Pentagon. Abbie Hoffman merely wanted to levitate it." -- Paul Krassner, http://tinyurl.com/ehu3v

REMINDER.... all cell phone numbers are being released to telemarketing companies tomorrow and you will start to receive sale calls.

.... YOU WILL BE CHARGED FOR THESE CALLS

To prevent this, call the following number from your cell phone: 1-888-382-1222.

It is the National DO NOT CALL list. It will only take a minute of your time. It blocks your number for five (5) years.

You must call from the cell phone number you want to have blocked. You cannot call from a different phone number.

You can also block any of your phones from www.donotcall.gov

No this is not SPAM - this is to inform the public at large - this is for both the general public and the ham radio group - it is 2 bad that you have a 1 track mind - and that is the mind of a babbling 2 yr old - you are just learning 1 word at a time - either SPAMER or FAKE - I know that from past experience, your response to this post is that you will kill most of my comments - and of course the subject line - but alas - I am saving them in the Cc: above, if I have to repeat this post verbatim!

He was the "Milli Vanilli" of his day. A sort of 'pet rock' with a
really stupid haircut.

His 'career' lasted about 10 minutes, sometime in the early 1990s.
He proclaimed himself a white rap star, and a handful of pre-teen
girls actually bought his CDs.

And, if you don't like someone sneaking malware onto your computer, be
sure to disable all scripting before you visit that place. It's loaded
with third party javascript from places like finditquick.com and
overture.com, so go there at your own risk.

That figures. They've been in hyper-k00kwhine mode for years about Mark,

"When I told Abbie Hoffman that he was the first one who made me laugh since Lenny Bruce died, Hoffman said, "Really? He was my god." The combination of satirical irreverence and sense of justice that Bruce and Hoffman shared was the real spirit behind the Yippies--a term I coined to describe a phenomenon that already existed: an organic coalition of stoned hippies and political activists who engaged in such actions as throwing money on the floor of the New York Stock Exchange, then explaining to reporters the meaning of that symbolism. Folksinger Phil Ochs summed it up: "A demonstration should turn you on, not turn you off." So when journalists link the Yippies with misleading bedfellows, at best it's careless shorthand; at worst it's deliberate demonization. Osama bin Laden wanted an aircraft to crash into the Pentagon. Abbie Hoffman merely wanted to levitate it." -- Paul Krassner, http://tinyurl.com/ehu3v

The FBI is probably monitoring anonib.com. If you don't want your IP address to be logged by the FBI, either use a proxy or stay away. N9OGL and his smarmy friends are up to their necks in sleaze as usual.

Here's how anonib.com explains its ongoing kiddy porn problems:

--(begin quote)--
WHERE HAS ANONIB.COM BEEN?

In addition to the $20,000 overage fees, the following is where anonib.com has been, and why.

1. The site was shut down and servers confiscated because RackSpace suspected that child pornography was located on the server.

2. Anonib does not condone such behavior and will cooperate fully with the FBI in their investigation, should they see fit to do so.

3. The anonib administrators will block any and all users who attempt to post anything even questionable in this area.

4. It is a shame that the abuse of this space has now ruined the usage of what is otherwise a free space for the expression of views and opinions for over 100,000 visitors a day.

5. Anonib is dedicated to continuing to provide you the means for expression and is working diligently to develop an alternative, even if it means starting from scratch.

6. If you have ideas or suggestions, or better yet, the skills or talents to help us in this endeavor, please contact us at the http://www.anonib.com/newsuggestions/ Stay tuned, we will be fully functional again in short order.

7. Thank you very much for your continued patience and please tell the world that we are back!

no it not, child porn is definded as images of REAL CHILDREN engaged
in sex, Cartoons are NOT real. If you don't believe me ask the Justice
Department. In the recent case of United States V Williams the
Department of Justice stated that the pandering law that Williams was
be charged with does not apply to cartoons, paintings and movies which
use young looking actors, it only applies to Real Images or someone
who is pandering them off as real images.

Hello everyone!

With all the sadness and trauma going on in the world at the moment, it is worth reflecting on the death of a very important person, which almost went unnoticed last week.

Larry LaPrise, the man that wrote 'The Hokie Pokey' died peacefully at the age of 93. The most traumatic part for his family was getting him into the coffin. They put his left leg in. And then the trouble started.

Shut up. You know it's funny. Now send it on to someone else and make them smile

Every time you do so, he feels justified in that he has gotten a response.
Ignore him. Change HIS subject lines and don't look back.

Fight fire with fire.

Better yet, ignore Mark altogether. That, to him, is the ultimate of
insults.

Where is a "froger"? Is that the Frogger game that is so popular of late?

And what is "obessing"? I can't seem to find that in any of my dictionaries.

Some folks think that Mark is less than intelligent, and he says he isn't.

Then he makes one of many stupid posts and proves that he is.

Mark, why do you do this? Do you feel it necessary to flaunt your odd, perverse male upon male preferences for us to read? Why?
Nobody really cares about your penchant for sharing anal or oral sex with fellow males. You bring it up, ad-nauseum, not us.

Roger somehow got through the FCC review of his Extra class license and has had his license renewed for the usual ten years.
This development is no doubt a disappointment for Mark Morgan, KB9RQZ, who has been "dogging" Roger for the last nine months.

Poor No Code Mark is now going to have to divert his twisted attentions elsewhere now that Code-
Tested Extra Class AB8MQ has been validated by the FCC.

What a bitter pill this must have been for Mark to swallow.

When in doubt: Order the Crab Won Ton
Plagiarism is your friend. Use it.
Whenever contradicted; morph, start calling people names, and make false accusations. Include the children of your target in your allegations, even if they don't have any.
(06-Jun-05) When nobody else will listen, post to your own fan group.
(06-Jun-05) Obviously, since you have your own fan group, this must mean that you have fans. Post prolifically to your fan group - you wouldn't want to disappoint them!
(10-May-2005)Everyone reads usenet. Approval here means approval everywhere.
Post numerous blank posts, or posts containing only a message id.
Post numerous copy&paste web articles from crackerpot websites.
Never forget to call kookologists "k00ks."
If there are several, call them "sockpuppets" too
When all else fails, accuse various and sundry kookologists of e-mailing viruses to you. This is a sure-fire method of garnering sympathy and ensuring that the General Public will always see things your way. An especially effective sub-strategy here is to accuse them of infecting you with the 'Sasser' worm via e-mail.
Quote notorious scientists or writers - it makes it look as if they approve the drivel you are writing!
(9-Jul-05) Anytime your computer is infected with a virus, bogged down by spyware, attacked over your internet connection, or otherwise suffers from preventable problems, government agencies are responsible and are trying to silence you and are monitoring your computer files.
Ignore all traffic signs and feel free to trespass, you don't have to obey any rules.
Scare your enemies with lawsuits, police escorts and whines.
Always back up your empty (albeit noisy) threats with phony LARTs, false police reports, and harassing letters to the FBI and other gubbermint agencies.
Be vigilant in your redundancy. The more you repeat yourself, the more likely others will believe you!
If you can't find anyone as crazy as yourself to support you in the flamewars you start with the normal population, create sock puppets and use anonymous remailers that shamelessly hang on every word you write.
(17-Mar-05) When dealing with law enforcement, remember that it is they who have the problem, not you. Be sure to inform them of this at every available opportunity, as they will surely appreciate your constructive criticism. Be sure to make them aware that YOU KNOW YOUR RIGHTS! ("The cops like that, when people know their rights. That way they don't have to read them to you on the way to the station." - George Carlin)
The more your fake personalities adulate you, the more respect you'll get!
When confronted with a reality that you don't like: Announce loudly that you are departing, never to return as long as there's an Internet.

Come back in three or four days and claim you were drunk, hacked, abducted by alience, or forged. Alternately you can just not even mention your prior departure, and if anyone asks you about it, either ignore them or respond with something along the lines of "YOUR NOT THE BOSS OF ME! *PLONK*!" People really know you mean business then.
Always remain clueproof.
(20-Mar-05) Anyone who does not believe that you are the reincarnation of [$DEITY_OR_PROPHET] is obviously an infidel lacking in faith whose soul in in peril of everlasting damnation.
When responding to one line challenges, post paragraphs of rants and screed in response.
Incoherency is not a roadblock to poasting.
Neither is illiteracy.
Delusions poasted often enough become fact.
Claim you will destroy <insert newsfroup> for attacking you.
When spnaked, send cmsg for Fanboi newsfroup(s).
Find your Lame, Use your Lame, Be your Lame!
Post Edit when the TRVTH hurts.
Always sneck the offending newsfroups.
Always poast pictures of yourself so you can be admired in all your k00ky glory.
Always accuse others of the very acts you are guilty of.
Post lots of boasts about your high IQ and incredible talents.
(20-Mar-05) If you repeat a lie often enough, it becomes the truth.
Anybody who fails to understand this is engaged in a deliberate campaign of misinformation and character assassination.
Always <plonk> somebody just before replying the plonkee!
The k00k considers itself the most intelligent person in any conversation, possibly on the planet. Other people are benighted and ignorant, and have been waiting their whole lives for the k00k to rescue them from intellectual darkness.
Write a self-published book and claim it a success. Bonus points for comparing it to "Mein Kampf" and/or the Bible.
Declare yourself equal to a deity of your choice.
Claim that you've come from other planets.
Claim thousands of past lives.
Frothing complaints carry far more weight when you send them from "legal@" some domain.
Nothing strikes terror into the hearts of your detractors more than telling them that you're archiving their messages for possible use in the future.
Never forget that everyone else posting to Usenet is a paid disinformation agent looking to discredit you.
Usenet is governed by US law. If a poster in Romania killfiles you, he's obviously violating your 1st Amendment rights and can be sued.
Every news admin in the world hangs out in NANAU, and they're just dying to nuke the account of that meanyhead who just called you "fucknozzle". Drop 'em a line - that's what they're there for, after all.
AUK will be closed down. Just you wait and see.
They've nuked hundreds of accounts in the name of free speech and

yours will be next.
The k00k will, without any trace of irony, lie, manipulate, impersonate, censor, and declare themselves powerful in ways ranging from the ability to have an account shut down to being God Herself, in order to convince people that they are not liars, manipulators, censors, or insane.
Abuse women while telling how many hundreds you've loved. Nevermind that you're one ugly motherfucker and that there were 30,000 femininas that thought you were a scumbag with bad teeth.
Remember that your ko0ky klaims are 'facts', and that 'facts' do not require proof.
Do not neglect to poast your responses to forums that the originator doesn't read. This will make the people in that forum very impressed with how you tear him to shreds without him being able to respond. They like it even better if you are off-topic for that forum.
Keep in mind that lack of evidence supporting your konspiracy theory actually _is_ evidence, of how effective the konspiracy is in hiding.
(06-Oct-05) When spanked, always retreat to the safety of the Ad Hominem.
(04-Aug-2005) When spanked mercilessly for days on end, proving with each poast just what an illiterate and ignorant fool you are, ALWAYS claim ownership of [person(s),froup(s)]. This works on so many levels. It inspires dread in your opponents that they will no longer be able to poast in their home froup and that they will eventually have to pay rent, to name just two.
Any problems with your poasts are the fault of the konspirators, who are trying to stop you from preventing the extinction of humanity.
Konspiracies that are able to subvert whole governments are always unable to silence konspiracy ko0ks.
The entire United States government is willing to spend millions of dollars for the sole purpose of harassing you.
Hollywood is making movies based on your personal life.
Do not consult psychiatrists or other mental health professionals. They are part of the konspiracy, and will sedate you and lock you away and keep you drugged if you tell them the truth.
Numerology and Astrology are respectable sciences and are useful for proving your case.
Everyone is Tim Hill, or David Green, or...
There is a fine line between trolling and kookery. Find that line and cross it repeatedly. When you are killfiled and/or LARTed for net.abuse as a result, claim victory. If you lose multiple accounts, this merely proves that you are indeed a world-class troll, with a black-belt in manipulation.
If you respond to every post someone else makes, they're obsessed. If they respond to less than 1% of your posts, they're even more obsessed.
Publishing people's real names, addresses, and phone numbers when there's no other way for you to come out of a flamewar with any dignity is cool, and proves that you are a master of secret internet information stores, and absolutely not to be fucked with.
Everyone is out to get you. You can put a stop to this by telling everyone that they're out to get you at every available opportunity.

You are the only sane one.
Those that give you a hard time about morally bankrupt things you yourself admit to are just persecutioners of the new inquisition.
Yelling in all caps and cursing at your detractors is debate. Your detractors laughing at you with sarcastic remarks is obvious anger and jealousy.
If doing something results in the loss of your account, legal hassles, or blunt trauma injury, do it again. It always works better the second time.
Asterisks, lots and lots of Asterisks.
Poking holes in kookscreed is stalking, and is a felony.
K00ks LOVE to "connect the dots". They are, of course, dots that only the k00k can see.
"They laughed at Einstein, too!"

Mik&#65533; ihmeen 80%?

Lukasin lehden 5.6.2008 ja nyt on suorastaan outoa ilmassa. Miltei jokainen Suomen ja MY&#65533;S Ruotsin ydinvoimalat kaikki p&#65533;rr&#65533;&#65533; mystisell&#65533; 80 % tehollaan? HalloUU? Miksei joku 75 % tai vaikka 90 %?? Ja miksei ydinala lainkaan asiaa kommentoi vaikka miljoonat palaa poikineen kuin tyhj&#65533;&#65533; vaan s&#65533;hk&#65533;nmenetyksiin. Miksei t&#65533;&#65533;ll&#65533; kukaan ole huomaavinaan mit&#65533;&#65533;n..."outoa" ydinpuollossa. Ruotsin 80 % ajoa on kest&#65533;nyt jo vuosia?

Mik&#65533; &#65533;lli sai meill&#65533; toimituksen alkamaan vain p&#65533;ivi&#65533; sen j&#65533;lkeen kun valitukseni EU:lle meni USA:n tehosyyneihin? . Sitten V&#65533;L&#65533;HTI! Mik&#65533; erottaa Ruotsin ja Suomen ydinvoimalat kaikesta muusta maapallon ydinvoimalakannasta? Aivan, t&#65533;&#65533;ll&#65533; vaihdetaan tuskin kolmannes uraanista vuosittain, kun muualla maailmalla AINA kaikki! Toinen mielenkiintoinen vinkki. Pohjoismainen uraanin nyt tutkailtava laittomaksi plutoniumajoksi luonnehdittu U-235 polttolimiittiarvo on 75. Vastaava luku on 98 % maailman muilla reaktoreilla korkeintaan 60! Lasketaan, 60/ 75= 80 %! Siit&#65533; narahti! Ja kuin ilmaiseksi ratkesi my&#65533;s se mysteerio miten yht&#65533;kki&#65533; IAEA, joka kielt&#65533;&#65533; kyll&#65533; s&#65533;&#65533;t&#65533;ajon hyv&#65533;ksyy pys&#65533;ytetyn, j u u r i 80 % pidon ydinvoimaloille! Samasta syyst&#65533; miksei ydinpuolto halua asiasta hiiskausta esitt&#65533;&#65533;.

Ruotsissa on ymm&#65533;rretty, ett&#65533; sen ongelmana on laittoman suureksi keinoteltu, nyt ilmiannettu plutoniumenergiank&#65533;ytt&#65533;. Jonka seurauksena jo vuosikaudet Pohjolan ydinvoimaloiden tehostandardit on ylitetty kymmenill&#65533; prosenteilla. Kun paineet ilmiannostani (-07) k&#65533;viv&#65533;t siet&#65533;m&#65533;tt&#65533;myyksiin ja jopa USA puuttui vihaisena t&#65533;h&#65533;n ultravaaralliseen ep&#65533;vakaan plutonimppolttosaastuttamiseen on ydinalan ollut kylm&#65533;sti PAKKO palata alustavasti n&#65533;yr&#65533;sti takaisin alkuper&#65533;iseen 100 % tehon normaaliajoonsa reaktoreissaan, ilman revityslisi&#65533;&#65533;n! Nimitt&#65533;in ala ounastelee jo ja syyst&#65533;, ett&#65533; USA kielt&#65533;&#65533; KAIKKI ylitehoajot sein&#65533;&#65533;n! Ruotsin voimalaongelmat kun eiv&#65533;t olleet yht&#65533;&#65533;n mainosta ylitehorevityksiin plutoniumajoissa. Kiteytettyn&#65533; on kyse siit&#65533;, ett&#65533; ydinyhti&#65533;ill&#65533; on karusti veneet kaikki karilla ja n&#65533;yryys mieless&#65533;&#65533;n pakko pokkuroida, ettei USA kiell&#65533; KOKO ydintoimintalupia! Golden Killfile

Given to the most killfile-worthy net.kooks on Usenet. This award
recognizes exceptional killfilable merit; if you are unworthy enough to be
ignored by everyone on the face of the earth, you are eligible for this
award.

I give you -- the MARK MORGAN FAN CLUB! Monumentally lame bi-/homophobes,
they have been all over Mark, among others, for five years or more,
specifically because he refused to give in to their blackmail about his
bisexuality (he outed himself), and are worthy of being ignored by, in
fact, the entire planet, as well as the rest of the galaxy. Nomination
moved.

IOW, go beg someone to help you assassinate Mark's character, because you

"You never asked someone who goes into areas of the internet that are only for adults who has an underage id somehow or another if they are a cop posing as an underage person online?
I guess lots of people just don't watch dateline or read stories much. Why don;t you go to pervertedjustice,com and see what they do. They are awash in their self-proclaimed glory after they lied to membners of the public.
They are awash in their self-proclaimed glory after they posed as an underage person and agreed to do all sorts of sex acts wioth adult males, and they are adults posing as teenager themselves. They make themsleves into liars by falsely impersonating underage persons and by not fuilfilling the words they tell the victims online in their chats. Why don't you read it where they tell these victims of their deceit about how they have been with grown men and such? Why don't you read it where they say, "That would be cool." after someone makes an advance towards an adult who is posing as a teenager? And, where they agree to meet the person, etc.
Lost control, didn't you?
Is that why you feel as if you need to lie so much now? I see where lots of these false impersonation games are not sticking. They feel as if they can lie and then order the victims to get counseling in the gayblade, governmental, pro-choice tax leech counseling centers. They are doing nothing more than usury and fraud in many cases." -- Wentzky almost comes out of the closet as a pedo/ephebophile in MID: <H%%Eg.28916$Uq1.22411@bignews6.bellsouth.net>

"Rabbi," the man said, "Explain the Talmud to me."

"Very well," he said. "First, I will ask you a question. If two men climb up a chimney and one comes out dirty, and one comes out clean, which one washes himself?"

"The dirty one," answers the man.

"No. They look at each other and the dirty man thinks he is clean and the clean man thinks he is dirty, therefore, the clean man washes himself."

"Now, another question: If two men climb up a chimney and one comes out dirty, and one comes out clean, which one washes himself?"

The man smiles and says, "You just told me, Rabbi. The man who is clean washes himself because he thinks he is dirty."

"No," says the Rabbi. "If they each look at themselves, the clean man knows he doesn't have to wash himself, so the dirty man washes himself."

"Now, one more question. If two men climb up a chimney and one comes out dirty, and one comes out clean, which one washes himself?"

"I don't know, Rabbi. Depending on your point of view, it could be either one."

Again the Rabbi says, "No. If two men climb up a chimney, how could one man remain clean? They both are dirty, and they both wash themselves."

The confused man said, "Rabbi, you asked me the same question three times and you gave me three different answers. Is this some kind of a joke?"

"This is not a joke, my son. This is Talmud."

"athetic"? I'm sorry Sowsan, but I don't speak gibberish. Could you
perhaps explain this in English?

"he will be shot down faster than a clay pigeon."
Fire away, O spiteful, dyslexic, thick, Irish 'creature'. (I really dislike the "c-word"). I have no intention of going anywhere soon. This could be fun.

"try to hit on me like this"
Sowsie, I wouldn't even hit you, much less hit on you; I'd be afraid of what I might catch.

I don't think he was inquiring about my sexual prefs, you thick Irish "c-word".

In order to verify that statement, you'd need to post some, Sowsie. Jake Garbage and the odious shoveari thing post slanted, distorted facts. You otoh, just snipe at posters who happen to have pov's that you don't share.

The old farmer had a large pond in the back, fixed up nicely with picnic tables, a barbecue pit, horseshoe courts, and some apple and peach trees. The pond was properly shaped and fixed up for swimming when it was built.

One evening, the old guy decided to go down to the pond and look it over. He hadn't been there for a while. He grabbed a five gallon bucket to bring back some fruit.

As he neared the pond, he heard voices shouting and laughing with glee. As he came closer, he saw it was a bunch of young women skinny dipping in his pond. As he approached, he made the women aware of his presence.

At once, they all went to the deep end.

One of the women shouted to him, "We're not coming out until you leave."

The old man frowned, "I did not come down here to watch you young ladies swim naked, or to make you get out of the pond naked."

Holding up the bucket, he said, "I'm here to feed the alligator."

"Consider that language a moment. 'Purposefully and materially supported hostilities against the United States' is in the eye of the beholder, and this administration has proven itself to be astonishingly impatient with criticism of any kind. The broad powers given to Bush by this legislation allow him to capture, indefinitely detain, and refuse a hearing to any American citizen who speaks out against Iraq or any other part of the so-called 'War on Terror.'

"If you write a letter to the editor attacking Bush, you could be deemed as purposefully and materially supporting hostilities against the United States. If you organize or join a public demonstration against Iraq, or against the administration, the same designation could befall you. One dark-comedy aspect of the legislation is that senators or House members who publicly disagree with Bush, criticize him, or organize investigations into his dealings could be placed under the same designation. In effect, Congress just gave Bush the power to lock them up." -- William Rivers Pitt

"It has become clear in recent months that a critical mass of the American people have seen through the lies of the Bush administration; with the president's polls at an historic low, growing resistance to the war Iraq, and the Democrats likely to take back the Congress in mid-term elections,

the Bush administration is on the ropes. And so it is particularly worrying that President Bush has seen fit, at this juncture to, in effect, declare himself dictator." -- Frank Morales

That's the problem and the major stumbling block to field unification. For Dr. Einstein held out that a physical based field theory should be sought out and not left to quantum uncertainty of how the universe primly base works. Man made coordinate systems are fine without knowing from where or what is the base essence of what the space as deduced field is composed of, but not totally satisfactory. Anomalies keep space cropping up and scientists have to keep adjusting for these unexpected events. >> City Questions Circumcision Ritual After Baby Dies
>> By ANDY NEWMAN
>> Published: August 26, 2005
>> A circumcision ritual practiced by some Orthodox Jews has alarmed city
>> health officials, who say it may have led to three cases of herpes - one
>> of
>> them fatal - in infants. But after months of meetings with Orthodox
>> leaders,
>> city officials have been unable to persuade them to abandon the practice.
>>
>> The city's intervention has angered many Orthodox leaders, and the issue
>> has
>> left the city struggling to balance its mandate to protect public health
>> with the constitutional guarantee of religious freedom.
>>
>> "This is a very delicate area, so to speak," said Health Commissioner
>> Thomas
>> R. Frieden.
>>
>> The practice is known as oral suction, or in Hebrew, metzitzah b'peh:
>> after
>> removing the foreskin of the penis, the practitioner, or mohel, sucks the
>> blood from the wound to clean it.
>>
>> It became a health issue after a boy in Staten Island and twins in
>> Brooklyn,
>> circumcised by the same mohel in 2003 and 2004, contracted Type-1 herpes.
>> Most adults carry the disease, which causes the common cold sore, but it
>> can
>> be life-threatening for infants. One of the twins died.
>>
>> Since February, the mohel, Rabbi Yitzchok Fischer, 57, has been under
>> court
>> order not to perform the ritual in New York City while the health
>> department

>> is investigating whether he spread the infection to the infants.
>>
>> Pressure from Orthodox leaders on the issue led Mayor Michael R.
>> Bloomberg
>> and health officials to meet with them on Aug. 11. The mayor's comments
>> on
>> his radio program the next day seemed meant to soothe all parties and not
>> upset a group that can be a formidable voting bloc: "We're going to do a
>> study, and make sure that everybody is safe and at the same time, it is
>> not
>> the government's business to tell people how to practice their religion."
>>
>> The health department, after the meeting, reiterated that it did not
>> intend
>> to ban or regulate oral suction. But Dr. Frieden has said that the city
>> is
>> taking this approach partly because any broad rule would be virtually
>> unenforceable. Circumcision generally takes place in private homes.
>>
>> Dr. Frieden said the department regarded herpes transmission via oral
>> suction as "somewhat inevitable to occur as long as this practice
>> continues,
>> if at a very low rate."
>>
>> The use of suction to stop bleeding dates back centuries and is mentioned
>> in
>> the Talmud. The safety of direct oral contact has been questioned since
>> the
>> 19th century, and many Orthodox and nearly all non-Orthodox Jews have
>> abandoned it. Dr. Frieden said he hoped the rabbis would voluntarily
>> switch
>> to suctioning the blood through a tube, an alternative endorsed by the
>> Rabbinical Council of America, the largest group of Orthodox rabbis.
>>
>> But the most traditionalist groups, including many Hasidic sects in New
>> York, consider oral suction integral to God's covenant with the Jews
>> requiring circumcision, and they have no intention of stopping.
>>
>> "The Orthodox Jewish community will continue the practice that has been
>> practiced for over 5,000 years," said Rabbi David Niederman of the United
>> Jewish Organization in Williamsburg, Brooklyn, after the meeting with the
>> mayor. "We do not change. And we will not change."
>>
>> David Zwiebel, executive vice president of Agudath Israel, an umbrella
>> organization of Orthodox Jews, said that metzitzah b'peh is probably
>> performed more than 2,000 times a year in New York City.
>>
>> The potential risks of oral suction, however, are not confined to
>> Orthodox
>> communities. Dr. Frieden said in March that the health department had

>> fielded several calls from panicked non-Orthodox parents who had hired
>> Hasidic mohels unaware of what their services entailed.
>>
>> Defenders of oral suction say there is no proof that it spreads herpes at
>> all. They say that mohels use antiseptic mouthwash before performing oral
>> suction, and that the known incidence of herpes among infants who have
>> undergone it is minuscule. (The city's health department recorded cases
>> in
>> 1988 and 1998, though doctors in New York, as in most states, are not
>> required to report neonatal herpes.)
>>
>> Dr. Kenneth I. Glassberg, past president of the New York section of the
>> American Urological Association and director of pediatric urology at
>> Morgan
>> Stanley Children's Hospital of New York-Presbyterian, said that while he
>> found oral suction "personally displeasing," he did not recommend that
>> rabbis stop using it.
>>
>> "If I knew something caused a problem from a medical point of view," said
>> Dr. Glassberg, whose private practice includes many Hasidic families, "I
>> would recommend against it."
>>
>> But Rabbi Moshe Tendler, a microbiologist and professor of Talmud and
>> medical ethics at Yeshiva University, said that metzitzah b'peh violates
>> Jewish law.
>>
>> "The rule that's above all rules in the Torah is that you cannot expose
>> or
>> accept a risk to health unless there is true justification for it," said
>> Dr.
>> Tendler, co-author of a 2004 article in the journal Pediatrics that said
>> direct contact posed a serious risk of infection.
>>
>> "Now there have been several cases of herpes in the metro area," he said.
>> "Whether it can be directly associated with this mohel nobody knows. All
>> we're talking about now is presumptive evidence, and on that alone it
>> would
>> be improper according to Jewish law to do oral suction."
>>
>> The inconsistent treatment of Rabbi Fischer himself indicates the
>> confusion
>> metzitzah b'peh has sown among health authorities, who typically regulate
>> circumcisions by doctors but not religious practitioners.
>>
>> In Rockland County, where Rabbi Fischer lives in the Hasidic community of
>> Monsey, he has been barred from performing oral suction. But the state
>> health department retracted a request it had made to Rabbi Fischer to
>> stop
>> the practice. And in New Jersey, where Rabbi Fischer has done some of his
>> 12,000 circumcisions, the health authorities have been silent.

>>
>> Rabbi Fischer's lawyer, Mark J. Kurzmann, said that absent conclusive
>> proof
>> that the rabbi had spread herpes, he should be allowed to continue the
>> practice. Rabbi Fischer said through Mr. Kurzmann that the twin who died
>> and
>> the Staten Island boy both had herpes-like rashes before they were
>> circumcised and were seen by a pediatrician who approved their
>> circumcision.
>> The health department declined to comment on its investigation.

"Immorality: The morality of those who are having a better time." -- H. L. Mencken

"Consider that language a moment. 'Purposefully and materially supported hostilities against the United States' is in the eye of the beholder, and this administration has proven itself to be astonishingly impatient with criticism of any kind. The broad powers given to Bush by this legislation allow him to capture, indefinitely detain, and refuse a hearing to any American citizen who speaks out against Iraq or any other part of the so-called 'War on Terror.'

"If you write a letter to the editor attacking Bush, you could be deemed as purposefully and materially supporting hostilities against the United States. If you organize or join a public demonstration against Iraq, or against the administration, the same designation could befall you. One dark-comedy aspect of the legislation is that senators or House members who publicly disagree with Bush, criticize him, or organize investigations into his dealings could be placed under the same designation. In effect, Congress just gave Bush the power to lock them up." -- William Rivers Pitt

"It has become clear in recent months that a critical mass of the American people have seen through the lies of the Bush administration; with the president's polls at an historic low, growing resistance to the war Iraq, and the Democrats likely to take back the Congress in mid-term elections, the Bush administration is on the ropes. And so it is particularly worrying that President Bush has seen fit, at this juncture to, in effect, declare himself dictator." -- Frank Morales

"It does to a certain extant physically and theoretically
it holds even into the quantum but there observational confirmation is limited or non existent. That's the problem and the major stumbling block to field unification. For Dr. Einstein held out that a physical based field theory should be sought out and not left to quantum uncertainty of how the universe primly base works. Man made coordinate systems are fine without knowing from where or what is the base essence of what the space as deduced field is composed of, but not totally satisfactory. Anomalies keep space cropping up and scientists have to keep adjusting for these unexpected events. It's like a blind man that has memorized his physical surroundings to a point he feels very comfortable until that one new or unexpected event pops up and he's lost and fumbling." -- nightbat, in one of his more lucid moments.

Test Preparation Software

Pass your US FCC ham radio license test with ease. Our test preparation software
serves as a training aid to help amateurs and prospective amateurs pass the VEC's administered test. When you can consistently pass the test given by our test preparation software, you will almost certainly pass an actual test.

Our ham radio license test preparation software uses the latest officially released VEC's approved question pools. The program breaks the test into different sub-element. Integrated into the software are illustrations and Part 97 rules pertaining to the current question. The program tracks the progress of the tests taken. Once you have mastered each sub-element you are ready for the official test.

Visit our web site at http://www.hamradiolicense.net for more information.

I Love Mustard.

As ham sandwiches go, it was perfection:

A thick slab of ham on a fresh bun with crisp lettuce and plenty of expensive, light
brown, Gourmet Mustard.

The corners of my jaw aching in anticipation, I carried it to the table in our backyard, picked it up with both hands, but was stopped by my wife suddenly at my side.

'Here, hold Johnny (our six-week-old son) while I get my sandwich,' she said.

I had him balanced between my left elbow and shoulder and was reaching again for the ham sandwich when I noticed a streak of mustard on my fingers.

I love mustard.

I had no napkin.

I licked it off.

It was not mustard.

No man ever put a baby down faster. It was the first and only time I have sprinted with my tongue protruding out. With a washcloth in each hand, I did the sort of routine shoeshine boys do; only I did it on my tongue.

Later, after she stopped crying from laughing so hard, my wife said, 'Now you know why they call that fancy mustard 'Poupon.''

When you stop laughing, pass it on.

1542. Thank you note

My fellow Americans:

As your future President I want to thank my supporters, for your mindless support of me, despite my complete lack of any legislative achievement, my pastor's relations with Louis Farrakhan and Libyan dictator Moamar Quadafi, or my blatantly leftist voting record while I present myself as some sort of bi-partisan agent of change.

I also like how my supporters claim my youthful drug use and criminal behavior somehow qualifies me for the Presidency after 8 years of claiming Bush's youthful drinking disqualifies him. Your hypocrisy is a beacon of hope shining over a sea of political posing.

I would also like to thank the Kennedy's for coming out in support of me. There's a lot of glamour behind the Kennedy name, eve n though JFK started the Vietnam War, his brother Robert illegally wiretapped Martin Luther King, Jr. and Teddy killed a female employee with whom he was having an extra marital affair and who was pregnant with his child. And I'm not going anywhere near the cousins, both literally and figuratively. And I'd like to thank Oprah Winfrey for her support. Her love of meaningless empty platitudes will be the force that propels me to the White House.

Americans should vote for me, not because of my lack of experience or achievement , but because I make people feel good. Voting for me causes some white folk to feel relieved of their imagined, racist guilt. I say things that sound meaningful, but don't really mean anything because Americans are tired of things having meaning. If things have meaning, then that means you have to think about them.
Americans are tired of thinking. It's time to shut down the brain, and open up the heart. So when you go to vote, remember don't think, just do. And do it for me.

Thank You.
Barack Hussein Obama, Jr.

Nebraska Beef Ltd. recall now 5.3 million pounds

OMAHA, Neb. - Nebraska Beef Ltd. is expanding a recall announced earlier this week to include all 5.3 million pounds of meat it produced for ground beef between May 16 and June 26.
Federal investigators have linked Nebraska Beef's products to an outbreak of E. coli illnesses affecting 41 people in Michigan and Ohio.

The USDA's Food Safety and Inspection Service said in a statement Thursday that it concluded Nebraska Beef's production practices were insufficient to effectively control E. coli bacteria.

"The products subject to recall may have been produced under insanitary conditions," the government said.

All the beef being recalled was sold to wholesalers and distributors for further processing so consumer labels likely will not include the "EST 19336" code that identifies Nebraska Beef.

The federal Centers for Disease Control and Prevention estimates that E. coli sickens about 73,000 people and kills 61 each year in the United States. Most of those who die have weak immune systems, such as the elderly or very young.

Nebraska Beef spokesman Bill Lamson did not respond to a message left Thursday afternoon.

USDA spokesman Roger Sockman said investigators traced the meat back to Nebraska Beef after finding two samples of beef that tested positive for E. coli at processing plants that bought meat from Nebraska Beef.

Sockman said investigators then visited Nebraska Beef's plant and found "unacceptable high levels of E. coli." Sockman said he did not know any other details.

Some Nebraska Beef products were sold by grocer Kroger Co. Kroger has recalled ground beef products in more than 20 states because the meat may have been contaminated.

At least two lawsuits tied to this E. coli outbreak already have been filed against Nebraska Beef and Kroger.

Attorney Fred Pritzker filed one of the lawsuits on behalf of a 20-year-old Ohio man who became ill with E. coli after eating ground beef from a Kroger store.

On Monday, Nebraska Beef announced plans to recall 531,707 pounds of beef trim produced on five different dates between May 16 and June 24.

Now the recall includes all beef trimmings and other products intended for use in ground beef the company produced between May 16 and June 26.

But Sockman said the recall does not include any of the other products produced at the plant.

The company said Monday that beef involved in the original recall went to businesses in Nebraska, Colorado, Illinois, Michigan, New York, Pennsylvania and Texas.

Thursday's release did not specify whether the 5.3 million pounds now being recalled went to any additional states.

The company's Omaha plant typically slaughters about 1,000 head of cattle per day.

Cooking ground beef to an internal temperature of at least 160 degrees should kill E. coli bacteria, if they are present. The USDA recommends that consumers use a meat thermometer while cooking to verify they have cooked meat thoroughly.

Twenty-two people have been hospitalized since the first case of E. coli linked to the beef was identified May 30, according to the federal Centers for Disease Control and Prevention. One person has developed a type of kidney failure called hemolytic-uremic syndrome.

The E. coli 0157:H7 variant can cause severe illness and even death in humans. Symptoms of E. coli infection include stomach cramps and diarrhea that may turn bloody within one to three days.

Hey, Punceorama, you don't need to keep up the campaigning. In fact,
you're not really supposed to _be_ campaigning, during voting, k00k.

TEH WAY OF THE K00K

Never learn from your mistakes.
Always practice your mistakes; you may get them right.
Always pick on those smarter and tougher than you.
Always believe that only you know the TRVTH.
Never allow logic or reason get in the way of a good k00k.
When being overwhelmed by logic and reason: k00ksuit!
If you are going to be wrong, do it at the top of your lungs.
When caught in a lie: LIE!
When in doubt: Order the Crab Won Ton
Plagiarism is your friend. Use it.
Whenever contradicted; morph, start calling people names, and make false accusations. Include the children of your target in your allegations, even if they don't have any.
(06-Jun-05) When nobody else will listen, post to your own fan group.
(06-Jun-05) Obviously, since you have your own fan group, this must mean that you have fans. Post prolifically to your fan group - you wouldn't want to disappoint them!
(10-May-2005)Everyone reads usenet. Approval here means approval everywhere.
Post numerous blank posts, or posts containing only a message id.
Post numerous copy&paste web articles from crackerpot websites.
Never forget to call kookologists "k00ks."
If there are several, call them "sockpuppets" too
When all else fails, accuse various and sundry kookologists of e-mailing viruses to you. This is a sure-fire method of garnering sympathy and ensuring that the General Public will always see things your way. An especially effective sub-strategy here is to accuse them of infecting you with the 'Sasser' worm via e-mail.
Quote notorious scientists or writers - it makes it look as if they approve the drivel you are writing!
(9-Jul-05) Anytime your computer is infected with a virus, bogged down by spyware, attacked over your internet connection, or otherwise suffers from preventable problems, government agencies are responsible and are trying to silence you and are monitoring your computer files.
Ignore all traffic signs and feel free to trespass, you don't have to obey any rules.
Scare your enemies with lawsuits, police escorts and whines.
Always back up your empty (albeit noisy) threats with phony LARTs, false police reports, and harassing letters to the FBI and other gubbermint agencies.
Be vigilant in your redundancy. The more you repeat yourself, the more likely others will believe you!
If you can't find anyone as crazy as yourself to support you in the flamewars you start with the normal population, create sock puppets and use anonymous remailers that shamelessly hang on every word you write.
(17-Mar-05) When dealing with law enforcement, remember that it is they who have the problem, not you. Be sure to inform them of this at every available opportunity, as they will surely appreciate your constructive criticism. Be sure to make them aware that YOU KNOW YOUR RIGHTS! to read them to you on the way to the station." - George Carlin)
